a decade and a half of militancy has destabilised its economy and governance Sikhism the state s eclectic and syncretic religion is in crisis its gatekeepers brooking no dissent and giving little spiritual guidance And Panjab has yet to recover from the loss of its other half now in Pakistan This revised edition includes a chapter on the 2020 21 farmers struggle which proved beyond doubt that the old spirit of the land with its undercurrent of resistance to power and hegemony still beats away The hope that Panjab s unyielding knots can be untied continues to linger *Writings on British History* ,1977

Building Histories Mrinalini Rajagopalan, 2017-03-01 Building Histories offers innovative accounts of five medieval monuments in Delhi the Red Fort Rasool Numa Dargah Jama Masjid Purana Qila and the Qutb complex tracing their modern lives from the nineteenth century into the twentieth Mrinalini Rajagopalan argues that the modern construction of the history of these monuments entailed the careful selection manipulation and regulation of the past by both the colonial and later postcolonial states Although framed as objective archival truths these histories were meant to erase or marginalize the powerful and persistent affective appropriations of the monuments by groups who often existed outside the center of power By analyzing these archival and affective histories together Rajagopalan works to redefine the historic monument far from a symbol of a specific past the monument is shown in Building Histories to be a culturally mutable object with multiple stories to tell

Delhi Arthur Dudley, 2015-03-01 We shall not cease from exploration And the end of all our exploring Will be to arrive where we started And know the place for the first time Four Quartets T S Eliot The megacity that is today's Delhi is built upon thick layers of history For a millennium Delhi has been at the crossroads of trade culture and politics The stories of its buildings and great historical personalities have been told many times but this book approaches the past of India's capital through its literary culture By focusing on writers and thinkers we meet a colourful cast of characters only glancingly mentioned in political histories Many Delhiites are surprised to learn that the language of their city's cultural heyday was Persian Despite first being brought to India by invaders it eventually became an authentically Indian language used in both administration and literature Although it was cultivated by an elite it was also a widely available language of aspiration and opportunity like English today It connected India to the wider world and the Indian Subcontinent particularly Delhi was once a place where talented poets and scholars from the whole Persian cultural world from Turkey to eastern China came to make their fortunes Its traces remain everywhere but Persian is effectively a dead language in India today

Autobiography of an Unknown Indian: Part II Nirad C. Chaudhuri, 2008-01-01 Anyone who wishes to understand what has happened in India in the twentieth century politically and culturally must read Nirad C Chaudhuri Among her men of letters he is unique for the fertility of his mind and the polymathic range of his interests as well as for the

lucidity of his prose and his sheer integrity Geoffrey Moorhouse Chaudhuri has spent a lifetime kicking against the myths and shibboleths held by the majority of his fellow countrymen he has ridiculed the pacifism of Mahatma Gandhi he has castigated Indian nationalism for being corrupt self seeking and destructive he has vented his spleen at the stupidity and philistinism of the British in India His latest book is almost a thousand pages long It testifies to his eloquence wit and intellectual brilliance that he can go on at such length without once becoming a bore Ian Buruma The New York Review of Books Cities of Empire Tristram Hunt,2014-11-25 An original history of the most enduring colonial creation the city explored through ten portraits of powerful urban centers the British Empire left in its wake At its peak the British Empire was an urban civilization of epic proportions leaving behind a network of cities which now stand as the economic and cultural powerhouses of the twenty first century In a series of ten vibrant urban biographies that stretch from the shores of Puritan Boston to Dublin Hong Kong New Delhi Liverpool and beyond acclaimed historian Tristram Hunt demonstrates that urbanism is in fact the most lasting of Britain s imperial legacies Combining historical scholarship cultural criticism and personal reportage Hunt offers a new history of empire excavated from architecture and infrastructure from housing and hospitals sewers and statues prisons and palaces Avoiding the binary verdict of empire as good or bad he traces the collaboration of cultures and traditions that produced these influential urban centers the work of an army of administrators officers entrepreneurs slaves and renegades In these ten cities Hunt shows we also see the changing faces of British colonial settlement a haven for religious dissenters a lucrative slave trading post a center of global hegemony Lively authoritative and eye opening Cities of Empire makes a crucial new contribution to the history of colonialism Kokuritsu Kokkai Toshokan zoshō mokuroku Kokuritsu Kokkai Toshokan Japan,1948 Advanced Study in the History of Modern India 1707-1813 Jaswant Lal Mehta,2005-01-01 An analytical and critical account of the political history of early modern India from 1707 to 1813 The narrative shatters the contention of contemporary European writers that it was the dark age of Indian history characterised by political anarchy and misgovernment until the British brought it under their sway The main thesis of the author is that the period was marked by two distinct phases the first phase which lasted from 1707 to 1760 saw the rapid disintegration of the Mughal power and its replacement by the Maratha hegemony Meanwhile the English traders turned colonialists after consolidating their hold along the Indian seacoasts and conquest of Carnatic and Bengal challenged the Maratha hegemony The second phase of developments was thus marked by the struggle for supremacy between these two powers The author makes use of contemporary English and Marathi sources and the intensive researches of modern historians to portray a compact picture of their findings in the form of a text book for the benefit of the degree students Historical facts are reinterpreted through illuminating expositions refreshing characterisation of historic personalities and objective assessment of events and movements Together with maps a select bibliography glossary and an elaborate index the volume makes a rich contribution to the advancement of modern historical literature UPSC EPFO (Enforcement Officers/ Accounts Officers)
