Miller, 2010-01-06 In Voice of the Leopard African Secret Societies and Cuba Ivor L Miller shows how African migrants and their political

fraternities played a formative role in the history of Cuba During the eighteenth and nineteenth centuries no large kingdoms controlled Nigeria and Cameroon s multilingual Cross River basin Instead each settlement had its own lodge of the initiation society called kp or leopard which was the highest indigenous authority kp lodges ruled local communities while also managing regional and long distance trade Cross River Africans enslaved and forcibly brought to colonial Cuba reorganized their kp clubs covertly in Havana and Matanzas into a mutual aid society called Abaku which became foundational to Cuba s urban life and music Miller s extensive fieldwork in Cuba and West Africa documents ritual languages and practices that survived the Middle Passage and evolved into a unifying charter for transplanted slaves and their successors To gain deeper understanding of the material Miller underwent kp initiation rites in Nigeria after ten years collaboration with Abaku initiates in Cuba and the United States He argues that Cuban music art and even politics rely on complexities of these African inspired codes of conduct and leadership Voice of the Leopard is an unprecedented tracing of an African title society to its Caribbean incarnation which has deeply influenced Cuba s creative energy and popular consciousness *African Historical Studies* E. A. Ayandele, 2005-06-28 First Published in 1979 Routledge is an imprint of Taylor Francis an informa company

Materializing the Middle Passage Jane Webster, 2024-02-22 Jane Webster develops a pioneering approach to rebuilding British slaving vessels creating a new archaeology of the Middle Passage The book also examines multiple sources and accounts questioning why the African Middle Passage experience remains elusive even after decades of scholarship dedicated to uncovering it The African-British Long Eighteenth Century Tcho Mbaimba Caulker, 2009-03-16 Tracing the development of British colonial administration in West Africa over the course of the long eighteenth century Caulker illuminates the solidification of the administration as it goes through a learning process of power This book analyzes the documents and treaties that the indigenous peoples of eighteen century Sierra Leone made with their future British colonizers and compares them with the writings of Adam Smith to uncover a colonial philosophy linking European economic success with the process of civilizing Africa through moral education A discussion of other archival materials demonstrates the ways that an emerging anthropological science and pseudo scientific methodology contributed to colonial ventures and exploration The book concludes with an analysis of the postcolonial novel *The Last Harmattan of Alusine Dunbar* demonstrating that the study of this long eighteenth century archive has as much to do with the present postcolonial era as it does with the period of African colonization Blood Ground Elizabeth Elbourne, 2002 In *Blood Ground* Elizabeth Elbourne looks at the relationship between the Khoekhoe the British empire and the London Missionary Society in the early nineteenth century a time of intense conflict in which different groups competed to mobilize Christianity for their own political ends She explores the social history of the early missionary movement as well the political impact of British evangelicals arguing that religious change in southern Africa can only be understood in the material context of ethnic conflict and bitter struggles over land and labour In doing so she reintegrates the history of religion into the mainstream historical narrative of South Africa

offering a view of Christianity not as a monolithic system but as a language subject to interpretation and highly politicized conflicts over meaning **Ring Shout, Wheel About** Katrina Dyonne Thompson, 2014-01-30 In this ambitious project historian Katrina Thompson examines the conceptualization and staging of race through the performance sometimes coerced of black dance from the slave ship to the minstrel stage Drawing on a rich variety of sources Thompson explicates how black musical performance was used by white Europeans and Americans to justify enslavement perpetuate the existing racial hierarchy and mask the brutality of the domestic slave trade Whether on slave ships at the auction block or on plantations whites often used coerced performances to oppress and demean the enslaved As Thompson shows however blacks backstage use of musical performance often served quite a different purpose Through creolization and other means enslaved people preserved some native musical and dance traditions and invented or adopted new traditions that built community and even aided rebellion Thompson shows how these traditions evolved into nineteenth century minstrelsy and ultimately raises the question of whether today's mass media performances and depictions of African Americans are so very far removed from their troublesome roots *The Trans-Saharan Slave Trade* John Wright, 2007-04-03 This compelling text sheds light on the important but under studied trans Saharan slave trade The author uncovers and surveys this the least noticed of the slave trades out of Africa which from the seventh to the twentieth centuries quietly delivered almost as many black Africans into foreign servitude as did the far busier but much briefer Atlantic and East African trades Illuminating for the first time a significant but ignored subject the book supports and widens current scholarly examination of Africans essential role in the enslavement of fellow Africans and their delivery to internal Atlantic or trans Saharan markets **The Storied City** Charlie English, 2018-05-01 Timbuktu is a real place and Charlie English will fuel your wanderlust with true descriptions of the fabled city's past present and future Fodor's Two tales of a city The historical race to discover one of the world's most mythologized places and the story of how a contemporary band of archivists and librarians fighting to save its ancient manuscripts from destruction at the hands of al Qaeda added another layer to the legend To Westerners the name Timbuktu long conjured a tantalizing paradise an African El Dorado where even the slaves wore gold Beginning in the late eighteenth century a series of explorers gripped by the fever for discovery tried repeatedly to reach the fabled city But one expedition after another went disastrously awry succumbing to attack the climate and disease Timbuktu was rich in another way too A medieval center of learning it was home to tens of thousands according to some hundreds of thousands of ancient manuscripts on subjects ranging from religion to poetry law to history pharmacology and astronomy When al Qaeda linked jihadists surged across Mali in 2012 threatening the existence of these precious documents a remarkable thing happened a team of librarians and archivists joined forces to spirit the manuscripts into hiding Relying on extensive research and firsthand reporting Charlie English expertly twines these two suspenseful strands into a fraught and fascinating account of one of the planet's extraordinary places and the myths from which it has become inseparable **The Scramble for Africa** M.
