Reconstruction Of Humanity:

The Reconstruction of Humanity Pitirim Aleksandrovich Sorokin,1971 *The Reconstruction of Humanity* Pitirim Aleksandrovitch Sorokine,1948 **Reconstruction of Humanity** Pitirim A. Sorokin,1974-01-01 *The Reconstruction of Humanity* Pitirim Aleksandrovich Sorokin,1971

The Reconstruction of Humanity Pitirim Aleksandrovitch Sorokine,1971 **Shaping Humanity** John Gurche,2013-11-26 Describes the process by which the author uses knowledge of fossil discoveries and comparative ape and human anatomy to create forensically accurate representations of human beings ancient ancestors *Reconstructing Human Rights* Joe Hoover,2016-05-27 We live in a human rights world The language of human rights claims and numerous human rights institutions shape almost all aspects of our political lives yet we struggle to know how to judge this development Scholars give us good reason to be both supportive and sceptical of the universal claims that human rights enable alternatively suggesting that they are pillars of cross cultural understanding of justice or the ideological justification of a violent and exclusionary global order All too often however our evaluations of our human rights world are not based on sustained consideration of their complex ambiguous and often contradictory consequences Reconstructing Human Rights argues that human rights are only as good as the ends they help us realise We must attend to what ethical principles actually do in the world to know their value So for human rights we need to consider how the identity of humanity and the concept of rights shape our thinking structure our political activity and contribute to social change Reconstructing Human Rights defends human rights as a tool that should enable us to challenge political authority and established constellations of political membership by making new claims possible Human rights mobilise the identity of humanity to make demands upon the terms of legitimate authority and challenges established political memberships In this work it is argued that this tool should be guided by a democratising ethos in pursuit of that enables claims for more democratic forms of politics and more inclusive political communities While this work directly engages with debates about human rights in philosophy and political theory in connecting our evaluations of the value of human rights to their worldly consequences it will also be of interest to scholars considering human rights across disciplines including Law Sociology and Anthropology *Person and Community* Kwasi Wiredu,1992 **Humanity Driven AI** Fang Chen,Jianlong Zhou,2021-12-01 Artificial Intelligence AI is changing the world around us and it is changing the way people are living working and entertaining As a result demands for understanding how AI functions to achieve and enhance human goals from basic needs to high level well being whilst maintaining human health are increasing This edited book systematically investigates how AI facilitates enhancing human needs in the digital age and reports on the state of the art advances in theories techniques and applications of humanity driven AI Consisting of five parts it covers the fundamentals of AI and humanity AI for productivity AI for well being AI for sustainability and human AI partnership Humanity Driven AI creates an important opportunity to not only promote AI techniques from a humanity

perspective but also to invent novel AI applications to benefit humanity It aims to serve as the dedicated source for the theories methodologies and applications on humanity driven AI establishing state of the art research and providing a ground breaking book for graduate students research professionals and AI practitioners Opening a New Era of Happiness for All Humanity the Committee for International Development Cooperation (Prime Minister's Office, Ministry of Strategy & Finance, and Ministry of Foreign Affairs),2014-12-16 South Korea s Official Development Assistance White Paper Official Development Assistance ODA refers to aid provided by the official sector such as the government s aid to developing countries for the purpose of promoting economic development and welfare ODA includes technical assistance and funds provided to the governments and territories of developing countries or to international organizations ODA was initiated after World War II when many advanced industrialized countries began providing assistance for their former colonies to alleviate poverty putting into practice the global community s collective spirit of cooperation ODA began with declaration of the United Nations to enhance international co operation in solving international problems of an economic social cultural or humanitarian character in the UN Charter in 1945 and establishment of emergency relief organizations including the Food and Agriculture Organization FAO the World Health Organization WHO and the UN Children s Fund UNICEF Overview of ODA The History of Korea s ODA Korea s ODA System Korea s ODA Policies and Strategies ODA Volume and Allocation Korea s ODA and Public Private Partnerships PPPs Korea s ODA and International Cooperation Directions of Korea s ODA Development **Empire of Humanity** Michael Barnett,2011-03-03 Empire of Humanity explores humanitarianism s remarkable growth from its humble origins in the early nineteenth century to its current prominence in global life In contrast to most contemporary accounts of humanitarianism that concentrate on the last two decades Michael Barnett ties the past to the present connecting the antislavery and missionary movements of the nineteenth century to today s peacebuilding missions the Cold War interventions in places like Biafra and Cambodia to post Cold War humanitarian operations in regions such as the Great Lakes of Africa and the Balkans and the creation of the International Committee of the Red Cross in 1863 to the emergence of the major international humanitarian organizations of the twentieth century Based on extensive archival work close encounters with many of today s leading international agencies and interviews with dozens of aid workers in the field and at headquarters Empire of Humanity provides a history that is both global and intimate Avoiding both romanticism and cynicism Empire of Humanity explores humanitarianism s enduring themes trends and most strikingly ethical ambiguities Humanitarianism hopes to change the world but the world has left its mark on humanitarianism Humanitarianism has undergone three distinct global ages imperial postcolonial and liberal each of which has shaped what humanitarianism can do and what it is The world has produced not one humanitarianism but instead varieties of humanitarianism Furthermore Barnett observes that the world of humanitarianism is divided between an emergency camp that wants to save lives and nothing else and an alchemist camp that wants to remove the causes of suffering These camps

offer different visions of what are the purpose and principles of humanitarianism and accordingly respond differently to the same global challenges and humanitarian emergencies Humanitarianism has developed a metropolis of global institutions of care amounting to a global governance of humanity This humanitarian governance Barnett observes is an empire of humanity it exercises power over the very individuals it hopes to emancipate Although many use humanitarianism as a symbol of moral progress Barnett provocatively argues that humanitarianism has undergone its most impressive gains after moments of radical inhumanity when the international community believes that it must atone for its sins and reduce the breach between what we do and who we think we are Humanitarianism is not only about the needs of its beneficiaries it also is about the needs of the compassionate

