**A Tour of Fabletown** Neta Gordon, 2016-03-11 In 2002 Vertigo DC Comics published the first issue of Bill Willingham's *Fables*. The series imagined the lives of fairy tale figures Snow White, the Big Bad Wolf, Cinderella, and the ubiquitous Prince Charming among many others as they made new lives for themselves in modern day New York City having fled their storied homeworlds following an invasion. After 150 issues and many awards *Fables* concluded its run in July 2015. This study the first about the sprawling complex series discusses such topics as *Fables*' status as a contemporary adaptation of folk and fairy tales, its use of conventional genres like sword and sorcery, crime, and romance, its portrayal of social and political relationships, and its self-referential moments. Providing a detailed introduction to the themes and ideas in the series, the author explores how *Fables* portrays redemption, the function of community, and how our hopes and fears influence our ideal of happily ever after.

*Thunder in Space* Bj Bennett, 2004-11 From the stars above a sound is approaching. It is the sound of battle. It is the sound of war. It is the sound of THUNDER IN SPACE. The year is 2120 A.D. When an alien race known as the Zidians invades the solar system bent on the conquest and enslavement of Mankind, it's up to Jack Thunder and the men and women of the United States Space Force to defend the Earth. The Zidians are amongst the most feared warriors in the Galaxy. They have spread their Empire across a thousand light years conquering one world after another. Now they have their eyes on Earth. They send a huge war fleet led by their most brilliant military leader, Commander Akdon. But the Earth is much more than the Zidians expect. The Humans have just emerged from a terrible conflict known as the Pirate Wars. They are battle-hardened and armed to the teeth. The mighty Zidians have at last run into a race of beings as aggressive and warlike as themselves. The most colossal war in the history of mankind unfolds as fleets of Starships engage in battles of epic proportions. Carnage and destruction is spread across the Solar System as both Humans and Zidians strive for victory, no matter the cost. Yet unbeknownst to either side, there is yet a third power at play.

**The God Like Powers Series-Volume 1-Bundle** Martin K. Ettington, When dealing with Metaphysics and the Paranormal, there are no degrees or certified experts. Each person writing on these subjects has developed their expertise through their experiences, personal research, and learning over many years. This compilation combines the first five books of my God Like Powers Series into one Bundle: Human Invisibility, Invulnerability, and Shielding, Teleportation, Psychokinesis, Our Energy Body, Auras, and Thoughtforms. The overall approach is to introduce each subject, provide some background and history, and then to provide specific ideas, recommendations, and advice on how to achieve the theme of the book. This compilation is designed to show my overall beliefs and recommendations on several subjects. One of these core beliefs is that we all have a core of the universal spirit inside each of us. That by learning to be centered in this spirit, we improve our happiness, health, and ability to do things which might be considered supernatural or impossible. I hope this compilation provides each reader with some insights which will help improve their lives overall.
