## Red Record:

**The Red Record** Ida B. Wells, 2015-06-30 A shocking and powerful account of lynching written by activist journalist and former slave Ida B Wells In the postbellum American South lynching was a frightfully common occurrence perpetrated so frequently that most Southern politicians and leaders turned a blind eye to the practice This vicious form of vigilante justice was in truth a thinly veiled racist justification for murderous violence In 1892 alone more than two hundred African Americans were lynched with alleged offenses ranging from attempted stock poisoning to insulting whites The Red Record tabulates these scenes of brutality in clear objective statistics allowing the horrifying facts to speak for themselves Alongside the tally author Ida B Wells describes actual occurrences of lynching and enumerates the standard rationalizations for these extrajudicial killings her original intent for the pamphlet to shame and shock the apathetic public and spark change This ebook has been professionally proofread to ensure accuracy and readability on all devices

Wells-Barnett, 2005 **The Red Record - Tabulated Statistics and Alleghing in the United States** Ida B. Wells-Barnett, 2016-09-10 DEAR MISS WELLS Let me give you thanks for your faithful paper on the lynch abomination now generally practiced against colored people in the South There has been no word equal to it in convincing power I have spoken but my word is feeble in comparison You give us what you know and testify from actual knowledge You have dealt with the facts with cool painstaking fidelity and left those naked and uncontradicted facts to speak for themselves Brave woman you have done your people and mine a service which can neither be weighed nor measured If the American conscience were only half alive if the American church and clergy were only half Christianized if American moral sensibility were not hardened by persistent infliction of outrage and crime against colored people a scream of horror shame and indignation would rise to Heaven wherever your pamphlet shall be read But alas even crime has power to reproduce itself and create conditions favorable to its own existence It sometimes seems we are deserted by earth and Heaven yet we must still think speak and work and trust in the power of a merciful God for final deliverance Very truly and gratefully yours FREDERICK DOUGLASS

Wells-Barnett,2018-07-07 *The Red Record Tabulated Statistics and Alleged Causes of Lynching in the United States* by Ida B Wells Barnett The student of American sociology will find the year 1894 marked by a pronounced awakening of the public conscience to a system of anarchy and outlawry which had grown during a series of ten years to be so common that scenes of unusual brutality failed to have any visible effect upon the humane sentiments of the people of our land Beginning with the emancipation of the Negro the inevitable result of unbridled power exercised for two and a half centuries by the white man over the Negro began to show itself in acts of conscienceless outlawry During the slave regime the Southern white man owned the Negro body and soul It was to his interest to dwarf the soul and preserve the body Vested with unlimited power over his slave to subject him to any and all kinds of physical punishment the white man was still restrained from such punishment as tended to injure the slave by abating his physical powers and thereby reducing his financial worth While slaves were scourged mercilessly and in countless cases inhumanly treated in other respects still the white owner rarely permitted his anger to go so far as to take a life which would entail upon him a loss of several hundred dollars The slave was rarely killed he was too valuable it was easier and quite as effective for discipline or revenge to sell him Down South We are delighted to publish this classic book as part of our extensive Classic Library collection Many of the books in our collection have been out of print for decades and therefore have not been accessible to the general public The aim of our publishing program is to facilitate rapid access to this vast reservoir of literature and our view is that this is a significant literary work which deserves to be brought back into print after many decades The contents of the vast majority of titles in the Classic Library have been scanned from the original works To ensure a high quality product each title has been meticulously hand

curated by our staff Our philosophy has been guided by a desire to provide the reader with a book that is as close as possible to ownership of the original work We hope that you will enjoy this wonderful classic work and that for you it becomes an enriching experience

**Radical Advocate** Mary E Tiece, 2025 Born into slavery in Holly Springs Mississippi in 1862 Ida B Wells emerged in the late nineteenth and early twentieth centuries as a singularly dynamic national voice on behalf of racial social and gender equity A journalist teacher and activist she campaigned endlessly against racial violence and inequity and on behalf of women's rights and suffrage In *Radical Advocate* Mary E Tiece pinpoints the persuasive strategies that typified Wells's efforts to shape broader cultural conversations concerning those causes Tiece highlights especially Wells's role as a radical embodied advocate who Tiece defines as one who occupies a marginalized social position whose daily experiences physical well being and mobility are shaped by social justice issues and who must utilize non traditional rhetorical strategies to push for deeply rooted social change Embodiment suggests bodily visibility and seeing the physical body as marked in ways that carry political and physical implications based on race sex gender and class In the context of the early 1900s racial segregation and hysteria over race mixing impacted bodies in every aspect of one's public and personal life from where one lived and worked to whom and how one loved To demonstrate the ways radical embodied advocacy occurs across various platforms Tiece examines Wells's speeches pamphlets and newspaper and magazine articles For Wells white violence was palpable and personal experienced on her body and carried in her mind and heart White men lynched Wells's friends threatened her life and forced her into exile after they destroyed the press for which she wrote and edited From this perspective Wells understood lynching as linked to white economic and political control Furthermore Tiece presents Wells's radical embodied advocacy as one of the first forms of intersectional journalism a type of citizen journalism wherein the advocate raises up and centers the voices of those experiencing interlocking forms of oppression Tiece underscores the epistemic challenges faced by rhetors such as Black women who speak from marginalized social positions and who advance claims that do not align with culturally accepted frames for knowing and describing events people and places She also bridges philosophy rhetoric and Black feminism to examine the epistemological and rhetorical demands facing social change advocates who shed light on injustice and who simultaneously face deeply entrenched narratives that distort understandings of race and social injustice Wells argued for deep rooted change and her rhetoric stands out because she framed white violence as systemic and intersectional In the twenty first century *Radical Advocate* is even more relevant in the context of contemporary white violence and international movements for racial justice A rhetorical analysis of Wells's speaking and journalism shows her to be one of the first to emphasize the systemic nature of racism while highlighting the unique ways Black women experienced racist and sexist oppression

The red record Ida B Wells Barnett was an early figure in the civil rights movement She was born into slavery She gained her freedom when the Emancipation Proclamation was declared She suffered through various hardships and became a journalist She investigated the horrors of lynching and proved that it wasn't a tool of justice but that it was a tool of terror and oppression      Geyer's Stationer, 1923      *Red Scared!* Michael Barson, Steven Heller, 2001-04 Red Scared offers valuable lessons from the vault on how to identify Communists media reports on the jolly side of Stalin guidelines for bomb shelter chic and much more As they did in their other lively pop culture histories Teenage Confidential and Wedding Bell Blues Michael Barson and Steven Heller once again bring the nearly forgotten details of American culture into full relief with Red Scared BOOK JACKET      Marine Corps Individual Records Administration Manual (IRAM). generation of social reformers can turn peril into progress with fresh workable ideas Together these narratives of advocacy provide a stunning precedent of progressive action and show how citizen activists can engage the problems of the age in imaginative ways While offering useful models to encourage the nation in a newly progressive direction Civic Passions reminds us that one determined individual can make a difference [The Routledge Companion to World Literary Journalism](#) John S.
