Red And The Black:

The Red and the Black (1830) Stendhal, 2011-10-15 The little town of Verri res can pass for one of the prettiest in Franche Comte Its white houses with their pointed red tiled roofs stretch along the slope of a hill whose slightest undulations are marked by groups of vigorous chestnuts The Doubs flows to within some hundred feet above its fortifications which were built long ago by the Spaniards and are now in ruins Verri res is sheltered on the north by a high mountain which is one of the branches of the Jura The jagged peaks of the Verra are covered with snow from the beginning of the October frosts A torrent which rushes down from the mountains traverses Verri res before throwing itself into the Doubs and supplies the motive power for a great number of saw mills The industry is very simple and secures a certain prosperity to the majority of the inhabitants who are more peasant than bourgeois It is not however the wood saws which have enriched this little town It is the manufacture of painted tiles called Mulhouse tiles that is responsible for that general affluence which has caused the fates of nearly all the houses in Verri res to be rebuilt since the fall of Napoleon One has scarcely entered the town before one is stunned by the din of a strident machine of terrifying aspect Twenty heavy hammers which fall with a noise that makes the paved floor tremble are lifted up by a wheel set in motion by the torrent Each of these hammers manufactures every day I don't know how many thousands of nails The little pieces of iron which are rapidly transformed into nails by these enormous hammers are put in position by fresh pretty young girls This labour so rough at first sight is one of the industries which most surprises the traveller who penetrates for the first time the mountains which separate France and Helvetia If when he enters Verri res the traveller asks who owns this fine nail factory which deafens everybody who goes up the Grande Rue he is answered in a drawling tone Eh it belongs to M the Mayor

The Red and the Black David Featherstone, Christian Høgsbjerg, 2021-08-10 The Russian Revolution of 1917 was not just a world historical event in its own right but also struck powerful blows against racism and imperialism and so inspired many black radicals internationally This edited collection explores the implications of the creation of the Soviet Union and the Communist International for black and colonial liberation struggles across the African diaspora It examines the critical intellectual influence of Marxism and Bolshevism on the current of revolutionary black internationalism and analyses how Red October was viewed within the contested articulations of different struggles against racism and colonialism Challenging European centred understandings of the Russian Revolution and the global left *The Red and the Black* offers new insights on the relations between Communism various lefts and anti colonialisms across the Black Atlantic including Garveyism and various other strands of Pan Africanism The volume makes a major and original intellectual contribution by making the relations between the Russian Revolution and the Black Atlantic central to debates on questions relating to racism resistance and

The Red and the Black Illustrated Marie-Henri Beyle Stendhal, 2021-02-09 *The Red and the Black* Stendhal's masterpiece is the story of Julien Sorel a young dreamer from the provinces fueled by Napoleonic ideals whose desire to make his fortune sets in motion events both mesmerizing and tragic Sorel's quest to find himself and the doomed love he encounters along the way are delineated with an unprecedented psychological depth and realism At the same time Stendhal weaves together the social life and fraught political intrigues of post Napoleonic France bringing that world to unforgettable full color life His portrait of Julien and early nineteenth century France remains an unsurpassed creation one that brilliantly

anticipates modern literature **The Red and the Black** Stendhal, 2018-10-29 The Red and the Black tells the story of Julien Sorel's life in a monarchic society of fixed social class. It is a historical psychological novel which chronicles the attempts of a provincial young man to rise socially beyond his modest upbringing through a combination of talent, hard work, deception, and hypocrisy. He ultimately allows his passions to betray him. The novel has a two-fold literary purpose, being both a psychological portrait of the romantic protagonist Julien Sorel and an analytic sociological satire of the French social order under the Bourbon Restoration. *The Red & the Black* Stendhal, 1984 Handsome and ambitious Julien Sorel is determined to rise above his humble peasant origins and make something of his life by adopting the code of hypocrisy by which his society operates. Julien ultimately commits a crime out of passion, principle, or insanity that will bring about his downfall. The Red and the Black is a lively satirical picture of French Restoration society after Waterloo, riddled with corruption, greed, and ennui. The complex sympathetic portrayal of Julien, the cold exploiter whose Machiavellian campaign is undercut by his own emotions, makes him Stendhal's most brilliant and human creation and one of the greatest characters in European literature. Translated with an introduction by Roger Gard. *Red and the Black Volume I EasyRead Edit* Stendhal, 2006-11 The Red and the Black is a reflective novel about the rise of poor intellectually gifted people to High Society. Set in 19th-century France, it portrays the era after the exile of Napoleon to St. Helena.
