and Leon F. Litwack

Reconstruction An Anthology Of Revisionist Writings

H Kauffman

Reconstruction An Anthology Of Revisionist Writings:

Reconstruction Kenneth M. Stampp, Leon F. Litwack, 1969-11-01 This anthology which brings together some of the most important research and writing on Reconstruction during the past three decades represents what historians today generally accept as an accurate portrait of the period Twenty three articles and book excerpts by the leading scholars in the field are grouped under five headings Lincoln Johnson and Reconstruction The Radical Republicans The Freedmen Radical Reconstruction in the South and The Collapse of Reconstruction The emphasis here is on recent scholarship in which many of the older concepts about Reconstruction have been challenged and brought back into clearer perspective but some work dating back to the thirties by such scholars as W E B Du Bois and Horace Mann Bond is also included Other contributors include C Vann Woodward Richard N Current Eric L McKittrick LaWanda and John H Cox Stanley Coben Howard Jay Graham James M McPherson Willie Lee Rose Joel Williamson David Donald Thomas B Alexander Allen W Trelease Louis R Harlan Vernon L Wharton Jack B Scroggs and W R Brock Reconstruction: an Anthology of Revisionist Writings Kenneth M. Stampp, 1969 *History and Memory in African-American Culture* Genevieve Fabre, Robert O'Meally, 1994-12-08 As Nathan Huggins once stated altering American history to account fully for the nation's black voices would change the tone and meaning the frame and the substance of the entire story Rather than a sort of Pilgrim's Progress tale of bold ascent and triumph American history with the black parts told in full would be transmuted into an existential tragedy closer Huggins said to Sartre's No Exit than to the vision of life in Bunyan The relation between memory and history has received increasing attention both from historians and from literary critics In this volume a group of leading scholars has come together to examine the role of historical consciousness and imagination in African American culture The result is a complex picture of the dynamic ways in which African American historical identity constantly invents and transmits itself in literature art oral documents and performances Each of the scholars represented has chosen a different site of memory from a variety of historical and geographical points and from different ideological theoretical and artistic perspectives Yet the book is unified by a common concern with the construction of an emerging African American cultural memory The renowned group of contributors including Hazel Carby Werner Sollors V v Clark Catherine Clinton and Nellie McKay among others consists of participants of the five year series of conferences at the DuBois Institute at Harvard University from which this collection originated Conducted under the leadership of Genevieve Fabre Melvin Dixon and the late Nathan Huggins the conferences and as a result this book represent something of a cultural moment themselves and scholars and students of American and African American literature and history will be richer as a result *Reconstructions* Thomas J. Brown, 2008-09-23 The pivotal era of Reconstruction has inspired an outstanding historical literature In the half century after W E B DuBois published Black Reconstruction in America 1935 a host of thoughtful and energetic authors helped to dismantle racist stereotypes about the aftermath of emancipation and Union victory in the Civil War The resolution of long running

interpretive debates shifted the issues at stake in Reconstruction scholarship but the topic has remained a vital venue for original exploration of the American past In *Reconstructions New Perspectives on the Postbellum United States* eight rising historians survey the latest generation of work and point to promising directions for future research They show that the field is opening out to address a wider range of adjustments to the experiences and effects of Civil War Increased interest in cultural history now enriches understandings traditionally centered on social and political history Attention to gender has joined a focus on labor as a powerful strategy for analyzing negotiations over private and public authority The contributors suggest that Reconstruction historiography might further thrive by strengthening connections to such subjects as western history legal history and diplomatic history and by redefining the chronological boundaries of the postwar period The essays provide more than a variety of attractive vantage points for fresh examination of a major phase of American history By identifying the most exciting recent approaches to a theme previously studied so ably the collection illuminates the creative process in scholarly historical literature *The Routledge Companion to the American Civil War Era* Hugh

