Red On Red Native American Literary Separatism:

Red on Red Craig S. Womack, 1999 How can a square peg fit into a round hole It can't How can a door be unlocked with a pencil It can't How can Native literature be read applying conventional postmodern literary criticism It can't That is Craig Womack's argument in Red on Red Indian communities have their own intellectual and cultural traditions that are well equipped to analyze Native literary production These traditions should be the eyes through which the texts are viewed To analyze a Native text with the methods currently dominant in the academy according to the author is like studying the stars with a magnifying glass In an unconventional and piercingly humorous appeal Womack creates a dialogue between essays on Native literature and fictional letters from Creek characters who comment on the essays Through this conceit Womack demonstrates an alternative approach to American Indian literature with the letters serving as a Creek chorus that offers answers to the questions raised in his more traditional essays Topics range from a comparison of contemporary oral versions of Creek stories and the translations of those stories dating back to the early twentieth century to a queer reading of Cherokee author Lynn Riggs's play The Cherokee Night Womack argues that the meaning of works by native peoples inevitably changes through evaluation by the dominant culture Red on Red is a call for self-determination on the part of Native writers and a demonstration of an important new approach to studying Native works one that engages not only the literature but also the community from which the work grew *Red on Red*, 1999 American Indian Literary Nationalism

Native American Literature Penelope Myrtle Kelsey, 2008-01-01 Scholars and readers continue to wrestle with how best to understand and appreciate the wealth of oral and written literatures created by the Native communities of North America. Are critical frameworks developed by non Natives applicable across cultures or do they reinforce colonialist power and perspectives? Is it appropriate and useful to downplay tribal differences and instead generalize about Native writing and storytelling as a whole? Focusing on Dakota writers and storytellers, Seneca critic Penelope Myrtle Kelsey offers a penetrating assessment of theory and interpretation in indigenous literary criticism in the twenty-first century. *Tribal Theory in Native American Literature* delineates a method for formulating a Native-centered theory or more specifically a use of tribal languages and their concomitant knowledges to derive a worldview or an equivalent to Western theory that is emic to indigenous worldviews. These theoretical frameworks can then be deployed to create insightful readings of Native American texts. Kelsey demonstrates this approach with a fresh look at early Dakota writers including Marie McLaughlin, Charles Eastman, and Zitkala-a and later storytellers such as Elizabeth Cook-Lynn, Ella Deloria, and Philip Red Eagle. This book raises the provocative issue of how Native languages and knowledges were historically excluded from the study of Native American literature and how their encoding in early Native American texts destabilized colonial processes. Cogently argued and well researched, *Tribal Theory in Native American Literature* sets an agenda for indigenous literary criticism and invites scholars to confront the worlds behind the literatures that they analyze.

American Indian Literature Kimberly Wieser-Weryackwe, 2025-07-10 Discover the essential people, works, movements, and themes in American Indian literature. American Indian literature is a varied and vibrant collection of Indigenous artistic expression. American Indian novelists, poets, essayists, and critics have over the last four centuries asserted powerful forms of intellectual and artistic sovereignty, writing in English while building on discrete tribal oral traditions and forms of storytelling. This encyclopedia introduces readers to the key historical and contemporary figures in American Indian literature and their defining works. From the fiery sermons of Methodist minister William A. Pess to the Pulitzer Prize-winning novel *House Made of Dawn* by N. Scott Momaday to the critically acclaimed and commercially successful novels of Louise Erdrich, this book illustrates the indelible and influential imprint American Indians have on the landscape of American letters. Readers are also introduced to the key themes and context of American Indian literature, exploring how it is inextricable from American literary history, the American literary canon, and the narrative of American history, not on the fringes of the American experience but central to it.

Troubling Tricksters Deanna Reder, Linda M. Morra, 2010-02-10 Troubling Tricksters is a collection of theoretical essays creative pieces and critical ruminations that provides a re-visioning of trickster criticism in light of recent backlash against it The complaints of some Indigenous writers the critique from Indigenous nationalist critics and the changing of academic fashion have resulted in few new studies on the trickster For example The Cambridge Companion to Native American Literature 2005 includes only a brief mention of the trickster with skeptical commentary And in 2007 Anishinaabe scholar Niigonwedon Sinclair a contributor to this volume called for a moratorium on studies of the trickster irrelevant to the specific experiences and interests of Indigenous nations One of the objectives of this anthology is then to encourage scholarship that is mindful of the critic's responsibility to communities and to focus discussions on incarnations of tricksters in their particular national contexts The contribution of Troubling Tricksters therefore is twofold to offer a timely counterbalance to this growing critical lacuna and to propose new approaches to trickster studies approaches that have been clearly influenced by the nationalists call for cultural and historical specificity

Cultural Grammars of Nation, Diaspora, and Indigeneity in Canada Christine Kim, Sophie McCall, Melina Baum Singer, 2012-05-09 Cultural Grammars of Nation Diaspora and Indigeneity in Canada considers how the terms of critical debate in literary and cultural studies in Canada have shifted with respect to race nation and difference In asking how Indigenous and diasporic interventions have remapped these debates the contributors argue that a new cultural grammar is at work and attempt to sketch out some of the ways it operates The essays reference pivotal moments in Canadian literary and cultural history and speak to ongoing debates about Canadian nationalism postcolonialism migrancy and transnationalism Topics covered include the Asian race riots in Vancouver in 1907 the cultural memory of internment and dispersal of Japanese Canadians in the 1940s the politics of migrant labour and the domestic labour scheme in the 1960s and the trial of Robert Pickton in Vancouver in 2007 The contributors are particularly interested in how diaspora and indigeneity continue to contribute to this critical reconfiguration and in how conversations about diaspora and indigeneity in the Canadian context have themselves been transformed Cultural Grammars is an attempt to address both the interconnections and the schisms between these multiply fractured critical terms as well as the larger conceptual shifts that have occurred in response to national and postnational arguments
