**The Cold War** J.P.D. Dunbabin, 2014-01-14 The Cold War offers a brief but detailed treatment of one of the most complex eras of the 20th Century In this fully revised second edition J P D Dunbabin drawing on international scholarship and using much new material from communist sources describes a world in which covert operations could be as important as outright diplomacy soft power as influential as hard and in which competing ideologies ruled the hearts as much as the heads of the leaders in power Dunbabin s account is global in scope taking into account the importance of players beyond the superpowers and shedding light on the proxy conflicts such as those in Africa and the Middle East that if not caused by the continuing stalemate between the great powers were used as weapons within it *Books in Print Supplement* ,2002
