*Reconsidering the Doctrine of God* Charles E. Gutenson, 2005 With the appearance in the late 1990s of Wolfhart Pannenberg's three volume Systematic Theology the fully developed system of one of the most significant theologians of the 20th century became readily accessible As a consequence the time is ripe for an examination of various aspects of the proposals that Pannenberg has developed over the last thirty plus years On coming to Pannenberg's work one might easily feel overwhelmed He has after all made substantive proposals on such varying topics as on the one hand the historical basis of the resurrection and on the other the proper relationship between science and theology However there is a common theme which underlies virtually all of Pannenberg's theological work the Christian doctrine of God In this project Gutenson examines Pannenberg's theology with an eye particularly to his doctrine of God as laid out in his various theological writings An initial review of this subject matter suggests that such an assessment can be carried out around five major themes The first theme deals with Pannenberg's proposal that the concept of the Infinite become the primary category in articulation of the doctrine of God The second theme suggested above is the result of Pannenberg's interaction with the physical sciences and is expressed by his proposal that God should be conceptualized as a field of power The third theme concerns Pannenberg's articulation of the Christian doctrine of the Trinity The fourth is expressed by Pannenberg's claim that God is the power of the future and the closely related notion prevalent in Pannenberg's writings of an ontological priority of the future Finally and in light of the previous proposals Pannenberg makes a number of substantive proposals concerning the manner in which the divine attributes should be articulated and this will serve as a fifth coordinating theme The examination of these themes then will provide us access to Pannenberg's theology through its central focus the doctrine of God

**Reconsidering Creation Ex Nihilo in Genesis 1** Nathan J. Chambers, 2020-11-15 There is a broad consensus among biblical scholars that creation ex nihilo from nothing is a late Hellenistic concept with little inherent connection to Genesis 1 and other biblical creation texts In this book Nathan J Chambers forces us to reconsider the question arguing in favor of reading this chapter of the Bible in terms of ex nihilo creation and demonstrating that there is a sound basis for the early Christian development of the doctrine Drawing on the theology of Augustine of Hippo and Thomas Aquinas Chambers considers what the ex nihilo doctrine means and does in classical Christian dogma He examines ancient Near Eastern cosmological texts that provide a potential context for reading Genesis 1 Recognizing the distance between the possible historical and theological frameworks for interpreting the text he illuminates how this doctrine developed within early Christian thought as a consequence of the church's commitment to reading Genesis 1 as part of Christian Scripture Through original close readings of the chapter that engage critically with the work of Jon Levenson Hermann Gunkel and Brevard

Childs Chambers demonstrates that far from precluding interpretive possibilities reading Genesis 1 in terms of creation from nothing opens up a variety of interpretive avenues that have largely been overlooked in contemporary biblical scholarship. Timely and innovative this book makes the case for a new or recovered framework for reading Genesis 1 that will appeal to biblical studies scholars and seminarians.

**The Yoga of Love**, 2025-05-19 The idea that something can be present at every place has engendered much discussion both in the past and at present. Typically omnipresence is thought to be a divine attribute but the question as to how something can be omnipresent has not been historically confined to the status of a divine being. The Oxford Handbook of Omnipresence offers an insight into historical accounts of omnipresence and its developments in ancient medieval modern and contemporary thought. It further widens the study of omnipresence by including less widely studied strands of thought on this topic from mystical process theological feminist theological and phenomenological perspectives. Additionally whilst the study of omnipresence has typically focused on Christian thinkers the volume broadens the range of voices on this attribute further by including Jewish Islamic Buddhist Sanskrit and Donghak accounts. The Handbook provides an introduction to the main facets of omnipresence both historical and contemporary and opens up new avenues for research that are yet to be fully explored.

Faithful to Save Kent Eilers, 2011-07-14 Faithful to Save is an exposition and analysis of Pannenberg's doctrine of reconciliation as it appears in his three volume Systematic Theology. It suggests that this doctrine is best approached by bearing in mind its three most salient characteristics all of which are interdependent and when kept in view make the essential tenets of Pannenberg's account transparent. God acts freely and immediately in and for creation. History is a function of the faithfulness of God to his creation. Reconciliation is an expression of this faithfulness towards sinful creation. God's holding fast to creation despite its self-destructive self-assertion. On the basis of a detailed examination of the central texts it argues that Pannenberg's doctrine of reconciliation at once marks out God's action in the world as the true Infinite and issues an invitation to consider how such a God extends himself in reconciling love to his creatures so that their finite creatureliness is at every turn affirmed and found to be in the end good.

