Recording Your Family History

Simple Books Press

Recording Your Family History:

Family History Record Book Heritage Hunter, 2020-11-27 This Family History Record Book is an easy to use usefully organised way to record the details of your ancestors as you progress your genealogy research It provides generous clear space for recording eight generations of your family a whopping 255 individuals in total Available in both paperback or hardback this is the ideal way to store your family tree for the future The book contains a handy set of summary charts for all 8 generations lots of space to record up to 16 pieces of information about all ancestors going back to the 5x great grandparents including dates and sources used a cousin calculator chart for working out family relationships a unique timeline showing the span of more than 100 types of records for researchers of English Welsh Scottish and Irish family history

How to Record Your Family History Ronald D. Ross, 2014 This book is about how to preserve the history of people alive today It is not designed to help you create a genealogical chart there are other excellent resources for that This book is for the person who wants to gather family stories as told by family members who are still living This book will help you capture on audio or video the actual voices faces and places of your living relatives It will help you keep alive the timber of their voice the smile of their face the tilt of their head their gestures their mode of dress and other things relating to their real life stories all as told by those who know them best There is an urgency that accompanies this book The stories of your relatives who are alive today will be around only as long as they are alive Before you invest one dollar or one hour in genealogical research first gather the stories of your living but aging relatives Don t worry about genealogical information now because the amount of genealogical data will grow exponentially over the ensuing decades The more that information is digitized the easier it will be to assemble it In short genealogical research can wait Creating live recordings of the precious memories of living people cannot
