The A to Z of Human Rights and Humanitarian Organizations Robert F. Gorman, Edward S. Mihalkanin, 2009-09-02 While the idea of human rights and humanitarian assistance has ancient roots evidence can be seen in such examples as the Ten Commandments the Bhagavad Gita and the teachings of Confucius and Socrates it wasn't until the 1800s that the first modern humanitarian and human rights organizations came to be The 19th century saw the beginning of the abolitionist movement the forming of a variety of women's suffrage organizations the formation and consolidation of national labor unions and the founding of the Red Cross This was followed by the inextricably intertwined story of war persecution violence and the growth of human rights and humanitarian organizations in the 20th century Bearing witness to some of the most horrific and blatant violations of human dignity the 20th century also beheld the first sustained global efforts to promote human rights at the international level The A to Z of Human Rights and Humanitarian Organizations follows major developments in the arena of human rights including the emergence of terrorism and international responses to it the establishment of an international criminal court the evolution of regional human rights bodies in Africa Europe and Latin America and the proliferation of new non governmental organizations and foundations dedicated to the promotion of human rights This is accomplished through a chronology an introduction appendixes photographs a bibliography and hundreds of cross referenced dictionary entries covering many of the key treaties agreements and definitions of human rights concepts important humanitarian organizations whether private governmental national or international and significant persons and events This realistic assessment of the advances in protection of human rights and the major difficulties still facing them is an excellent tool for students practitioners and libraries *Red Cross* Ann Parry, 2005-01 Introduces the International Red Cross and Red Crescent societies providing information about their history goals and campaigns and the people who work and volunteer for the group **The Professionalization of Humanitarian Organizations** Günter Müller-Stewens, Tami Dinh, Bettina Hartmann, Martin J. Eppler, Fabienne Bünzli, 2018-11-23 This book offers deep insights into the functioning of humanitarian organizations HOs from a managerial perspective Presenting an in depth case study on the International Committee of the Red Cross ICRC it demonstrates how HOs can professionalize the management of their operations by adapting the institutional logic of private corporations and applying their tools and frameworks in the context of a non profit organization The authors discuss the advantages of effective stakeholder and change management for HOs as well as the tensions caused by conflicting institutional logics and ethical conflicts that arise as a result of a violation of the principles of an HO The book appeals to anyone interested in managing non governmental organizations more effectively *The Politics of Humanitarian Organizations Intervention* Ndubisi Obiaga, 2004 Nigeria stands to become the most populous country in Africa accounting for perhaps one fifth of the continent's entire population With its diverse cultures and abundant natural wealth it has attracted attention on the international level Since gaining its independence from Britain in 1960 and the advent

of civil war from 1967 to 1970 Nigeria has been in an upheaval of political and economic change The military rule of the country for more than three decades has further contributed to the breakdown of its first and second republics This book takes a close look at an aspect of Nigeria s development that has to date received inadequate attention the role that humanitarian organizations played during the civil war Using foreign policy historical analysis and the traditional law concept in defining intervention this book will broaden the overall scope of critically analyzing the effect that non governmental agents in a society have on foreign relations By focusing on the role of the humanitarian organization as a societal determinant of foreign policy in the Nigerian Civil War which demonstrates that local humanitarian actions dovetail into international foreign policy choices that are overly political this book fills an up until now serious gap in the literature of Nigeria s development humanitarian organization as a societal determinant of foreign policy in the Nigerian Civil War which demonstrates that local humanitarian actions dovetail into international foreign policy choices that are overly political this book fills an up until now serious gap in the literature of Nigeria s development humanitarian organization as a societal determinant of foreign policy in the Nigerian Civil War which demonstrates that local humanitarian actions dovetail into international foreign policy choices that are overly political this book fills an up until now serious gap in the literature of Nigeria s development
