The 2nd Edition* Andrea O'Reilly,2021-04-04 The 2nd edition includes a new preface that considers how matricentric feminism in positioning mothering as a verb affords a gender neutral understanding of motherwork and allows for an appreciation of how motherwork is deeply gendered and how this may be challenged and changed through empowered mothering The book argues that the category of mother is distinct from the category of woman and that many of the problems mothers face are specific to women's role and identity as mothers Indeed mothers are oppressed under patriarchy as women and as mothers

Consequently mothers need a feminism of their own one that positions mothers concerns as the starting point for a theory and politic of empowerment O Reilly terms this new mode of feminism matricentric feminism and the book explores how it is represented and experienced in theory activism and practice      **Ethnic American Literature** Emmanuel S.

Nelson,2015-02-17 Unlike any other book of its kind this volume celebrates published works from a broad range of American ethnic groups not often featured in the typical canon of literature This culturally rich encyclopedia contains 160 alphabetically arranged entries on African American Asian American Latino a and Native American literary traditions among others The book introduces the uniquely American mosaic of multicultural literature by chronicling the achievements of American writers of non European descent and highlighting the ethnic diversity of works from the colonial era to the present The work features engaging topics like the civil rights movement bilingualism assimilation and border narratives Entries provide historical overviews of literary periods along with profiles of major authors and great works including Toni Morrison Maxine Hong Kingston Maya Angelou Sherman Alexie A Raisin in the Sun American Born Chinese and The House on Mango Street The book also provides concise overviews of genres not often featured in textbooks like the Chinese American novel African American young adult literature Mexican American autobiography and Cuban American poetry      *Men in the Pulpit, Women in the Pew?* H. Jurgens Hendriks,Elna Mouton,L. D Hansen,Elisabet Le Roux,2012-07-01 Men in the pulpit women in the pew Addressing gender inequality in Africa is that rarest of gems a work that takes a fresh look at familiar biblical teachings and cause us to question what we have been accepting as a matter of course for so long      *Child's Play* Michael A. Messner,Michela Musto,2016-05 Is sport good for kids When answering this question both critics and advocates of youth sports tend to fixate on matters of health whether condemning contact sports for their concussion risk or prescribing athletics as a cure for the childhood obesity epidemic Child s Play presents a more nuanced examination of the issue considering not only the physical impacts of youth athletics but its psychological and social ramifications as well The eleven original scholarly essays in this collection provide a probing look into how sports in community athletic leagues in schools and even on television play a major role in how young people view themselves shape their identities and imagine their place in society Rather than focusing exclusively on self proclaimed jocks the book considers how the culture of sports affects a wide variety of children and young people including those who opt out of athletics Not only does Child s Play examine disparities across lines of race class and gender it also offers detailed examinations of how various minority populations from transgender youth to Muslim immigrant girls have participated in youth sports Taken together these essays offer a wide range of approaches to understanding the sociology of youth sports including data driven analyses that examine national trends as well as ethnographic research that gives a voice to individual kids Child s Play thus presents a comprehensive and compelling analysis of how for better and for worse the culture of sports is integral to the development of young people and with them the future of our society      **Women and Politics** Lynne Ford,2018-05-15 Women and Politics is a comprehensive

examination of women's use of politics in pursuit of gender equality How can demands for gender equality be reconciled with sex differences Resolving this paradoxical question has proceeded along two paths the legal equality doctrine which emphasizes gender neutrality and the fairness doctrine which recognizes differences between men and women The text's clear analysis and presentation of theory and history helps students to think critically about the difficulties faced by women in politics and about how public policies in education labour and the economy and family and fertility impact gender equality The fully revised fourth edition explores new critical perspectives recent political events and current challenges to gender equality including the 2016 presidential election and Hillary Clinton's candidacy the fight for equal pay and paid leave and the debate over reproductive rights and campus sexual assault It also includes current scholarship on the intersections of race class and gender and expanded coverage of minority women women in the military and conservative women This text and its two path framework is essential to understanding women's pursuit of equality via the political system **Intergroup**
