## **Red Passion And Patience In The Desert:**

*Red* Terry Tempest Williams, 2008-12-30 In this potent collage of stories essays and testimony Williams makes a stirring case for the preservation of America's Redrock Wilderness in the canyon country of southern Utah As passionate as she is persuasive Williams the beloved author of *Refuge* is one of the country's most eloquent and imaginative writers The desert is her blood Here she writes lyrically about the desert's power and vulnerability describing wonders that range from an ancient Puebloan sash of macaw feathers found in Canyonlands National Park to the desert tortoise an animal that can teach us the slow art of revolutionary patience as it extends our notion of kinship with all life She examines the civil war being waged in the West today over public and private uses of land an issue that divides even her own family With grace humor and compassionate intelligence Williams reminds us that the preservation of wildness is not simply a political process but a spiritual one

**The Bioregional Imagination** Tom Lynch, Cheryll Glotfelty, Karla Armbruster, 2012 Bioregionalism is an innovative way of thinking about place and planet from an ecological perspective Although bioregional ideas occur regularly in ecocritical writing until now no systematic effort has been made to outline the principles of bioregional literary criticism and to use it as a way to read write understand and teach literature The twenty-four original essays here are written by an outstanding selection of international scholars The range of bioregions covered is global and includes such diverse places as British Columbia's Meldrum Creek and Italy's Po River Valley the Arctic and the Outback There are even forays into cyberspace and outer space In their comprehensive introduction the editors map the terrain of the bioregional movement including its history and potential to inspire and invigorate place-based and environmental literary criticism Responding to bioregional tenets this volume is divided into four sections The essays in the *Reinhabiting* section narrate experiments in living in place and restoring damaged environments The *Rereading* essays practice bioregional literary criticism both by examining texts with strong ties to bioregional paradigms and by opening other less obvious texts to bioregional analysis In *Reimagining* the essays push bioregionalism to evolve by expanding its corpus of texts coupling its perspectives with other approaches or challenging its core constructs Essays in the *Renewal* section address bioregional pedagogy beginning with local habitat studies and concluding with musings about the Internet In response to the environmental crisis we must reimagine our relationship to the places we inhabit This volume shows how literature and literary studies are fundamental tools to such a reimagining

### **Environmental Awareness and the Design of Literature**

François Specq,2016-10-05 Environmental Awareness and the Design of Literature offers analyses of the diverse ways in which literature helps us escape the rigid frames of commonly assumed worldviews and modes of seeing Literary works are endowed with a capacity not only to reflect or to mediate but to resist our environment and thus to affect and transform our relation to the physical world Each essay points to the way literature shapes the human perception of environment as intellectual adventures and forays that draw upon a number of historical aesthetic philosophical and phenomenological stances

**The North American West in the Twenty-First Century** Brenden W. Rensink,2022-11 In 1893 Frederick Jackson Turner famously argued that the generational process of meeting and conquering the supposedly uncivilized western frontier is what forged American identity In the late twentieth century new western historians dissected the mythologized western histories that Turner and others had long used to embody American triumph and progress While Turner s frontier is no more the West continues to present America with challenging processes to wrestle navigate and overcome **The North American West in the Twenty First Century** edited by Brenden W Rensink takes stories of the late twentieth century modern West and carefully pulls them toward the present explicitly tracing continuity with or unexpected divergence from trajectories established in the 1980s and 1990s Considering a broad range of topics including environment Indigenous peoples geography migration and politics these essays straddle multiple modern frontiers not least of which is the temporal frontier between our unsettled past and uncertain future These forays into the twenty first century West will inspire more scholars to pull histories to the present and by doing so reinsert scholarly findings into contemporary public awareness