Tulloch,2006-12-05 Arguably one of the most significant periods in US history the American Civil War era continues to fascinate In this essential reference guide to the period Hugh Tulloch examines the war itself alongside the political constitutional social economic literary and religious developments and trends that informed and were formed by the turbulent events that took place during America s nineteenth century Key themes examined here are emancipation and the quest for racial justice abolitionism and debates regarding freedom versus slavery the confederacy and reconstruction civil war military strategy industry and agriculture Presidential elections and party politics cultural and intellectual developments Including a compendium of information through timelines chronologies bibliographies and guides to sources as well students of American history and the civil war will want a copy of this by their side **The Oxford Encyclopedia of the Civil War**

William L. Barney,2011-08-01 A gold mine for the historian as well as the Civil War buff The Oxford Encyclopedia of the Civil War offers a concise comprehensive overview of the major personalities and pivotal events of the war that redefined the American nation Drawing upon recent research that has moved beyond battles and military campaigns to address the significant roles played by civilians women and African Americans the 250 entries explore the era in all its complexity and unmistakable human drama Here of course are the major battles and campaigns ranging from Gettysburg and Shiloh to Sherman s March to the Sea as well as biographical entries on everyone from Abraham Lincoln and Robert E Lee to Frederick Douglass Clara Barton and Walt Whitman But the book also features entries on a wealth of other matters music photography religion economics foreign affairs medicine prisons legislative landmarks military terms and weaponry political events social reform women in the war and much more In addition charts newly commissioned maps chronologies and period photographs provide an appealing visual context Suggestions for further reading at the end of most entries and a guide to more general sources in an appendix introduce the reader to the literature on a specific topic A list of Civil War museums and

historic sites and a representative sampling of Civil War websites also point to resources that can be tailored to individual interests A quick convenient user friendly guide to all facets of the Civil War this new updated edition also serves as an invaluable gateway to the rich historical record now available perfect for virtually anyone who wants to learn more about this tumultuous period in our history

Without Regard to Race Tunde Adeleke,2009-04 A biographical reassessment of the racial activist and the way his views have been portrayed

The Civil War Confiscation Acts John Syrett,2005 The Confiscation Acts were designed to sanction slave holding states by authorizing the Federal Government to seize rebel properties and grant freedom to slaves who fought with or worked for the Confederate military In the first full account in more than twenty years of them John Syrett examines the political contexts of the Acts especially the debates in Congress and demonstrates how the failure of the confiscation acts during the war presaged the political and structural shortcomings of Reconstruction after the war

Lincoln's Unfinished Work Orville Vernon Burton,Peter Eisenstadt,2022-05-18 In his Gettysburg Address Abraham Lincoln promised that the nation s sacrifices during the Civil War would lead to a new birth of freedom Lincoln s Unfinished Work analyzes how the United States has attempted to realize or subvert that promise over the past century and a half The volume is not solely about Lincoln or the immediate unfinished work of Reconstruction or the broader unfinished work of America coming to terms with its tangled history of race it investigates all three topics The book opens with an essay by Richard Carwardine who explores Lincoln s distinctive sense of humor Later in the volume Stephen Kantrowitz examines the limitations of Lincoln s Native American policy while James W Loewen discusses how textbooks regularly downplay the sixteenth president s antislavery convictions Lawrence T McDonnell looks at the role of poor Blacks and whites in the disintegration of the Confederacy Eric Foner provides an overview of the Constitution shattering impact of the Civil War amendments Essays by J William Harris and Jerald Podair examine the fate of Lincoln s ideas about land distribution to freedpeople Gregory P Downs focuses on the structural limitations that Republicans faced in their efforts to control racist violence during Reconstruction Adrienne Petty and Mark Schultz argue that Black land ownership in the post Reconstruction South persisted at surprisingly high rates Rhondda Robinson Thomas examines the role of convict labor in the construction of Clemson University the site of the conference from which this book evolved Other essays look at events in the twentieth and twenty first centuries Randall J Stephens analyzes the political conservatism of white evangelical Christianity Peter Eisenstadt uses the career of Jackie Robinson to explore the meanings of integration Joshua Casmir Catalano and Briana Pocratsky examine the debased state of public history on the airwaves particularly as purveyed by the History Channel Gavin Wright rounds out the volume with a striking political and economic analysis of the collapse of the Democratic Party in the South Taken together the essays in this volume offer a far reaching thought provoking exploration of the unfinished work of democracy particularly as it pertains to the legacy of slavery and white supremacy in America

