### **Lincoln's Selected Writings (International Student Edition) (Norton Critical Editions) Abraham**

Lincoln, 2016-04-04 Bancroft Prize winning scholar David S Reynolds edits and introduces a broad selection of Abraham Lincoln's writings from his earliest days through his last. Lincoln's Selected Writings includes a rich selection of his public and private letters, speeches, eulogies, proposals, debate transcripts, addresses including the First and Second Inaugurals, and more. The texts are accompanied by explanatory annotations, a detailed preface, a note on the texts, and a list of abbreviations. Lincoln's writings are followed by contemporary responses to him in poems, songs, and articles; representations of Lincoln in modern imaginative and nonfiction writing; and selections from recent cross-disciplinary studies of Lincoln, including discussions of his literary techniques and oratorical style as well as examinations of his political evolution in new cultural and social contexts. Among the many contributors are Horace Greeley, Jesse Hutchinson, Nathaniel Hawthorne, Karl Marx, Ralph Waldo Emerson, Harriet Beecher Stowe, Victor Hugo, and Walt Whitman. Modern Views presents sixteen major interpretations of Lincoln's life, work, and legacy, carefully chosen to promote discussion. The contributors are Carl Sandburg, Allen C. Guelzo, James Oakes, Gillian Silverman, Richard N. Current, Harold Holzer, Sean Wilentz, Eric Foner, Manisha Sinha, Robert A. Ferguson, Gabor Boritt, James McPherson, Stephen Cushman, Faith Barrett, David S. Reynolds, and Richard Carwardine, and Jay Sexton. A chronology, selected bibliography, and index are also included.

Reading America Elizabeth Boyle, 2009-03-26 This specially commissioned volume of essays offers a refreshing and unusual perspective on classic novels from the American literary canon. Accessible to students, scholars, and the interested reader, this engaging collection explores familiar novels through unfamiliar lenses and in so doing sheds light on surprising and previously overlooked aspects of each text. Reading America presents a new approach to American literature by showcasing a cross section of recent research into previously untapped areas of interest. Each chapter attempts to re-read classic American texts using new or unorthodox theoretical frameworks, including such diverse topics as an Emersonian reading of Don DeLillo, decoding Thomas Pynchon with eco-criticism, and understanding Paul Auster's New York Trilogy by exploring the graphic novel version of City of Glass. Other authors explored in this way include Henry James, Truman Capote, Ralph Ellison, Toni Morrison, Joyce Carol Oates, and F. Scott Fitzgerald. This type of approach widens the reader's knowledge of each well-known text and encourages new critical evaluations of contemporary American literature. The collection moves through six large topic areas: from Naturalism and an idea of the Great American Novel at the end of the nineteenth century through politics, sexuality, language, and nature to a contemporary engagement with postmodernism. Each essay deals with its own particular subject and author, but the full impact of each on the notion of the American novel as a phenomenon can only be understood when read in conjunction with the others. Of interest to both undergraduate and postgraduate students, Reading America would be a valuable asset to any American Studies or American Literature degree course and a useful companion to American History or Politics courses. The

volume will also attract strong interest from established academics especially those researching the fields of literature critical theory cultural history and politics

**The Novel Art** Mark McGurl, 2020-06-30 Once upon a time there were good American novels and bad ones but none was thought of as a work of art The Novel Art tells the story of how beginning with Henry James this began to change Examining the late nineteenth century movement to elevate the status of the novel its sources paradoxes and reverberations into the twentieth century Mark McGurl presents a more coherent and wide ranging account of the development of American modernist fiction than ever before Moving deftly from James to Stephen Crane Edith Wharton Gertrude Stein William Faulkner Dashiell Hammett and Djuna Barnes among others McGurl argues that what unifies this diverse group of ambitious writers is their agonized relation to a middling genre rarely included in discussions of the fine arts He concludes that the new product despite its authors desire to distinguish it from popular forms never quite forsook the intimacy the genre had long cultivated with the common reader Indeed the art novel sought status within the mass market and among its prime strategies was a promotion of the mind as a source of value in an economy increasingly dependent on mental labor McGurl also shows how modernism's obsessive interest in simple mindedness revealed a continued concern with the masses even as it attempted to use this simplicity to produce a heightened sophistication of form Masterfully argued and set in elegant prose The Novel Art provides a rich new understanding of the fascinating road the American novel has taken from being an artless enterprise to an aesthetic one
