

IRA HIRSCHMANN RED STAR OVER BETHLEHEM

RUSSIA DRIVES FOR THE MIDDLE EAST

THE DEEPENING INVOLVEMENT in the Middle East of both the Soviet Union and the United States has grown into one of the most complex, controversial and frightening international situations. With each passing day, skilled negotiators and diplomats desperately search for some way to establish a viable peace and prevent another armed conflict which could trigger a Third World War.

Ira Hirschmann has had a longtime interest and experience with the Arabs, the Israelis, and the Russians. As an emissary for President Roosevelt, he negotiated the "ransoming" of thousands of Jews from the Nazis. In recent years, he has made numerous trips to the Middle East on fact-finding missions for the U.S. State Department and the United Nations Relief and Works Agency (UNRWA).

In *Red Star Over Bethlehem*, Mr. Hirschmann takes a new look at the crisis in the Middle East and what has happened following the Six Day War of 1967. What he finds is that the Soviet Union has moved in to fill the power vacuum left in the Middle East by the departure of the British and by the preoccupation of the United States with the war in Vietnam.

Red Star Over Behtlehem Russia Drives To Capture The Mddle East:

Red Star Over Bethlehem Ira Arthur Hirschmann,1971 **Understanding the Volatile and Dangerous Middle East** Steven Carol,2019-09-26 The Middle East can be bewildering which is why we need to connect the dots that pull together the political economic diplomatic military cultural and religious pieces of the puzzle Professor Steven Carol slashes through the confusion with a topical approach focusing on key issues such as the geographic features of the Middle East demographics of the region the influence of Islam political processes shifting alliances war in the region and the need for security He also takes a careful look at perpetual negotiations attempts to secure peace and the role that the media play in how we view the region His goal to clarify the confusing nature of Middle East affairs and to combat the mistaken beliefs misrepresentations and outright fabrications about the region In a bid to reclaim the truth he shares basic principles relying on factual supporting evidence to prove their validity Seventy eight maps and numerous tables make understanding complex topics easier Whether you re a student educator bureaucrat or politician you ll find insights based on facts in *Understanding the Volatile and Dangerous Middle East* *Russia and Eastern Europe, 1789-1985* Raymond Pearson,1989 **A Military History of the Modern Middle East** James Brian McNabb,2017-03-09 This timely study synthesizes past history with the major military events and dynamics of the 20th and 21st century Middle East helping readers understand the region s present and look into its future The Middle East has been and will continue to be a major influence on policy around the globe This work reviews the impact of past epochs on the modern Middle East and analyzes key military events that contributed to forming the region and its people By helping readers recognize historical patterns of conflict the book will stimulate a greater understanding of the Middle East as it exists today The work probes cause and effect in major conflicts that include the fall of the Ottoman Empire the World Wars the Arab Israeli wars and the U S wars with Iraq examining the manner in which military operations have been conducted by both internal and external actors New regional groups for example the Gulf Cooperation Council GCC are addressed and pertinent events in Afghanistan and Pakistan are scrutinized Since military affairs are traditionally an extension of politics and economics the three are considered together in historical context as they relate to war and peace The book closes with a chapter on the Arab Awakening and its impact on the future balance of power **Triangles, Symbols, and Constraints** Charles M. Dobbs,2010 In his five plus years as president of the United States Lyndon Johnson witnessed dramatic power struggles within and between the Soviet Union the People s Republic of China and the United States of America New Soviet leaders were determined to build Soviet power and extend Soviet influence Mao s revolutionary ideology so dominated China that there were few levers to move Sino American relations ahead Johnson wanted to ease Cold War tensions by reaching a range of agreements with the Soviet Union on nuclear weapons and establishing relations with the People s Republic of China in order to end its isolation in the world community However multiple events frustrated Johnson s good intentions The Soviet leadership that overthrew Nikita

Khrushchev was committed to expanding its military might before negotiating with Washington it also began focusing more and more on the worsening Sino Soviet split Mao Zedong entered into the Great Proletarian Cultural Revolution and China seemed to devour itself Meanwhile the Vietnam War made negotiations among all three great powers more difficult limiting room to maneuver But Johnson persevered and by 1968 the apparent American retreat symbolized by the North Korean seizure of the USS Pueblo and the Communist Tet Offensive in Vietnam along with the Soviet invasion of Czechoslovakia seemed to change the construct between the great powers Beijing emerging from the worst of the Cultural Revolution increasingly feared Soviet intentions and Moscow wanted to prevent a Sino American rapprochement Although Johnson did not achieve his lofty goals he created the pre conditions that Richard Nixon later harvested for the d tente with Moscow and rapprochement with Beijing Johnson s best intentions fell prey to triangles symbols and constraints