Frederick Douglass' Civil War David W. Blight,1991-07-01 In this sensitive intellectual biography David W Blight

undertakes the first systematic analysis of the impact of the Civil War on Frederick Douglass life and thought offering new insights into the meaning of the war in American history and in the Afro American experience Frederick Douglass Civil War follows Douglass intellectual and personal growth from the political crises of the 1850s through secession war black enlistment emancipation and Reconstruction This book provides an engrossing story of Douglass development of a social identity in relation to transforming events and demonstrates that he saw the Civil War as the Second American Revolution and himself as one of the founders of a new nation Through Douglass life his voice and his interpretations we see the Civil War era and its memory in a new light *October Song* Paul Le Blanc,2017-11-14 A panoramic account of the Russian Revolution of 1917 and its aftermath animated by the lives ideas and experiences of workers peasants intellectuals artists and revolutionaries of diverse persuasions *October Song* vividly narrates the triumphs of those who struggled for a new society and created a revolutionary workers state Yet despite profoundly democratic and humanistic aspirations the revolution is eventually defeated by violence and authoritarianism *October Song* highlights both positive and negative lessons of this historic struggle for human liberation **“Race” and Racism** R. Perry,2007-10-15 *Race and Racism* examines the origins and development of racism in North America It addresses the inception and persistence of the concept of race and discusses the biology of human variance addressing the fossil record of human evolution the relationship between creationism and science population genetics race based medicine and other related issues The book explores the diverse ways in which people in a variety of cultures have perceived categorized and defined one another without reference to any concept of race It follows the history of American racism through slavery the perceptions and treatment of Native Americans Jim Crow laws attitudes toward Irish and Southern European immigrants the internment of Japanese Americans during World War II the civil rights era and numerous other topics *Freedom's Shore* Russell Duncan,2021-07 *The New Abolition* Gary Dorrien,2015-09-29 The black social gospel emerged from the trauma of Reconstruction to ask what a new abolition would require in American society It became an important tradition of religious thought and resistance helping to create an alternative public sphere of excluded voices and providing the intellectual underpinnings of the civil rights movement This tradition has been seriously overlooked despite its immense legacy In this groundbreaking work Gary Dorrien describes the early history of the black social gospel from its nineteenth century founding to its close association in the twentieth century with W E B Du Bois He offers a new perspective on modern Christianity and the civil rights era by delineating the tradition of social justice theology and activism that led to Martin Luther King Jr *Elizabeth Cady Stanton* Lori D. Ginzberg,2010-08-31 Elizabeth Cady Stanton was a brilliant activist intellectual That nearly all of her ideas that women are entitled to seek an education to own property to get a divorce and to vote are now commonplace is in large part because she worked tirelessly to extend the nation's promise of radical individualism to women In this subtly crafted biography the historian Lori D Ginzberg narrates the life of a woman of great charm enormous appetite and extraordinary intellectual gifts who turned the limitations

placed on women like herself into a universal philosophy of equal rights Few could match Stanton s self confidence loving an argument she rarely wavered in her assumption that she had won But she was no secular saint and her positions were not always on the side of the broadest possible conception of justice and social change Elitism runs through Stanton s life and thought defined most often by class frequently by race and always by intellect Even her closest friends found her absolutism both thrilling and exasperating for Stanton could be an excellent ally and a bothersome menace sometimes simultaneously At once critical and admiring Ginzberg captures Stanton s ambiguous place in the world of reformers and intellectuals describes how she changed the world and suggests that Stanton left a mixed legacy that continues to haunt American feminism

