Red Moon Rising:

Red Moon Rising Matthew Brzezinski, 2024-09-04 A vivid behind the scenes history of the Cold War's space race between the Soviets and Americans following the launch of Sputnik. In his exuberant narrative of the superpower space race, Brzezinski tells the story of American and Soviet decisions with remarkable dramatic even cinematic flair. The New York Times Book Review In *Red Moon Rising* Matthew Brzezinski recounts the dramatic behind the scenes story of the fierce battles on earth that preceded and followed the launch of Sputnik on October 4, 1957. He takes us inside the Kremlin, the White House, secret military facilities, deep cover safe houses, and the halls of Congress to bring to life the Russians and Americans who feared and distrusted their compatriots at least as much as their superpower rivals. Drawing on original interviews and new documentary sources, Brzezinski tells a story rich in the paranoia of the time and the combatants include three U.S. presidents, survivors of the gulag, corporate chieftains, ambitious apparatchiks, rehabilitated Nazis, and a general who won the day by refusing to follow orders. The true story of the birth of the space age has never been told in such vivid detail, and *Red Moon Rising* brings it memorably to life. A spectacular and accessible history of the space race, Brzezinski displays depth, insight, and showmanship. USA Today Brzezinski is a wonderfully colorful writer combining a scientific plotline with the history and characters of a Cold War thriller. The Times London The writing is fast-paced and crisp, the stakes high, and the tension palpable from the first pages of this high-flying account of the early days of the space race between the U.S. and U.S.S.R. Publishers Weekly starred review. Comparable to Paul Dickson's *Sputnik Shock of the Century*, Brzezinski's speedy narrative of the first satellite slings readers from launch pads to conference rooms. A kinetic rendition of Sputnik, this will score with spaceflight buffs. Booklist *Red Moon Rising* Pete Greig, Dave Roberts, 2003 Even with the world getting darker, a new generation is learning to pray and obey like never before. This is their extraordinary story, an honest account of pain and perseverance alongside a pioneering mission and miraculous answers to prayer. It's the story of the 24/7 prayer movement which started in 1999 in England and has since exploded to more than fifty countries. An army of normal individuals are now simultaneously praying night and day around the world. Things will never be the same. *Red Moon Rising* Peter D. Goodgame, 2004-12-01 How does the apocalypse actually begin? What will cause the creator of the universe to intervene in the affairs of humankind, affecting mankind globally, decisively and unmistakably? For the secular world today, the possibility of divine intervention is either ignored or mocked, yet the book of Revelation predicts that a global cataclysm will occur. *Red Moon Rising* offers a challenge both to prophecy skeptics outside the church and to prophecy scholars within the church, with its systematic and sensible chronological model of prophetic events from the birth pangs of the apocalypse to the brief triumph of the antichrist to the final destruction of the beast's kingdom and the second coming of Jesus Christ. *Red Moon Rising* Paula Harrison, 2015 Laney thinks the summer's going to be boring, but how wrong she is. From the moment she sees a blood red moon, things take a turn for the magical. For Laney is a faerie, and things are about to get exciting and mysterious.
