Reflections On History And Historians

Gordon S. Wood

Reflections On History And Historians:

Reflections on History and Historians Theodore S. Hamerow, 1991 Reflections on History and Historians
Theodore S. Hamerow, 1987 History as a field of learning is in a state of crisis It has lost much of its influence in institutions of higher learning and its place in public esteem Historians have in large part lost touch with the intelligent lay reader and with the undergraduate college student History's value to society is being questioned In this work a distinguished historian views the profession to which he has been devoted for more than thirty years Theodore S Hamerow's learned observations will be welcomed by all historians and by those involved in the management of higher education and should be required reading for all graduate students in history Far from being a sentimental look at the past Hamerow's work confronts the unpleasant reality of the present History he says flatly is a discipline in retreat The profession is in serious trouble and there are no signs that its problems will be resolved in the foreseeable future After identifying the current crisis Hamerow proceeds to trace the development of the profession over the last hundred years and to examine its characteristics in modern society In this section of the book he shares some fascinating practical observations on the ways in which the profession operates Hamerow explains why some historians rise to prominence while others do not He also examines causes of the dissatisfactions that afflict many historians and their students Hamerow also examines the way in which academic historians live their lives as he expands on the daily realities that they face He then explains how those realities have shaped scholarship and led to the new history The broad use of social science methods he observes has had the effect of isolating the new historians from traditional historians indeed from one another Couched in the arcane prose of machine readable languages says Hamerow history has become inaccessible to the intelligent lay reader who had once read historical works with interest understanding and appreciation In concluding his examination Hamerow asks What is the use of history It has long been a favorite question asked by historians but seldom one over which they agonized for very long After considering various arguments for the usefulness of historical investigation Hamerow offers his own justification There are times says Hamerow when even the most spontaneous or instructive cultural pursuits need to be examined in the light of the purposes they serve and the goals they seek Now might be a good time for all historians to take a long look at the direction their discipline has taken in the past century at the functions it has come to perform and at the serious dilemma it now faces Hamerow is a steady and helpful guide to any such examination *Reflections on History* Jacob Burckhardt, 2025-07-27
Originally given as a series of lectures between 1868 and 1871 and attended by Friedrich Nietzsche on whom they had a formative influence these *Reflections on History* present Burckhardt's quintessential view of the processes which have shaped and continue to shape European civilization Jacob Burckhardt 1818-1897 was an historian of art and culture who taught at the University of Basel His major works include *The Civilization of the Renaissance in Italy* *The Age of Constantine* *the Great Judgements on History and Historians* and *The Greeks and Greek Civilization* **Reflections on Modern History**

Hans Kohn,1963 **Force and Freedom** Jacob Burckhardt,2011-06-01 *Force And Freedom* Jacob Burckhardt,2011-10

To America Stephen E. Ambrose,2002-11-11 Completed shortly before Ambrose s untimely death To America is a very personal look at our nation s history through the eyes of one of the twentieth century s most influential historians Ambrose roams the country s history praising the men and women who made it exceptional He considers Jefferson and Washington who were progressive thinkers while living a contradiction as slaveholders and celebrates Lincoln and Roosevelt He recounts Andrew Jackson s stunning defeat of a superior British force in the battle of New Orleans with a ragtag army in the War of 1812 He brings to life Lewis and Clark s grueling journey across the wilderness and the building of the railroad that joined the nation coast to coast Taking swings at political correctness as well as his own early biases Ambrose grapples with the country s historic sins of racism its ill treatment of Native Americans and its tragic errors such as the war in Vietnam which he ardently opposed He contrasts the modern presidencies of Eisenhower Kennedy Nixon and Johnson He considers women s and civil rights immigration philanthropy and nation building Most powerfully in this final volume Ambrose offers an accolade to the historian s mighty calling **The Purpose of the Past** Gordon S. Wood,2008 Wood examines how the

historian s craft has changed radically over the past 40 years This work offers insight into what great historians do how they can stumble and what strains of thought have dominated the marketplace of ideas in historical scholarship **Mirrors of Time** William M. Whitley,1992 On Doing Local History Carol Kammen,1986 *Encyclopedia of Historians and Historical Writing* Kelly Boyd,2019-10-09 The Encyclopedia of Historians and Historical Writing contains over 800 entries ranging from Lord Acton and Anna Comnena to Howard Zinn and from Herodotus to Simon Schama Over 300 contributors from around the world have composed critical assessments of historians from the beginning of historical writing to the present day including individuals from related disciplines like J rgen Habermas and Clifford Geertz whose theoretical contributions have informed historical debate Additionally the Encyclopedia includes some 200 essays treating the development of national regional and topical historiographies from the Ancient Near East to the history of sexuality In addition to the Western tradition it includes substantial assessments of African Asian and Latin American historians and debates on gender and subaltern studies

