Reconstructing The Tradition Of Sophia In Gnostic Literature:

Reconstructing the Tradition of Sophia in Gnostic Literature Deirdre Joy Good, 1987-01-01 **Reconstructing the Tradition of Sophia in Gnostic Literature** Deirdre Joy Good, 1987 Jesus: Miriam's Child, Sophia's Prophet Elisabeth Schüssler Fiorenza, 2015-11-19 In *Jesus Miriam's Child Sophia's Prophet* Elisabeth Schüssler Fiorenza makes a unique contribution to two quite different discussions of Jesus the Christ On the one hand she looks at biblical christology from a critical feminist perspective in the tradition of liberation theology On the other she examines the feasibility of a feminine christology by considering such problems as Christian anti Judaism ideological justification of domination religious exclusivism and the formation of patriarchal identity Reimagining the Jesus movement in a feminist key transcends the boundaries set by history gender and doctrine By assessing various Jesus traditions and interpretations in terms of whether they can engender liberating visions for today Schüssler Fiorenza seeks to challenge and transform a Christianity dominated by masculinity and exclusivist theological frameworks so that it offers a vision of justice and well being for all the central image in which is the reign the coming world of God This Cornerstones edition features a new extended introduction which takes into account the developments in the field since the work was originally published in 1994 **The Modern Revival of Gnosticism and Thomas Mann's Doktor Faustus** Kirsten J. Grimstad, 2002 This study explores the reappearance of Gnostic themes across the landscape of European literature and thought and in major works by Thomas Mann *Nag Hammadi Texts and the Bible* C.A. Evans, Webb, R.A. Wiebe, 2019-07-01 This volume places in synoptic form parallel texts from Nag Hammadi and from the Bible This will enable scholars of Coptic Gnosticism as well as scholars concerned with early Christian biblical interpretation to make the comparisons necessary to determine relationships and what dependence if any there may be between these two bodies of material This volume should facilitate the discussion concerning the origin antiquity and relationship of Gnosticism to Christianity The volume also contains an extensive bibliography of materials relevant to this topic Finally a Scripture index will make it possible for the reader to find quickly any desired passage

The Other God Juri P. Stoyanov, Yuri Stoyanov, 2000-08-11 This fascinating book explores the evolution of religious dualism the doctrine that man and cosmos are constant battlegrounds between forces of good and evil It traces this evolution from late Egyptian religion and the revelations of Zoroaster and the Orphics in antiquity through the Dead Sea Scrolls the Mithraic Mysteries and the great Gnostic teachers to its revival in medieval Europe with the suppression of the Bogomils and the Cathars heirs to the age long teachings of dualism Integrating political cultural and religious history Yuri Stoyanov illuminates the dualist religious systems recreating in vivid detail the diverse worlds of their striking ideas and beliefs their convoluted mythologies and symbolism Reviews of an earlier edition A book of prime importance for anyone interested in the history of religious dualism The author's knowledge of relevant original sources is remarkable and he has distilled them into a convincing and very readable whole Sir Steven Runciman The most fascinating historical detective story since Steven

Runciman's *Sicilian Vespers* Colin Wilson A splendid account of the decline of the dualist tradition in the East both strong and accessible The most readable account of Balkan heresy ever Jeffrey B Russell *Journal of Religion* Well written fact filled and fascinating has in it the making of a classic Harry T Norris *Bulletin of SOAS*

