Alexander Gillespie

Record Of Lodob War Vol :

A History of the Laws of War: Volume 1 Alexander Gillespie, 2011-09-06 This unique new work of reference traces the origins of the modern laws of warfare from the earliest times to the present day Relying on written records from as far back as 2400 BCE and using sources ranging from the Bible to Security Council Resolutions the author pieces together the history of a subject which is almost as old as civilisation itself The author shows that as long as humanity has been waging wars it has also been trying to find ways of legitimising different forms of combatants and regulating the treatment of captives This first book on warfare deals with the broad question of whether the patterns of dealing with combatants and captives have changed over the last 5 000 years and if so how In terms of context the first part of the book is about combatants and those who can lawfully take part in combat In many regards this part of the first volume is a series of less than ideal pathways This is because in an ideal world there would be no combatants because there would be no fighting Yet as a species we do not live in such a place or even anywhere near it either historically or in contemporary times This being so a second best alternative has been to attempt to control the size of military forces and therefore the bloodshed This is also not the case by which humanity has worked over the previous centuries Rather the clear assumption for thousands of years has been that authorities are allowed to build the size of their armed forces as large as they wish The restraints that have been applied are in terms of the quality and methods by which combatants are taken The considerations pertain to questions of biology such as age and sex geographical considerations such as nationality and the multiple nuances of informal or formal combatants These questions have also overlapped with ones of compulsion and whether citizens within a country can be compelled to fight without their consent Accordingly for the previous 3 000 years the question has not been whether there should be a limit on the number of soldiers but rather who is or is not a lawful combatant It has rarely been a question of numbers It has been and remains one of type The second part of this book is about people typically combatants captured in battle It is about what happens to their status as prisoners about the possibilities of torture assistance if they are wounded and what happens to their remains should they be killed and their bodies fall into enemy hands The theme that ties all of these considerations together is that all of the acts befall those who are to one degree or another captives of their enemies As such they are no longer masters of their own fate As a work of reference this first volume as part of a set of three is unrivalled and will be of immense benefit to scholars and practitioners researching and advising on the laws of warfare It also tells a story which throws fascinating new light on the history of international law and on the history of warfare itself [A History of the Laws of War: Volume 2](#) Alexander Gillespie, 2011-10-07 This unique new work of reference traces the origins of the modern laws of warfare from the earliest times to the present day Relying on written records from as far back as 2400 BCE and using sources ranging from the Bible to Security Council Resolutions the author pieces together the history of a subject which is almost as old as civilisation itself The author shows that as long as humanity has been waging wars it has also been trying to

find ways of legitimising different forms of combatants and ascribing rules to them protecting civilians who are either inadvertently or intentionally caught up between them and controlling the use of particular classes of weapons that may be used in times of conflict Thus it is that this work is divided into three substantial parts Volume 1 on the laws affecting combatants and captives Volume 2 on civilians and Volume 3 on the law of arms control This second book on civilians examines four different topics The first topic deals with the targetting of civilians in times of war This discussion is one which has been largely governed by the developments of technologies which have allowed projectiles to be discharged over ever greater areas and attempts to prevent their indiscriminate utilisation have struggled to keep pace The second topic concerns the destruction of the natural environment with particular regard to the utilisation of starvation as a method of warfare and unlike the first topic this one has rarely changed over thousands of years although contemporary practices are beginning to represent a clear break from tradition The third topic is concerned with the long standing problems of civilians under the occupation of opposing military forces where the practices of genocide collective punishments and or reprisals and rape have occurred The final topic in this volume is about the theft or destruction of the property of the enemy in terms of either pillage or the intentional devastation of the cultural property of the opposition As a work of reference this set of three books is unrivalled and will be of immense benefit to scholars and practitioners researching and advising on the laws of warfare It also tells a story which throws fascinating new light on the history of international law and on the history of warfare itself

A History of the Laws of War: Volume 3 Alexander Gillespie, 2011-10-07 This unique work of reference traces the origins of the modern laws of warfare from the earliest times to the present day Relying on written records from as far back as 2400 BCE and using sources ranging from the Bible to Security Council Resolutions the author pieces together the history of a subject which is almost as old as civilisation itself The author shows that as long as humanity has been waging wars it has also been trying to find ways of legitimising different forms of combatants and ascribing rules to them protecting civilians who are either inadvertently or intentionally caught up between them and controlling the use of particular classes of weapons that may be used in times of conflict Thus it is that this work is divided into three substantial parts Volume 1 on the laws affecting combatants and captives Volume 2 on civilians and Volume 3 on the law of arms control This third volume deals with the question of the control of weaponry from the Bronze Age to the Nuclear Age In doing so it divides into two parts namely conventional weapons and Weapons of Mass Destruction The examination of the history of arms control of conventional weapons begins with the control of weaponry so that one side could achieve a military advantage over another This pattern which only began to change centuries after the advent of gunpowder was later supplemented by ideals to control types of conventional weapons because their impacts upon opposing combatants were inhumane By the late twentieth century the concerns over inhumane conventional weapons were being supplemented by concerns over indiscriminate conventional weapons The focus on indiscriminate weapons when applied on a mass scale is the core of the second part of

the volume Weapons of Mass Destruction are primarily weapons of the latter half of the twentieth century Although both chemical and biological warfare have long historical lineages it was only after the Second World War that technological developments meant that these weapons could be applied to cause large scale damage to non combatants this is unlike nuclear weapons which are a truly modern invention Despite being the newest Weapon of Mass Destruction they are also the weapon of which most international attention has been applied although the frameworks by which they were contained in the last century appear inadequate to address the needs of current times As a work of reference this set of three books is unrivalled and will be of immense benefit to scholars and practitioners researching and advising on the laws of warfare It also tells a story which throws fascinating new light on the history of international law and on the history of warfare itself **The**