**Prairie Dog Empire** Paul A. Johnsgard,2005-01-01 For hundreds of years black tailed prairie dogs inhabited the Great Plains by the millions improving the grazing for bison and pronghorn antelope digging escape holes and homes for burrowing owls and rodents and serving as prey for badgers coyotes hawks and bobcats This book by the renowned naturalist and writer Paul A Johnsgard tells the complex biological and environmental story of the western Great Plains under the prairie dog s reign and then under a brief but devastating century of human dominion An indispensable and highly readable introduction to the ecosystem of the shortgrass prairie **Prairie Dog Empire** describes in clear and detailed terms the habitat and habits of black tailed prairie dogs their subsistence seasonal behavior and the makeup of their vast colonies and the ways in which their towns transform the surrounding terrain for better or worse Johnsgard recounts how this terrain was in turn transformed over the past century by the destruction of prairie dogs and their grassland habitats together with the removal of the bison and their replacement with domestic livestock A disturbing look at profound ecological alterations in the environment this book also offers a rare and invaluable close up view of the rich history and threatened future of the creature once considered the keystone species of the western plains Included are maps drawings and listings of more than two hundred natural grassland preserves where many of the region s native plants and animals may still be seen and studied

**The Impossible Will Take a Little While** Paul Rogat Loeb, 2014-04-29 More relevant than ever this seminal collection of essays encourages us to believe in the power of ordinary citizens to change the world In today's turbulent world it's hard not to feel like we're going backwards after decades of striving justice and equality still seem like far off goals What keeps us going when times get tough How have the leaders and unsung heroes of world changing political movements persevered in the face of cynicism fear and seemingly overwhelming odds In *The Impossible Will Take a Little While* they answer these questions in their own words creating a conversation among some of the most visionary and eloquent voices of our times Today more than ever we need their words and their wisdom In this revised edition Paul Rogat Loeb has comprehensively updated this classic work on what it's like to go up against Goliath whether South African apartheid Mississippi segregation Middle East dictatorships or the corporations driving global climate change Without sugarcoating the obstacles these stories inspire hope to keep moving forward Think of this book as a conversation among some of the most visionary and eloquent voices of our times or any time Contributors include Maya Angelou Diane Ackerman Marian Wright Edelman Wael Ghonim Václav Havel Paul Hawken Seamus Heaney Jonathan Kozol Tony Kushner Audre Lorde Nelson Mandela Bill McKibben Bill Moyers Pablo Neruda Mary Pipher Arundhati Roy Dan Savage Desmond Tutu Alice Walker Cornel West Terry Tempest Williams and Howard Zinn

*Conflicted American Landscapes* David E. Nye, 2021-04-27 How conflicting ideas of nature threaten to fracture America's identity Amber waves of grain purple mountain majesties American invest much of their national identity in sites of natural beauty And yet American lands today are torn by conflicts over science religion identity and politics Creationists believe that the Biblical flood carved landscapes less than 10 000 years ago environmentalists protest pipelines Western states argue that the federal government's land policies throttle free enterprise Native Americans demand protection for sacred sites In this book David Nye looks at Americans irreconcilably conflicting ideas about nature A landscape is conflicted when different groups have different uses for the same location for example when some want to open mining sites that others want to preserve or when suburban development impinges on agriculture Some landscapes are so degraded from careless use that they become toxic anti landscapes Nye traces these conflicts to clashing conceptions of nature ranging from pastoral to Native American to military industrial that cannot be averaged into a compromise Nye argues that today's environmental crisis is rooted in these conflicting ideas about land Depending on your politics global warming is either an inconvenient truth or fake news America's contradictory conceptions of nature are at the heart of a broken national consensus

The Rockies in First Person Ron McFarland, 2014-01-10 The autobiography has not always been acknowledged as true literature Since 1970 however American memoirs have revealed themselves as a respectable literary genre distinct with an inimitable literary voice and a unique capacity to intersect narration and reflection This study focuses critical attention on ten memoirs from the northern U S Rockies including Utah Colorado Wyoming Montana and Idaho By comparing memoirs representing states that share similar demographic ecological and socio economic characteristics this historic and literary analysis reveals both commonalities and divergences among American Western memoirs Each chapter compares two books of similar thematic concerns ranging from regional values and rural evolution to dynamic landscapes and the experiences of American Indians