Stove Mounters' & Range Workers' Journal, 1918 **The Scriptures of Won Buddhism** Bongkil Chung, 2003-01-31 Won Buddhism one of the major religions of modern Korea was established in 1916 by Pak Chung bin 1891 1943 later known as Sot aesan In 1943 Sot aesan published a collection of Buddhist writings the Correct Canon of Buddhism Pulgyo chongjon which included the doctrine of his new order Four years later the second patriarch Chongsan 1900 1962 had the order compile a new canon which was published in 1962 This work translated here as The Scriptures of Won Buddhism Wonbulgyo kyojon consists of the Canon a redaction of the first part of the Pulgyo chongjon and the analects and chronicle of the founder known as the Scripture of Sot aesan The present translation incorporates critical tenets from the 1943 Canon that were altered in the redaction process and offers persuasive arguments for their re inclusion *Radical Brown* Margaret Beale Spencer, Nancy E. Revisiting Kant's Universal Law and Humanity Formulas Sven Nyholm, 2015-07-24 This book offers new readings of Kant s universal law and humanity formulations of the categorical imperative It shows how on these readings the formulas do indeed turn out being alternative statements of the same basic moral law and in the process responds to many of the standard objections raised against Kant s theory Its first chapter briefly explores the ways in which Kant draws on his philosophical predecessors such as Plato and especially Plato s Republic and Jean Jacques Rousseau The second chapter offers a new reading of the relation between the universal law and humanity formulas by relating both of these to a third formula of

Kant's viz the law of nature formula and also to Kant's ideas about laws in general and human nature in particular The third chapter considers and rejects some influential recent attempts to understand Kant's argument for the humanity formula and offers an alternative reconstruction instead Chapter four considers what it is to flourish as a human being in line with Kant's basic formulas of morality and argues that the standard readings of the humanity formula cannot properly account for its relation to Kant's views about the highest human good

Stewards of Humanity Robert Séamus Macpherson, 2021-08-24 When the world turns away from the horrors of war genocide famine and natural disasters the stewards of humanity run toward the suffering They stand as a thin line between life and death for thousands of people who will never know their stories These stewards are neither heroes nor saints They are ordinary people with ordinary struggles who rise to extraordinary challenges They are beacons of light in the darkness of humanitarian crisis With an unflinching view into some of the worst humanitarian crises of our lifetime author Robert Macpherson US Marine combat veteran turned aid worker tells the stories of the men and women who have courageously confronted evil and injustice from Somalia to Bosnia Rwanda Iraq and Afghanistan Throughout his narrative Robert challenges us to consider our place in humanity and our own role as stewards I look for light and on occasion find it but too often it is clouded by the skulls of Murambi I am reminded by those I've met that all is not lost Even in the fog of wicked brutality humans emanate brilliant and cosmic bursts of decency caring and kindness I know this because I continue to meet the women and men who are the keepers of this light From *Stewards of Humanity* Robert Macpherson has been a writer aid worker and career infantry officer in the U S Marines with service in Vietnam Iraq and Somalia After retiring as a Colonel he enjoyed a second career with the humanitarian organization CARE where he directed global risk mitigation for staff and vulnerable populations and led humanitarian response missions worldwide These efforts often required engaging with foreign governments and the United Nations but as frequently with non traditional actors such as the Taliban in Afghanistan warlords in Sudan and Somalia local militias and kidnappers *Stewards of Humanity* is his debut book He lives in Charlotte NC with his wife Veronica and service dog Blue Those who've read *Chasing Chaos* by Jessica Alexander *Ghosts of the Tsunami* by Richard Lloyd Perry and *Mountains Beyond Mountains* by Tracy Kidder will savor the rich complex narratives in *Stewards of Humanity*

[The Law of Humanity Project](#) Ukri Soirila, 2021-07-15 This book provides the first comprehensive introduction to the role of humanity in international law offering a fresh perspective to a discussions with global implications The 1990s and the first decade of the twenty first century witnessed the sporadic emergence of a new vision of global law Although the vision has taken many

different forms all instances of it have been uniform in the attempt of radically altering how we understand international law by seeking to posit the human as the primary subject of the international legal order and humanity as its main source of legitimacy Together this book calls these instances the law of humanity project In so doing it also paints a picture of and critically assesses a particular moment in the history of international law a moment which may have already come to a sudden end as a consequence of the current populist backlash in world politics but during which it seemed inevitable that the law of humanity vision would come to play an increasingly important role in world affairs
