## **Red And The Great Wall An Impression Of Maos China:**

*The Red Book and the Great Wall* Alberto Moravia, 1968 Translation of La rivoluzione culturale in Cina **Exchanges and Parallels between Italy and East Asia** Gaoheng Zhang, 2019-12-18 This collection of essays is the first English language study to present the latest research on Italy's cultural relationships with China and Japan across the centuries. It explores topics ranging from travel writing to creative arts from translation to religious accommodation and from Cold War politics to Chinese American cuisine. The volume draws on the expertise of an interdisciplinary group of scholars trained and working in Europe, East Asia and North America who re-assess research foci and frames, showcase transcultural and theoretically informed research and help to strengthen this field of study. **Twentieth-century Italian Literature in English Translation** Robin Healey, 1998-01-01 This bibliography lists English language translations of twentieth century Italian literature published chiefly in book form between 1929 and 1997 encompassing fiction, poetry, plays, screenplays, librettos, journals and diaries and correspondence. Italian Literature since 1900 in English Translation 1929-2016 Robin Healey, 2019-03-07 Providing the most complete record possible of texts by Italian writers active after 1900, this annotated bibliography covers over 4,800 distinct editions of writings by some 1,700 Italian authors. Many entries are accompanied by useful notes that provide information on the authors, works, translators and the reception of the translations. This book includes the works of Pirandello, Calvino, Eco and more recently Andrea Camilleri and Valerio Manfredi. Together with Robin Healey's *Italian Literature before 1900 in English Translation* also published by University of Toronto Press in 2011, this volume makes comprehensive information on translations from Italian accessible for schools, libraries and those interested in comparative literature. **Disoriented Disciplines** Rosario Hubert, 2023-12-15 An urgent call to think on the edges, surfaces and turns of the literary artifact when it crosses cultural boundaries. In the absence of specialized programs of study, abstract discussions of China in Latin America took shape in contingent critical infrastructures built at the crossroads of the literary market, cultural diplomacy and commerce. As Rosario Hubert reveals, modernism flourishes comparatively in contexts where cultural criticism is a creative and cosmopolitan practice. *Disoriented Disciplines: China, Latin America and the Shape of World Literature* understands translation as a material act of transfer, decentering the authority of the text and connecting seemingly untranslatable cultural traditions. In this book, chinoiserie, coolie testimonies, Maoist prints, visual poetry and Cold War memoirs compose a massive archive of primary sources that cannot be read or deciphered with the conventional tools of literary criticism. As Hubert demonstrates, even canonical Latin American authors including Jorge Luis Borges, Octavio Paz and Haroldo de Campos write about China from the edges of philology, mediating the concrete as well as the sensorial. Advocating for indisciplinarity as a core method of comparative literary studies, *Disoriented Disciplines* challenges us to interrogate the traditional contours of the archives and approaches that define the geopolitics of knowledge. *Cultural Mobilities Between China and Italy* Valentina Pedone, Gaoheng Zhang, 2023-10-11 This book offers a critical analysis of global

mobilities across China and Italy in history In three periods in the twentieth century new patterns of physical mobilities and cultural contact were established between the two countries which were either novel at the time of their emergence or impactful on subsequent periods The first two chapters provide overviews of writings by Italians in China and by Chinese in Italy in the twentieth century The remaining chapters cover Republican China s relationships with Italy and Italian Fascist colonialism in China during the 1920s 1930s Italian travelers to China during the Cold War from the 1950s to the 1970s migrations between China and Italy during the 2000s 2010s In analyzing these cultural mobilities this book opens a new line of inquiry in Chinese Italian Cultural Studies which has been dominated by historical study and contributes a significant case study to the scholarship on global cultural mobilities **China, Taiwan, Hong Kong** Arlene D. C. Luster, 1969

**World Literature After Empire** Pieter Vanhove, 2021-07-28 This book makes the case that the idea of a world in the cultural and philosophical sense is not an exclusively Western phenomenon During the Cold War and in the wake of decolonization a plethora of historical attempts were made to reinvent the notions of world literature world art and

philosophical universality from an anticolonial perspective Contributing to recent debates on world literature the postcolonial and translatability the book presents a series of interdisciplinary and multilingual case studies spanning Europe the United States and China The case studies illustrate how individual anti imperialist writers and artists set out to remake the conception of the world in their own image by offering a different perspective centered on questions of race gender sexuality global inequality and class The book also discusses how international cultural organizations like the Afro Asian Writers Bureau UNESCO and PEN International attempted to shape this debate across Cold War divides **Select List of Recent Publications** East-West Center. Library,1968 **JFK** L. between the United States and China And perhaps these recollections tell us that governmental concerns are the least important aspect of the ties between our two countries David Bachman Professor University of Washington The year 2014 marks the thirty fifth anniversary of the normalization of the diplomatic relations between the United States and China Author Wendy Liu chose to honor that relationship by compiling thirty five essays that detail some Americans first impressions of their trip to China My First Impression of China presents reflections from a group of prominent Washingtonians including those who established the Washington Sichuan friendship state relationship and the Seattle Chongqing sister city relationship Their first trips to China took place from 1973 to 2008 covering the time the two countries cautiously opened liaison offices in each others capitals to the time of the Beijing Olympics My First Impression of China provides insight into the changes in American attitudes toward China as well as changes in Chinas political cultural and technological landscape