The Oxford Handbook of Wisdom and the Bible Will Kynes, 2021-01-25 This collection of leading scholars presents reflections on both wisdom as a general concept throughout history and cultures as well as the contested nature of the category of Wisdom Literature The first half of the collection explores wisdom more generally with essays on its relationship to skill epistemology virtue theology and order Wisdom is examined in a number of different contexts such as historically in the Hebrew Bible and its related cultures in Egypt and Mesopotamia as well as in Patristic and Rabbinic interpretation Additionally wisdom is examined in its continuing relevance in Islamic Jewish and Christian thought as well as from feminist environmental and other contextual perspectives The second half of the volume considers Wisdom Literature as a category Scholars address its relation to the Solomonic Collection its social setting literary genres chronological development and theology Wisdom Literature's relation to other biblical literature law history prophecy apocalyptic and the broad question of Wisdom influence is then discussed before separate chapters on the texts commonly associated with the category Contributors take a variety of approaches to the current debates surrounding the viability and value of Wisdom Literature as a category and its proper relationship to the concept of wisdom in the Hebrew Bible Though the organization of the volume highlights the independence of wisdom as concept from Wisdom Literature as a category seeking to counter the lack of attention given to this question in the traditional approach the inclusion of both topics together in the same volume reflects their continued interconnection As such this handbook both represents the current state of Wisdom scholarship and sets the stage for future developments

Cross and Creation Mark E. Therrien, 2022-05-20 Even though the theology of Origen of Alexandria has shaped the Christian Tradition in almost every way the controversies over his legacy have been seemingly endless One major interpretative trend for example has suggested Origen's theology is really akin to the heterodox Gnostics against whom he wrote than the actual teaching of the Gospel since he supposedly had a disdainful attitude towards Creation and ultimately saw little redemptive meaning in the Passion In *Cross and Creation A Theological Introduction to Origen of Alexandria* Mark Therrien offers an original interpretation of Origen's theology Focusing on some of Origen's most important works especially *On First Principles* and the *Commentary on John* but ultimately making reference to his writings more broadly this book retrieves and examines some of the foundational pillars of Origen's theology through close readings and re-examinations of those texts It examines eight of these theological foundations God Christ the Holy Spirit the end the soul the world the cross and deification Moreover by showing the connections between Origen's understanding of these foundational pillars it also shows the coherence of his theology as a whole Taken collectively what emerges from these eight chapters is that two doctrines specially shape Origen's theology Cross and Creation As Therrien shows Origen did not hold contempt for Creation

Rather Origen thinks that Creation emerges from the very life of God as eternally foreknown and provided for in the person of Christ the Wisdom of God the Father Moreover he also holds that though fallen Creation will be restored according to its original eternal intention in God precisely through the Passion of Jesus Christ on the Cross The Cross is thus not minimized in Origen's theology it is rather its very center

Gendering Wisdom the Host Judith E. McKinlay, 1996-10-01 This work looks at the intertextual relationships of the invitations to eat and drink in Proverbs Ben Sira and John 4 If the first two invitations are offered by a female Wisdom Sophia what are the gender implications when the hostess becomes a host in John 4 The study poses the possibility of an ongoing convergence strategy which may have begun when Israelite sages adapted for a Yahwistic context language and imagery earlier associated with female deities In a subtle move McKinlay draws upon contemporary reader resistance in order to counter such ideological moves by the scribes whose ambivalence towards real life women is also observed in these works

Alexandria 1 David Fideler, 1991-09-01 Journal of cosmology philosophy myth and culture

Wisdom as a Woman of Substance Christine Roy Yoder, 2014-11-21 No detailed description available for Wisdom as a Woman of Substance

Early Christianity in Alexandria M. David Litwa, 2023-12-21 Utilizing the Nag Hammadi codices and early Christian writings this book explores the earliest development of Christianity in Alexandria

Women, Religion, and the Gift Morny Joy, 2016-10-19 This book introduces the special dynamics of women and their close relationships with the gift in both past and contemporary religious settings Written from a cross cultural perspective it challenges depictions of women's roles in religion where they have been relegated to compliance with specifically designated gendered attributes The different chapters contest the resultant stereotypes that deny women agency Each chapter describes women as engaged in an aspect of religion from that of ritual specialists to benefactors and patrons or even innovators The volume examines topics such as sainthood and sacrifice so as to refine these ideas in constructive ways that do not devalue women It also examines the meaning of the term gift today embracing the term in both figurative and literal ways Such a collection of diverse women's writings and activities provides a significant contribution to their quest for recognition and also suggests ways this can be understood and realized today