Black Women in New South Literature and Culture Sherita L. Johnson,2009-09-11 This book focuses on the profound impact that racism had on the literary imagination of black Americans in the South Sherita L Johnson argues that it is impossible to consider what the South and what southernness mean without looking at how black women have contributed to and contested any unified definition of that region Encyclopedia of Historians and Historical Writing Kelly Boyd,2019-10-09 The Encyclopedia of Historians and Historical Writing contains over 800 entries ranging from Lord Acton and Anna Comnena to Howard Zinn and from Herodotus to Simon Schama Over 300 contributors from around the world have composed critical assessments of historians from the beginning of historical writing to the present day including individuals from related disciplines like J rgen Habermas and Clifford Geertz whose theoretical contributions have informed historical debate Additionally the Encyclopedia includes some 200 essays treating the development of national regional and topical historiographies from the Ancient Near East to the history of sexuality In addition to the Western tradition it includes substantial assessments of African Asian and Latin American historians and debates on gender and subaltern studies

Poet of the Lost Cause Donald Robert Beagle,Bryan Albin Giemza,2008 The result of meticulous scholarship and decades of careful collecting to create a body of reliable information this definitive full length biography of the enigmatic Confederate poet presents a close examination of the man behind the myth and separates Lost Cause legend from fact Jacket

Greatest Emancipations Jim Powell,2008-06-24 The Astonishing Story of How Slavery Was Abolished in a Single Century Freeing Over Seven Million Slaves For millennia slavery went unchallenged in principle Then in a remarkable turn of events slavery was eradicated in the span of just one century Greatest Emancipations tells this incredible story focusing on the countries that accounted for the vast majority of slaves in the west Haiti the British Caribbean the United States Cuba and Brazil Author Jim Powell offers surprising insights into the process and tremendous influence that slavery s abolition had on individual societies He reveals that while the eradication of slavery was essential for any free society it wasn t the sole determining factor as some societies that abolished slavery later embraced dictatorships Discover the historical abolition movements and the evolution of democracy that led to the emancipation of over seven million slaves Greatest Emancipations is a compelling look at a pivotal moment in western history exploring the end of slavery and its impact on civil rights equal

rights and capitalist developments The Rivers Ran Backward Christopher Phillips, 2016 Most Americans imagine the Civil War in terms of clear and defined boundaries of freedom and slavery a straightforward division between the slave states of Kentucky and Missouri and the free states of Illinois Indiana Ohio and Kansas However residents of these western border states Abraham Lincoln s home region had far more ambiguous identities and contested political loyalties than we commonly assume In The Rivers Ran Backward Christopher Phillips sheds light on the fluid political cultures of the Middle Border states during the Civil War era Far from forming a fixed and static boundary between the North and South the border states experienced fierce internal conflicts over their political and social loyalties White supremacy and widespread support for the existence of slavery pervaded the free states of Ohio Indiana and Illinois which had much closer economic and cultural ties to the South while those in Kentucky and Missouri held little identification with the South except over slavery Debates raged at every level from the individual to the state in parlors churches schools and public meeting places among families neighbors and friends Ultimately the pervasive violence of the Civil War and the cultural politics that raged in its aftermath proved to be the strongest determining factor in shaping these states regional identities leaving an indelible imprint on the way in which Americans think of themselves and others in the nation The Rivers Ran Backward reveals the complex history of the western border states as they struggled with questions of nationalism racial politics secession neutrality loyalty and even place as the Civil War tore the nation and themselves apart In this major work Phillips shows that the Civil War was more than a conflict pitting the North against the South but one within the West that permanently reshaped American regions

Yeah, reviewing a books **Reconstruction An Anthology Of Revisionist Writings** could accumulate your near contacts listings. This is just one of the solutions for you to be successful. As understood, achievement does not recommend that you have extraordinary points.

Comprehending as competently as pact even more than additional will present each success. adjacent to, the pronouncement as with ease as keenness of this Reconstruction An Anthology Of Revisionist Writings can be taken as without difficulty as picked to act.