Cambridge History of the Napoleonic Wars: Volume 2, Fighting the Napoleonic Wars Bruno Colson, Alexander Mikaberidze, 2023-03-02 The Napoleonic Wars saw almost two decades of brutal fighting Fighting took place on an unprecedented scale from the frozen wastelands of Russia to the rugged mountains of the Peninsula from Egypt's Lower Nile to the bloody battlefield of New Orleans Volume II of The Cambridge History of the Napoleonic Wars provides a comprehensive guide to the Napoleonic Wars and weaves together the four strands military naval economic and diplomatic that intertwined to make up one of the greatest conflicts in history Written by a team of the leading Napoleonic scholars this volume provides an authoritative and comprehensive analysis of why the nations went to war the challenges they faced and how the wars were funded and sustained It sheds new light not only on the key battles and campaigns but also on questions of leadership strategy tactics guerrilla warfare recruitment supply and weaponry *British Expeditionary Warfare and the Defeat of Napoleon, 1793-1815* Robert K. Sutcliffe, 2016 The defeat of Napoleon required the shipping of large numbers of troops to and successfully landing them on French controlled territory This book examines the logistical operations which supported British expeditionary warfare in the period It outlines the role of the Transport Board explores how it periodically chartered a large proportion of the British merchant fleet and what the effects of this were on merchant shipping and discusses the Transport Board's relationship with other branches of government including the Navy The book concludes that the Transport Board grew in competence that the failure of expeditions was often due to circumstances beyond its control and that its role in the preparation of all the major military expeditions in which hundreds of thousands of British troops served overseas was very significant and very effective **The Cambridge History of the Second World War: Volume 2,**

Politics and Ideology Richard Bosworth, Joseph Maiolo, 2015-04-23 War is often described as an extension of politics by violent means With contributions from twenty eight eminent historians Volume 2 of The Cambridge History of the Second World War examines the relationship between ideology and politics in the war's origins dynamics and consequences Part I examines the ideologies of the combatants and shows how the war can be understood as a struggle of words ideas and values with the rival powers expressing divergent claims to justice and controlling news from the front in order to sustain moral and

influence international opinion Part II looks at politics from the perspective of pre war and wartime diplomacy as well as examining the way in which neutrals were treated and behaved The volume concludes by assessing the impact of states politics and ideology on the fate of individuals as occupied and liberated peoples collaborators and resisters and as British and French colonial subjects

The Statesman's Year-book Frederick Martin,Sir John Scott Keltie,Isaac Parker Anderson Renwick,Mortimer Epstein,Sigfrid Henry Steinberg,John Paxton,Brian Hunter (Librarian),Barry Turner,1906

Living on the Western Front Chris Ward,2013-04-11 Living on the Western Front provides a highly original history of the settler experience in Befland B ritish E xpeditionary F orce land during the First World War Using an unusual representational form that involves the stitching together of over a hundred extracts from primary sources which can then in turn be read either chronologically or thematically Chris Ward brilliantly depicts a sense of settlers lives in Great War Belgium Northern France and Germany Simultaneously an annal and an anthology of stories this book tells us

about landscapes sounds smells food journeys memory and morale in the way that the Befland settlers actually lived and experienced them The book also challenges popular conceptions of what history writing can or should be It drags us away from the reassuringly commanding authorial voice of the conventional historical narrative towards an approach that brings a degree of uncertainty and encourages us to experiment with History and its relationship with the past in an exciting and rewarding way

The Cambridge Modern History Planning by the Late Lord Acton ... ,1903 *The Last Century of Sea Power, Volume 2* H. P. Willmott,2010-03-22 An important contribution a thoughtful account of the years preceding the Second World War and at much greater length of the war itself History In this second volume of his history of naval power in the 20th century H P Willmott follows the fortunes of the established seafaring nations of Europe along with two upstarts the United States and Japan Emerging from World War I in command of the seas Great Britain saw its supremacy weakened through neglect and in the face of more committed rivals Britain s grand Coronation Review of 1937 marked the apotheosis of a sea power slipping into decline Meanwhile Britain s rivals and soon to be enemies were embarking on significant naval building programs that would soon change the nature of war at sea in ways that neither they nor their rivals anticipated By the end of a new world war the United States had taken command of two oceans having placed its industrial might behind technologies that further defined the arena of naval power above and below the waves where stealth and the ability to strike at great distance would soon rewrite the rules of war and of peace This splendid volume further enhances Willmott s stature as the dean of naval historians Praise for The Last Century of Sea Power series The author dean of naval historians provides a sweeping look at and analysis of the transformation of naval power Wilmott is fearless in his judgments Seapower H P Willmott is the finest naval historian and among the finest historians of any discipline writing today Bernard D Cole author of The Great Wall at Sea

Record Of Lodob War Vol Introduction

In today's digital age, the availability of Record Of Lodob War Vol books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Record Of Lodob War Vol books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Record Of Lodob War Vol books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Record Of Lodob War Vol versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Record Of Lodob War Vol books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Record Of Lodob War Vol books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Record Of Lodob War Vol books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions

have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Record Of Lodob War Vol books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Record Of Lodob War Vol books and manuals for download and embark on your journey of knowledge?

FAQs About Record Of Lodob War Vol Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Record Of Lodob War Vol is one of the best book in our library for free trial. We provide copy of Record Of Lodob War Vol in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Record Of Lodob War Vol . Where to download Record Of Lodob War Vol online for free? Are you looking for Record Of Lodob War Vol PDF? This is definitely going to save you time and cash in something you should think about.