Essays on history, particularly the Jewish, Assyrian, Persian, Grecian, and Roman, etc John HOLLAND (of Bolton-in-the-Moors.),1815 **Essays on French History and Historians** John Stuart Mill,1985-12-15 J S Mill s deep interest in French intellectual political and social affairs began in 1820 when in his fourteenth year he went to France to live for a year with the family of Sir Samuel Bentham French became his second language and France his second home where he died and was buried in 1873 His interest in history began even earlier when as a child of seven he tried to imitate his father s labours on the History of British India though he never wrote a history in his maturity study of the past remained a passion and helped shape the philosophy of history that informed his views of society and ethics His intense interest in contemporary French politics also led him to seek connections between historical developments and present trends both seen by his from a

Radical perspective appropriate to what he believed to be an age of transition The English historians of France including Walter Scott and Thomas Carlyle as well as the French some of whom were themselves political figures are judged by their historical methods but those methods are seen as having practical effects in shaping as well as revealing the mind of the times This volume brings together for the first time the essays running from 1826 to 1849 that meld these abiding interests They give as well insights into Mill s personal aspirations his developing view of comparative politics and sociology his concern for freedom and his feminism During these years Mill worked on a published his System of Logic Book VI of which shows in condensed form the results of the speculations here developed reading these essays with that work which made his reputation as a philosopher enables one to see the effects of romanticism on analytic thought in a way not as clearly evident even in Mill s Autobiography Independently important then the essays in this volume also enable us to interpret anew the practical and theoretical concerns fundamental to his formative years and maturity John C Cairns Introduction demonstrates how the essays reveal through their reactions to the Revolutions of 1789 1830 and 1848 and to French historiography politics and thought the effect of France on Mill s ideas and also the way in which his other concerns influenced his reactions to France The texts with the variants and notes that are the hallmark of this edition are described in John M Robson s Textual Introduction which explains the editorial principles and methods

The Historian Behind the History Megan L.

Bever, Scott A. Suarez, 2014-11-15 The Historian behind the History is a collection of ten fascinating interviews with southern historians who offer insights into their individual career paths and into the work of professional historians

A Sober Desire for History Sean R. Busick, 2005 Widely regarded as the antebellum South s foremost man of letters William Gilmore Simms 1806 1870 wrote novels and poetry that recently have enjoyed a remarkable resurgence of interest While scholars have previously considered Simms as primarily a poet editor and writer of fiction Sean R Busick contends that the author is more fully understood as a historian In this fresh look at Simms and his contributions Busick brings to light the lasting impact of the South Carolinian s efforts to comprehend American history and to preserve important pieces of the historical record In A Sober Desire for History Busick argues that Simms made five significant contributions to American historiography Simms s achievements include his work as an archivist preserving a wealth of primary source materials that probably would not exist today if not for his efforts as a champion of accessible and well wrought historical writing and as an advocate for what he considered democratic history history that recognizes individuals rather than impersonal forces as the impetus for historical events Loyalists and women traditionally neglected in the telling of American history Finally although Busick shows that Simms published historical romances biographies and a state history he also made an important lasting contribution to the writing of American history through his support and encouragement of other historians Busick addresses among other topics Simms s ideas on the relationship between history and fiction his work as a biographer his writing of the text that would be used to teach history to generations of South Carolina schoolchildren and his controversial 1856 Northern lecture series on

South Carolina's role in the American Revolution

The Study of History, 2000 History is a subject which never stands still. It is always changing its philosophies, its contours, its leading questions, its politics, its conceptual status, and its methodologies. This bibliographical guide to the study of history is wide ranging in scope, extending from the ancient world to the 20th century. It deliberately concentrates on modern historians' views, provides a substantial section on the philosophy of history, charts controversies, and highlights the continual evolution and diversification of history. The material is logically organized in major areas and subsections, and cross references are given where appropriate. An index of authors, editors, and compilers is also provided.

History, Historians, and Autobiography Jeremy D. Popkin, 2005-05-09 Though history and autobiography both claim to tell true stories about the past, historians have traditionally rejected first person accounts as subjective and therefore unreliable. What then asks Jeremy D. Popkin in *History, Historians, and Autobiography* are we to make of the ever increasing number of professional historians who are publishing stories of their own lives? And how is this recent development changing the nature of history writing, the historical profession, and the genre of autobiography? Drawing on the theoretical work of contemporary critics of autobiography and the philosophy of Paul Ricoeur, Popkin reads the autobiographical classics of Edward Gibbon and Henry Adams and the memoirs of contemporary historians such as Emmanuel Le Roy Ladurie, Peter Gay, Jill Ker Conway, and many others. He reveals the contributions historians' life stories make to our understanding of the human experience. Historians' autobiographies, he shows, reveal how scholars arrive at their vocations, the difficulties of writing about modern professional life, and the ways in which personal stories can add to our understanding of historical events such as war, political movements, and the traumas of the Holocaust. An engrossing overview of the way historians view themselves and their profession, this work will be of interest to readers concerned with the ways in which we understand the past, as well as anyone interested in the art of life writing.