Patterns of Women's Leadership in Early Christianity Joan E. Taylor, Ilaria L. E. Ramelli, 2021-02-18 This authoritative collection brings together the latest thinking on women's leadership in early Christianity Patterns of Women's Leadership in Early Christianity considers the evidence for ways in which women exercised leadership in churches from the 1st to the 9th centuries CE This rich and diverse volume breaks new ground in the study of women in early Christianity This is not about working with one method based on one type of feminist theory but overall there is nevertheless a feminist or egalitarian agenda in considering the full equality of women with men in religious spheres a positive goal with the assumption that this full equality has yet to be attained The chapters revisit both older studies and offers new and unpublished research exploring the many ways in which ancient Christian women's leadership could function

Valentinianism: New Studies, 2019-10-07 Since Antiquity the movement associated with Valentinus has

been regarded as the most typical and the most representative exponent of Gnosticism Recent research has led to a new appraisal of Valentinianism as a distinct form of early Christianity that deserves to be understood in its own right Valentinianism served as a catalyst for the development of mainstream Christian doctrine exegesis and ritual Its connections to contemporary forms of Platonism are being progressively uncovered The present volume edited by Christoph Marksches and Einar Thomassen shows the current state of research on Valentinianism offering contributions by leading experts about the history of the movement contested aspects of Valentinian doctrine and the use and interpretation of the New Testament by the Valentinians

The Gospel of Judas Lance Jenott,2011 Appendix A p 134 187 contains the Coptic text of the Gospel of Judas as transcribed from the Codex Tchacos with English translation on facing pages

Did God Care? Dylan M. Burns,2020-07-27 Is God involved Why do bad things happen to good people What is up to us These questions were explored in Mediterranean antiquity with reference to providence pronia In *Did God Care* Dylan Burns offers the first comprehensive survey of providence in ancient philosophy that brings together the most important Greek Latin Coptic and Syriac sources from Plato to Plotinus and the Gnostics Burns demonstrates how the philosophical problems encompassed by providence transformed in the first centuries CE yielding influential notions about divine care evil creation omniscience fate and free will that remain with us today These transformations were not independent developments of Pagan philosophy and Christian theology but include fruits of mutually influential engagement between Hellenic and Christian philosophers

Justification in the Second Century Brian J. Arnold,2017-02-20 This book seeks to answer the following question how did the doctrine of justification fare one hundred years after Paul s death c AD 165 This book argues that Paul s view of justification by faith is present in the second century a thesis that particularly challenges T F Torrance s long held notion that the Apostolic Fathers abandoned this doctrine *The Doctrine of Grace in the Apostolic Fathers* 1948 In the wake of Torrance s work there has been a general consensus that the early fathers advocated works righteousness in opposition to Paul s belief that an individual is justified before God by faith alone but second century writings do not support this claim Each author examined Clement of Rome Ignatius of Antioch Epistle to Diognetus Odes of Solomon and Justin Martyr contends that faith is the only necessary prerequisite for justification even if they do indicate the importance of virtuous living This is the first major study on the doctrine of justification in the second century thus filling a large lacuna in scholarship With the copious amounts of research being conducted on justification it is alarming that no work has been done on how the first interpreters of Paul received one of his trademark doctrines It is assumed wrongly that the fathers were either uninterested in the doctrine or that they misunderstood the Apostle Neither of these is the case This book is timely in that it enters the fray of the justification debate from a neglected vantage point

The Nag Hammadi Library after Fifty Years Turner,McGuire,2020-10-26 This volume contains 22 papers originally delivered at the Society of Biblical Literature s 1995 commemoration of the 50th anniversary of the discovery of the Nag Hammadi Library Of these papers five focus on the theme Past Present and Future Research on the
