Noll, Timothy Larsen, Michael Ledger-Lomas, 2017 The five volume Oxford History of Dissenting Protestant Traditions series is governed by a motif of migration out of England It first traces organized church traditions that arose in England as Dissenters distanced themselves from a state church defined by diocesan episcopacy the Book of Common Prayer the Thirty Nine Articles and royal supremacy but then follows those traditions as they spread beyond England and also traces newer traditions that emerged downstream in other parts of the world from earlier forms of Dissent Secondly it does the same for the doctrines church practices stances toward state and society attitudes toward Scripture and characteristic patterns of organization that also originated in earlier English Dissent but that have often defined a trajectory of influence independent ecclesiastical organizations The Oxford History of Protestant Dissenting Traditions Volume III considers the Dissenting traditions of the United Kingdom the British Empire and the United States in the nineteenth century It provides an overview of the historiography on Dissent while making the case for seeing Dissenters in different Anglophone connections as interconnected and conscious of their genealogical connections The nineteenth century saw the creation of a vast Anglo world which also brought Anglophone Dissent to its apogee Featuring contributions from a team of leading scholars the volume illustrates that in most parts of the world the later nineteenth century was marked by a growing enthusiasm for the moral and educational activism of the state which plays against the idea of Dissent as a static purely negative identity This collection shows that Dissent was a political and constitutional identity which was often only strong where a dominant Church of England existed to dissent against

Mozley,2004-04-20 This well known work on the atonement is primarily a historical and descriptive work Mozley overviews the biblical material and follows with chapters on the atonement in Greek and Latin theology and in Reformation and post Reformation doctrine Long used as a standard text Mozley s overview is succinct and informative Public Library Journal Cardiff Free Libraries,1900 The Public Library Journal Cardiff (Wales). Free Libraries,1900 Protestant Nonconformist Texts: The nineteenth century Robert Tudur Jones,David William Bebbington,Kenneth Dix,Alan Ruston,2006 This is a series of four substantial volumes designed to demonstrate the range of interests of the several Protestant Nonconformist traditions from the time of their Separatist harbingers in the 16th century to the end of the 20th century It represents a major project of the Association of Denominational Historical Societies and Cognate Libraries of such topics as theology philosophy worship socio political concerns and so on Prepared by a team of 12 editors all of whom are expert in their areas and drawn from a number of the relevant traditions it should provide a much needed comprehensive view of Nonconformity told largely in the words of those whose story it is Nonconformity Through contemporary writings it provides a lively insight into the life and thought of the Methodists Congregationalists Baptists Quakers Unitarians and other groups that formed pieces in the diverse mosaic of the 19th century chapels Each aspect of Nonconformity has an introductory discussion which includes a guide to the secondary literature on the subject and each passage from a primary source is put in context *Nonconformist Theology in the Twentieth Century* Alan P.F. Sell,2012-09-17 This book is the first comprehensive study of the systematic doctrinal and constructive theology produced within the major Nonconformist traditions during the twentieth century By the end of the nineteenth century modern biblical critical methods were fairly widely adopted evolutionary thought was in the air and doctrinal modifications especially concerning the fatherhood of God were underway Sell charts the influence on Nonconformist thinking in the twentieth century of the New Theology associated with R J Campbell the First World War the reception of Karl Barth the theological excitement of the 1960s and growing religious pluralism The second lecture concerns

the major Christian doctrines of God Christ the Holy Spirit and the Trinity Whereas in the early decades of the century there was considerable emphasis upon the atonement during the concluding two decades the Trinity received more attention than had formerly been the case In Lecture Three attention is directed to ecclesiological and ecumenical themes The Nonconformists are presented as Protestant and as displaying some zeal in propagating their particular understanding of the Church The doctrinal aspects of their national and international moves toward inner family unity and of their broader ecumenical relationships are considered Eschatology is treated in the concluding lecture prior to Sell s assessment of the significance of twentieth century Nonconformist theology and his observations regarding its current state its future content and its practitioners The New Schaff-Herzog Encyclopedia of Religious Knowledge Johann Jakob Herzog,Albert Hauck,Samuel Macauley Jackson,Charles Colebrook Sherman,George William Gilmore,1910 **Hinterland Theology** Alan P.F. Sell,2008-12-01 Alan Sell maintains that systematic and constructive theology are best understood as the product of a conversation with the biblical writers the heritage of Christian thought and the current intellectual environment The conversation will benefit if the voices of hinterland writers are heard as well as those of the theological and philosophical giants In this book ten hinterland theologians associated with English Dissent are introduced and their writings are discussed Thomas Ridgley Abraham Taylor and Samuel Chandler wrote in the wake of the Toleration Act of 1689 George Payne and Richard Alliot responded to the Enlightenment and the Evangelical Revival D W Simon T Vincent Tymms and Walter F Adeney took account of modern biblical criticism and Robert S Franks and Charles S Duthie respectively lived through and followed the heyday of liberal theology The study reveals both adjustments and time lags in theology and shows how hinterland theologians can stimulate the ongoing conversation concerning theological method philosophico theological relations the Trinity the atonement and ecumenism **The Church Quarterly Review** Arthur Cayley Headlam,1899
