The Lone Protestor Fiona Paisley, 2012 The late 1920s marked an extraordinary protest by an Australian Aboriginal man on the streets of London Standing outside Australia House cloaked in tiny skeletons Anthony Martin Fernando condemned the failure of British rule in his country Drawn from an extensive search in archives from Australia and Europe this is the first full length study of Fernando s life and the self professed mission that lasted half his adult life A moving account it chronicles the various forms of action taken by Fernando from pamphlets on the streets of Rome to speeches in the famous Speakers Corner in Hyde Park and brings to light previously unknown details about his extraordinary life in Australia and overseas

The Empire of Necessity Greg Grandin, 2014-01-14 From the acclaimed author of *Fordlandia* the story of a remarkable slave rebellion that illuminates America s struggle with slavery and freedom during the Age of Revolution and beyond One morning in 1805 off a remote island in the South Pacific Captain Amasa Delano a New England seal hunter climbed aboard a distressed Spanish ship carrying scores of West Africans he thought were slaves They weren t Having earlier seized control of the vessel and slaughtered most of the crew they were staging an elaborate ruse acting as if they were humble servants When Delano an idealistic anti slavery republican finally realized the deception he responded with explosive violence Drawing on research on four continents *The Empire of Necessity* explores the multiple forces that culminated in this extraordinary event an event that already inspired Herman Melville s masterpiece *Benito Cereno* Now historian Greg Grandin with the gripping storytelling that was praised in *Fordlandia* uses the dramatic happenings of that day to map a new transnational history of slavery in the Americas capturing the clash of peoples economies and faiths that was the New World in the early 1800s

Nobility and the Making of Race in Eighteenth-Century Britain Tim Mc Inerney, 2023-09-07 *Nobility and the Making of Race in Eighteenth Century Britain* focuses on 18th century Britain and Ireland at a time when race theory as we know it today was steadily emerging in the realm of natural philosophy to examine the structural relationship between nobility and race This ground breaking book examines texts from the fields of naturalism political philosophy medicine and colonial venture as well as interrogating works of drama and literature in order to track how climate based understandings of human variety at this time became increasingly imbued with noble traditions of genealogical purity and hierarchies of descent This process the book argues allowed British naturalists and wider society to understand global populations according to an already familiar pattern of genealogical inequality and offered the proponents of race theory a ready made model of natural supremacy In this highly original and meticulously researched book Tim McInerney explains why nobility and race developed in the way they did and how the premise of each promoted a certain

idea of superiority The result is a necessary in depth understanding of how genealogical exclusivity works as a power strategy vital to students and scholars alike Reconstructing the Black Past Norma Myers,1996 *Historical Abstracts*,1992 Vols 17 18 cover 1775 1914 The Social Problem Novels of Frances Trollope Brenda Ayres,2024-07-31 Frances Milton Trollope 1779 1863 was a prolific provocative and hugely successful novelist She greatly influenced the generation of Victorian novelists who came after her such as Charles Dickens George Eliot and Elizabeth Gaskell This book features Trollope s social problem novels Research in African Literatures,1998 **The Social Problem Novels of Frances Trollope Vol 1** Brenda Ayres,Christine Sutphin,Douglas Murray,Priti Joshi,Ann-Barbara Graff,2024-09-20 Frances Milton Trollope 1779 1863 was a prolific provocative and hugely successful novelist She greatly influenced the generation of Victorian novelists who came after her such as Charles Dickens George Eliot and Elizabeth Gaskell This book features Trollope s social problem novels The Social Problem Novels of Frances Trollope Frances Milton Trollope,Brenda Ayres,2009 Frances Milton Trollope 1779 1863 was a prolific provocative and hugely successful novelist She greatly influenced the generation of Victorian novelists who came after her such as Charles Dickens George Eliot and Elizabeth Gaskell This book features Trollope s social problem novels **Arts & Humanities Citation Index**,2002 **A Companion to Colonial America** Daniel Vickers,2008-04-15 A Companion to Colonial America consists of twenty three original essays by expert historians on the key issues and topics in American colonial history Each essay surveys the scholarship and prevailing interpretations in these key areas discussing the differing arguments and assessing their merits Coverage includes politics religion migration gender ecology and many others **What Counts as Knowledge in Teacher Education (Volume 5)** James Rath,2005-06-01 The field of education generally and teacher education particularly is experiencing some general disquiet with traditional approaches to the identification and classification of knowledge Formal research studies long the source of the knowledge base of teaching is discredited by new ideologies that are based in the women s movement the multiculturalists and persons taken up with newer research strategies called naturalistic ethnographic or case study approaches The book is a collection of essays that rehearses the issues facing the field and addresses them in forthright fashion **A Social History of England** Asa Briggs,1985 A New English Dictionary on Historical Principles James Augustus Henry Murray,Sir William Alexander Craigie,Charles Talbut Onions,1919 *"A" New English Dictionary on Historical Principles* William A.