New Directions in Social and Cultural History Sasha Handley, Rohan McWilliam, Lucy Noakes, 2018-02-22 What does it mean to be a social and cultural historian today? In the wake of the cultural turn and in an age of digital and public history, what challenges and opportunities await historians in the early 21st century? In this exciting new text, leading historians reflect on key developments in their fields and argue for a range of new directions in social and cultural history. Focusing on emerging areas of historical research such as the history of the emotions and environmental history, *New Directions in Social and Cultural History* is an invaluable guide to the current and future state of the field. The book is divided into three clear sections, each with an editorial introduction and covering key thematic areas: histories of the human, the material world, and challenges and provocations. Each chapter in the collection provides an introduction to the key and recent developments in its specialist field, with the authors then moving on to argue for what they see as particularly important shifts and interventions in the theory and methodology, and suggest future developments. *New Directions in Social and Cultural History* provides a comprehensive and insightful overview of this burgeoning field, which will be important reading for all students and scholars of social and cultural history, and

historiography **The Purpose of the Past**, 2008 History is to society what memory is to the individual without it we don't know who we are and we can't make wise decisions about where we should be going But while the nature of memory is a constant the nature of history has changed radically over the past forty years for good but also for ill Historian Wood examines the sea change in the field offers insight into what historians do and how they can stumble **The Thinking Historian** Eric W. Sager, 2025-01-27 What is history What are historians doing when we create our histories The need for answers is more urgent than ever We live in an era when history is often rejected or ignored and when all teachers of history confront formidable challenges In the culture of screen capitalism and social media historical knowledge is evaded in an expanding present minded consciousness How can history be defended and what is it that we are defending This book argues that history is a mode of thinking a form of imaginative reasoning with its own informal logic In non technical language and using examples from important works of history the book defines core elements in historical thinking These include contingency complexity temporality parts and wholes consilience perspectives analogy and abduction These elements are subsumed into the concept of imaginative reasoning The overall argument echoes the work of hermeneutic philosophers History is a disciplined imagination tempered and empowered by its forms of reasoning It embraces ethical imperatives that the historian has a duty to declare Equipped with such understanding historians may answer the many rejections of history and secure its place in our shared futures

The book delves into Reflections On History And Historians. Reflections On History And Historians is a vital topic that must be grasped by everyone, ranging from students and scholars to the general public. The book will furnish comprehensive and in-depth insights into Reflections On History And Historians, encompassing both the fundamentals and more intricate discussions.

1. The book is structured into several chapters, namely:
 - Chapter 1: Introduction to Reflections On History And Historians
 - Chapter 2: Essential Elements of Reflections On History And Historians
 - Chapter 3: Reflections On History And Historians in Everyday Life
 - Chapter 4: Reflections On History And Historians in Specific Contexts
 - Chapter 5: Conclusion
2. In chapter 1, this book will provide an overview of Reflections On History And Historians. The first chapter will explore what Reflections On History And Historians is, why Reflections On History And Historians is vital, and how to effectively learn about Reflections On History And Historians.
3. In chapter 2, the author will delve into the foundational concepts of Reflections On History And Historians. This chapter will elucidate the essential principles that need to be understood to grasp Reflections On History And Historians in its entirety.
4. In chapter 3, the author will examine the practical applications of Reflections On History And Historians in daily life. This chapter will showcase real-world examples of how Reflections On History And Historians can be effectively utilized in everyday scenarios.
5. In chapter 4, this book will scrutinize the relevance of Reflections On History And Historians in specific contexts. The fourth chapter will explore how Reflections On History And Historians is applied in specialized fields, such as education, business, and technology.
6. In chapter 5, the author will draw a conclusion about Reflections On History And Historians. The final chapter will summarize the key points that have been discussed throughout the book.

The book is crafted in an easy-to-understand language and is complemented by engaging illustrations. It is highly recommended for anyone seeking to gain a comprehensive understanding of Reflections On History And Historians.

Reflections On History And Historians Introduction

In the digital age, access to information has become easier than ever before. The ability to download Reflections On History And Historians has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Reflections On History And Historians has opened up a world of possibilities. Downloading Reflections On History And Historians provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly

convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Reflections On History And Historians has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Reflections On History And Historians. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Reflections On History And Historians. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Reflections On History And Historians, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Reflections On History And Historians has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Reflections On History And Historians Books

1. Where can I buy Reflections On History And Historians books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.

2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
3. How do I choose a Reflections On History And Historians book to read? Genres: Consider the genre you enjoy (fiction, non-fiction, mystery, sci-fi, etc.).