**Refuge** Terry Tempest Williams, 2015-03-18 In the spring of 1983 Terry Tempest Williams learned that her mother was dying of cancer That same season The Great Salt Lake began to rise to record heights threatening the Bear River Migratory Bird Refuge and the herons owls and snowy egrets that Williams a poet and naturalist had come to gauge her life by One event was nature at its most random the other a by product of rogue

technology Terry's mother and Terry herself had been exposed to the fallout of atomic bomb tests in the 1950s. As it interweaves these narratives of dying and accommodation, Refuge transforms tragedy into a document of renewal and spiritual grace, resulting in a work that has become a classic. *The Epic History of the American West* William Nester, 2025-10-30. The American West evokes powerful imagery: warriors on horseback, cowboys in saloons, and pioneers in wagons heading westward. It symbolizes freedom, reinvention, and the American Dream. However, this idealized image obscures the complex, often violent history of the West, which is as unjust as it is inspiring. Historians debate the boundaries of the American West, but it's clear that it's a dynamic concept, both a place and an idea evolving over time. For three centuries, the frontier and western history overlapped until the frontier disappeared in 1890. Early narratives celebrated explorers, settlers, and entrepreneurs who developed the West, portraying them as heroic figures. However, modern historians criticize this triumphant view, highlighting the exploitation, racism, and ecological damage caused by Western expansion. They focus on marginalized groups: racial minorities, women, and workers, while critiquing the often overlooked injustices faced by Indigenous peoples and others. This revisionist perspective emphasizes the darker aspects of Western history, challenging previous glorifications of development and heroism. *The Epic History of the American West* bridges traditional and revisionist views, exploring the region's complex legacy from violent struggles to ongoing cultural and ideological conflicts. It reflects the West's enduring significance, blending history and mythology to reveal its multifaceted nature. *The Open Space of Democracy* Terry Tempest Williams, 2010-01-01. Terry Tempest Williams presents a sharp-edged perspective on the ethics and politics of place, spiritual democracy, and the responsibilities of citizen engagement. By turns elegiac, inspiring, and passionate, *The Open Space of Democracy* offers a fresh perspective on the critical questions of our time. Hunger for the Wild Michael L. Johnson, 2007. Americans have had an enduring yet ambivalent obsession with the West as both a place and a state of mind. Michael L. Johnson considers how that obsession originated, how it has determined attitudes toward and activities in the West, and how it has changed over the centuries. *This Will Be Remembered of Her* Megan McKenna, 2010-07-15. Examines stories from Scripture of women around the world and of folk traditions for acts of hope, courage, imagination, and compassion amid the challenges of daily life. *Crossing to Safety* Wallace Stegner, 2007-12-18. Introduction by Terry Tempest Williams. Afterword by T. H. Watkins. Called a magnificently crafted story brimming with wisdom by Howard Frank Mosher in *The Washington Post*, *Crossing to Safety* has, since its publication in 1987, established itself as one of the greatest and most cherished American novels of the twentieth century. Tracing the lives, loves, and aspirations of two couples who move between Vermont and Wisconsin, it is a work of quiet majesty, deep compassion, and powerful insight into the alchemy of friendship and marriage. Wilderness Debra Bloomfield, 2014. In the five-year period beginning in 2007, Debra Bloomfield undertook her third photographic landscape project, *Wilderness*. The photographs she created tell us what wilderness means and how to care about it, appreciate it, value its existence, and be concerned about its

future     *Thomas Merton's Gethsemani* Harry L. Hinkle, 2021-12-14 For twenty seven years renowned and beloved monk Thomas Merton 1915 1968 belonged to Our Lady of Gethsemani a Trappist monastery established in 1848 amid the hills and valleys near Bardstown Kentucky In *Thomas Merton's Gethsemani* dramatic black and white photographs by Harry L Hinkle and artful text by Merton scholar Monica Weis converge in a unique experience for lovers of Merton Hinkle was allowed unprecedented access to many areas inside the monastery and on its grounds that are generally restricted His photographs invite the reader to experience the various knobs lakes woods and hermitages Merton sought out for times of solitude and contemplation and for reading and writing These unique images each accompanied by a passage from Merton's writings evoke personal reflection and a deeper understanding of how and why Merton came to recognize himself as a part of his Kentucky landscape Woven throughout the book Weis's text explores Merton's fascination with nature not only at Gethsemani but during his early childhood throughout his spiritual conversion to Roman Catholicism and while a member of the Trappist community She examines how Merton's lifelong interaction with nature subtly revealed and informed his profound spiritual experiences and his writing about contemplation *Thomas Merton's Gethsemani* replicates Merton's path on his solitary hikes in the woods and conveys the wonder of the landscapes that inspired him
