Regional Integration In Europe And East Asia:

Regional Integration in East Asia and Europe Bertrand Fort, Douglas Webber, 2006-06-19 No existing book provides a systematic description and explanation of the differences and similarities in regional integration levels and processes in Europe and East Asia Apart from also providing a comprehensive issue based overview of political integration in the past and present in the two regions the volume provides a useful reality check to integration theorists who have developed their theories based exclusively or largely on the analysis of the European case Brings together the top scholars on regionalism in Europe and Asia **Regional Integration - Europe and Asia Compared** Woosik Moon, 2017-07-05 This book examines and compares the integration process in both Europe and Asia and draws some possible lessons for East Asia from the European experience The book embraces the political dimension of integration peace and security economic trade and monetary aspects as well as cultural aspects Globalization and Regional Integration in Europe and Asia Dr Nam-Kook Kim, 2013-04-28 This volume discusses the current trend of globalization and the main characteristics of world order focusing specifically on the destiny of the nation state the threat against human rights and conflicts between unilateral hegemony of the USA and Europe It examines the contemporary European experience and compares it with Asian reality with a view to implications for the future development of Asia It also discusses regional integration as a framework for bringing stable peace exploring detailed principles and specific forms of a regional community in Asia Contributors from Europe and Asia critically review previous literature on this topic and suggest new theoretical and empirical grounds of regional community in Asia The book takes the viewpoint of comparative civilization and experiences of European integration to offer meaningful lessons for the future of nation states and the possibility of building regional communities in Asia *Regional Integration in East Asia* , 2010 Regional integration is not a new phenomenon but has become an increasingly important topic of political research with the continued expansion of the European Union as well as an increased number of regional organizations around the globe This paper will seek to use both Europe and East Asia as illustrations in order to better comprehend the driving forces behind integration as well as why some regions are further integrated than others The purpose of this research is to achieve a better understanding of what causes regional integration in hopes of developing a more inclusive theory More specifically it aims to see how integrated the region of East Asia is in particular when compared to Europe Through comparing the two regions and analyzing factors in both Europe and East Asia as determined by current integration theory this research aims to achieve a better understanding of the driving forces behind regional integration as an international phenomenon My research is an attempt to tie together the multiple existing theories of regional integration with the goal of creating a more cohesive and measurable theory With an increased understanding of regional integration we will be better able to both explain and predict integration in both Europe and East Asia as well as other less integrated regions around the world *Regional Integration in East Asia* Amaleia E. Kolovos, 2010 Regional integration is not a new phenomenon but has

become an increasingly important topic of political research with the continued expansion of the European Union as well as an increased number of regional organizations around the globe This paper will seek to use both Europe and East Asia as illustrations in order to better comprehend the driving forces behind integration as well as why some regions are further integrated than others The purpose of this research is to achieve a better understanding of what causes regional integration in hopes of developing a more inclusive theory More specifically it aims to see how integrated the region of East Asia is in particular when compared to Europe Through comparing the two regions and analyzing factors in both Europe and East Asia as determined by current integration theory this research aims to achieve a better understanding of the driving forces behind regional integration as an international phenomenon My research is an attempt to tie together the multiple existing theories of regional integration with the goal of creating a more cohesive and measurable theory With an increased understanding of regional integration we will be better able to both explain and predict integration in both Europe and East Asia as well as other less integrated regions around the world

Drivers of Integration and Regionalism in Europe and Asia Louis Brennan, Philomena Murray, 2015-05-22 This book examines the drivers of regionalism and integration in both Europe and Asia and seeks to forge comparative perspectives between the two regions Comprising contributions from scholars analysts and policymakers this volume explores and debates how and why regional bodies such as the European Union EU and the Association of Southeast Asian Nations ASEAN are formed and sustained Furthermore it examines the drivers of and impediments to regionalism and integration The debates regarding what and who constitute drivers are presented in a fresh thematic and comprehensive manner Leadership and core states are also critically examined whilst material ideational and normative factors are all assessed comparatively Significantly in light of the global financial crisis the book considers the role of crisis as a driver of regionalism and integration This book will be of interest to students scholars and policymakers interested in Asian and European politics and comparative politics

The European Union and East Asia Christopher M. Dent, 1999 This text analyses the economic relationship that has evolved between the European Union and East Asia and its future prospects especially in the wake of the financial crisis that shook East Asia

The Politics of Economic Regionalism K. Cai, 2010-01-20 While major theories of economic regionalism in the existing literature are primarily constructed to explore institutionalized regional integration European integration in particular the analytical framework developed in this work explains the unique process and pattern of regional integration in East Asia

The Asian Way of Regional Integration Rolf J. Langhammer, 2007

European and East Asian Regionalism Jens-Uwe Wunderlich, 2020-10-15 Embedded in the evolving comparative regionalism literature this book offers a systematic analysis of the factors positively and negatively influencing regional institution building The ruptures caused by the Eurozone crises the coronavirus pandemic and by Brexit have renewed the interest in the impact of crises and critical junctures on regionalism here defined as regional institution building Drawing from critical juncture research and historical comparative analysis this volume uses the cases of European

and East Asian regional institution building to systematically analyse institutional transformations during specific historical turning points and critical juncture moments Wunderlich's research offers an in depth analysis of the interrelated drivers spoilers and dissolvers of regional institution building processes in Europe and East Asia and addresses key questions including Under what conditions does regionalism take hold What is influencing the initial institutional design choices What is the impact of historical experiences and well entrenched norms and ideas What are the roles of regional leaders How do external factors influence regional institution building What turns a crisis into a critical juncture and are such junctures threats or opportunities What accounts for variations in institutional responses to crisis events across different regional settings This book will be a valuable resource for scholars of regionalism region building regional governance and international relations of Europe and East Asia