**Reconsidering Flannery O'Connor** Alison Arant, Jordan Cofer, 2020-11-24 Contributions by Lindsay Alexander Alison Arant Alicia Matheny Beeson Eric Bennett Gina Caison Jordan Cofer Doug Davis Doreen Fowler Marshall Bruce Gentry Bruce Henderson Monica C Miller William Murray Carol Shloss Alison Staudinger and Rachel Watson. The National Endowment for the Humanities has funded two Summer Institutes titled Reconsidering Flannery O'Connor which invited scholars to rethink approaches to Flannery O'Connor's work. Drawing largely on research that started as part of the 2014 NEH Institute this collection shares its title and its mission. Featuring fourteen new essays Reconsidering Flannery O'Connor disrupts a few commonplace assumptions of O'Connor studies while also circling back to some old questions that are due for new attention. The volume opens with New Methodologies which features theoretical approaches not typically associated with O'Connor's fiction in order to gain new insights into her work. The second section New Contexts stretches expectations on literary genre.

on popular archetypes in her stories and on how we should interpret her work The third section lovingly called Strange Bedfellows puts O Connor in dialogue with overlooked or neglected conversation partners while the final section O Connor's Legacy reconsiders her personal views on creative writing and her wishes regarding the handling of her estate upon death With these final essays the collection comes full circle attesting to the hazards that come from overly relying on O Connor's interpretation of her own work but also from ignoring her views and desires Through these reconsiderations some of which draw on previously unpublished archival material the collection attests to and promotes the vitality of scholarship on Flannery O Connor

Letters of the Divine Word Robert B. Price, 2011-05-26 The Christian doctrine of God has traditionally been presented in two parts an account of the existence and attributes of God on the one hand and an account of God's triunity on the other The present study is an analysis of Karl Barth's doctrine of the divine attributes or perfections as it appears in his Church Dogmatics II 1 Barth's doctrine of the divine perfections has received comparatively little attention and what attention it has received is typically very selective Authors unaware of larger structural themes in Barth's account often misconstrue significant details of Barth's text Others wrongly discount the implications of Barth's doctrine of the perfections for his theology as a whole The aim of this study is primarily to clarify what Barth says about the perfections and secondarily to relate this to broader themes in Barth's theology T T Clark Studies in Systematic Theology is a series of monographs in the field of Christian doctrine with a particular focus on constructive engagement with major topics through historical analysis or contemporary restatement

**Wrath Among the Perfections of God's Life** Jeremy J. Wynne, 2010-08-26 Late modern theology is marked by persistent and widespread uncertainty as to how the wrath of God can be taken up as a legitimate theme within dogmatics Rather than engage the most fundamental task of clarifying the inner logic by which God's identity is revealed in scripture privilege has been ceded either to cultural and textual criticism to ostensibly self-evident moral sensibilities or to the thematization of religious experience The present work sets out to rectify this misstep The result is a rigorous proposal for understanding wrath expressly within the doctrine of God as a redemptive mode of divine righteousness

Reconsidering Arminius Keith D. Stanglin, Mark G. Bilby, Mark H. Mann, 2014-12-16 The theology of Dutch theologian Jacob Arminius has been misinterpreted and caricatured in both Reformed and Wesleyan circles By revisiting Arminius's theology the book hopes to be a constructive voice in the discourse between so-called Calvinists and Arminians Traditionally Arminius has been treated as a divisive figure in evangelical theology Indeed one might be able to describe classic evangelical theology up into the twentieth century in relation to his work one was either an Arminian and accepted his theology or one was a Calvinist and rejected his theology Although various other movements within evangelicalism have provided additional contour to the movement fundamentalism Pentecostalism etc the Calvinist-Arminian divide remains a significant one What this book seeks to correct is the misinterpretation of Arminius as one whose theology provides a stark contrast to the Reformed tradition as a whole Indeed this book will demonstrate instead that Arminius is far

more in line with Reformed orthodoxy than popularly believed and show that what emerges as Arminianism in the theology of the Remonstrants and Wesleyan movements was in fact not the theology of Arminius but a development of and sometimes departure from it This book also brings Arminius into conversation with modern theology To this end it includes essays on the relationship between Arminius's theology and open theism and Neo Reformed theology In this way this book fulfills the promise of the title by showing ways in which Arminius's theology once properly understood can serve as a resource of evangelical Wesleyans and Calvinists doing theology together today Editors Keith D Stanglin Mark G Bilby and Mark H Mann Contributors Jeremy Dupertuis Bangs Mark G Bilby Oliver D Crisp W Stephen Gunter John Mark Hicks Mark H Mann Thomas H McCall Richard A Muller Keith D Stanglin E Jerome Van Kuiken      **CHRISTIAN THEOLOGY** Edward D.

**Most Moved Mover** Clark H. Pinnock,2019-10-01 In 1994 Clark Pinnock along with four other scholars published The Openness of God which set out a new evangelical vision of God one centered on his open relational and responsive love for creation Since then the nature of God has been widely discussed throughout the evangelical community Now Pinnock returns with Most Moved Mover to once again counter the classical deterministic view of God and defend the relationality and openness of God This engaging defense of openness theology begins with an analysis of the current debate followed by an explanation of the misconceptions about openness theology and a delineation of areas of agreement between classical and openness theologians Most Moved Mover is for all evangelicals regardless of their viewpoint as it lays out the groundwork for future discussions of the open view of God
