Regional Development And The Local Community Planning Politics And Social Context

Urlan A. Wannop

Regional Development And The Local Community Planning Politics And Social Context:

Regional Development and the Local Community Clyde Weaver, 1984-11-08 A comprehensive critical history of regional planning in France Britain and the United States beginning with the emergence of regional planning during the late nineteenth century Relates regional planning to the general evolution of social science and analyzes its development in the context of social theory economic and political conditions and societal change

Planning Canadian Regions Gerald Hodge, Ira M. Robinson, 2007-10-01 Planning Canadian Regions is the first book to consolidate the history evolution current practice and future prospects for regional planning in Canada As planners grapple with challenges wrought by globalization the evolution of massive new city regions and the pressures for sustainable and community economic development a deeper understanding of Canada s approaches is invaluable Hodge and Robinson identify the intellectual and conceptual foundations of regional planning and review the history and main modes of regional planning for rural regions economic development regions resource development regions and metropolitan and city regions They draw lessons from Canada s past experience and conclude by proposing a new paradigm addressing the needs of regional planning now and in the future emphasizing regional governance greater inclusiveness and integration of physical planning with planning for economic sustainability and natural ecosystems Planning Canadian Regions will be a much needed text for students and teachers of regional planning and an indispensable reference for planning practitioners It will also find a receptive audience in such disciplines as urban planning environmental studies geography political science public administration and economics

Planning Sustainable Cities and Regions Karen Chapple, 2014-09-15 As global warming advances regions around the world are engaging in revolutionary sustainability planning but with social equity as an afterthought California is at the cutting edge of this movement not only because its regulations actively reduce greenhouse gas emissions but also because its pioneering environmental regulation market innovation and Left Coast politics show how to blend the three Es of sustainability environment economy and equity Planning Sustainable Cities and Regions is the first book to explain what this grand experiment tells us about the most just path moving forward for cities and regions across the globe The book offers chapters about neighbourhoods the economy and poverty using stories from practice to help solve puzzles posed by academic research Based on the most recent demographic and economic trends it overturns conventional ideas about how to build more livable places and vibrant economies that offer opportunity to all This thought provoking book provides a framework to deal with the new inequities created by the movement for more livable and expensive cities so that our best plans for sustainability are promoting more equitable development as well This book will appeal to students of urban studies urban planning and sustainability as well as policymakers planning practitioners and sustainability advocates around the world

Entrepreneurship and Community Economic Development Monica C. Diochon, 2004-05 An exploration of the factors that influence a community s effectiveness in fostering entrepreneurship innovation and economic development The

Regional Imperative Urrall A. Wannop, 2014-02-04 Based on cases and interviews in Britain Europe and the United States this book explains the recurrence of regional planning and of initiatives in regional governance in a wide range of advanced industrial countries Providing an analysis of the nature of regional planning and governance the book traces the development of regional planning and the institutions associated with it It also looks at the way that regions have been changing their form under pressure from economic and political developments and examines how regional planning and governance has responded comparing experience in the UK the rest of Europe and the US In concluding that regionalism is an imperative feature of politics in most countries associated with almost any of the variety of forms of governance the author offers a major appraisal of the significance of regional planning in an international context *Regional Planning* John Glasson, Tim Marshall, 2007 This comprehensive introduction to the concepts and theory of regional planning in the UK Drawing on examples from throughout the UK is the essential up to date text for students interested in all aspects of this increasingly influential subject

Global Challenge and Local Response Walter B. Stöhr, 1990 The volume grew out of research undertaken as a part of the UN University's European Perspectives Project It addresses the consequences of the failure of large scale industrial enterprise and the inability of central government policies to cope with the results of economic restructuring in a series of comparative case studies showing how local communities throughout Europe East and West rural and industrial have responded to economic dislocation and decline and how these local initiatives have become the basis for economic regeneration Annotation copyrighted by Book News Inc Portland OR

International Encyclopedia of Human Geography, 2019-11-29 International Encyclopedia of Human Geography Second Edition Fourteen Volume Set embraces diversity by design and captures the ways in which humans share places and view differences based on gender race nationality location and other factors in other words the things that make people and places different Questions of for example politics economics race relations and migration are introduced and discussed through a geographical lens This updated edition will assist readers in their research by providing factual information historical perspectives theoretical approaches reviews of literature and provocative topical discussions that will stimulate creative thinking Presents the most up to date and comprehensive coverage on the topic of human geography Contains extensive scope and depth of coverage Emphasizes how geographers interact with understand and contribute to problem solving in the contemporary world Places an emphasis on how geography is relevant in a social and interdisciplinary context

Planning Canadian Regions, Second Edition Gerald Hodge, Heather M. Hall, Ira M. Robinson, 2017-01-05 Planning Canadian Regions was the first book to integrate the history contemporary practice and emergent issues of regional planning in Canada This much anticipated second edition brings the discussion up to date applying the same thorough analysis to illuminate the rapid changes now shaping our regional landscapes This new edition draws upon contemporary analyses projects and literature to address issues of spatial complexity now facing regional planners in Canada Special attention is paid to the regional planning

dimensions of climate change adaptation and environmental sustainability across Canada the development inequities faced in peripheral resource regions the role that Aboriginal peoples must play in the planning of their regions and the distinctive planning needs of metropolitan regions across the country This book challenges planners educators and policy makers to engage with the latest thinking and strive for best practices in twenty first century regional planning **Planning the Twentieth-century American City** Mary Corbin Sies, Christopher Silver, 1996 Arguing that planning in practice is far more complicated than historians usually depict the authors examine closely the everyday social political economic ideological bureaucratic and environmental contexts in which planning has occurred In so doing they redefine the nature of planning practice expanding the range of actors and actions that we understand to have shaped urban development
