Regionalism Contested Institution Society And Governance Urban And Regional Planning And Development Series:

Regionalism Contested Henrik Halkier, 2016-12-05 As we move further into the 21st century the prominence of regions can no longer be taken for granted A certain skepticism has developed with regard to the feasibility of marginal regions achieving self sustained growth and states have maintained their role as regulators of economic and social activities Thus the notion of the region and its significance is currently much debated and contested Illustrated with a wide range of European case studies this volume brings together the main strands of these contestations as economic political and social actors attempt to institutionalise their vision of their region as the dominant form of territorial governance It questions both the external delimitation and the internal constitution of regions and critically analyses the societal processes circumscribing ways in which regions are created maintained and undermined The volume provides a wide range of analytical perspectives to enable an understanding of the current mosaic of regionalism in Europe

Leadership and Change in Sustainable Regional Development Markku Sotarauta, Ina Horlings, Joyce Liddle, 2012-09-10 This book shows first of all that leadership plays a crucial role in reinventing regions and branching out from an old path to something new in order to create more balanced and sustainable regional development Second it maintains that leadership is not a solo but a multi agent and level activity and that it needs to be discussed and studied as such Third as the book argues leadership is shaped differently in various institutional and cultural contexts and on different scales This book explores the ways leadership plays out in regional development context contributing to economically socially and ecologically balanced sustainable future

Handbook on City and Regional Leadership Markku Sotarauta, 2021-02-26 In this timely Handbook people emerge at the centre of city and regional development debates from the perspective of leadership It explores individuals and communities not only as units that underpin aggregate measures or elements within systems but as deliberative actors with ambitions desires strategies and objectives

Leadership and the City Markku Sotarauta, 2015-11-06 The 21st century has been dominated by an almost compulsive race to find new pathways for city development As cities seek to regenerate via the knowledge based economy now more than ever dynamic leadership is required order to navigate new and complex challenges while building community This book is about generative leadership in knowledge city development Leadership and the City is rooted in a conviction that the leadership in a city is crucial in order for it to adjust strategically to major transformations and thus secure a good future for its inhabitants The book opens a fresh view of leadership by focusing on generative leaders and their modes of leading instead of spatial categorisations governance structures and or policy contents and processes It investigates generative leadership by elaborating the modes of leadership power and strategies in influence networks The key points are highlighted with several empirical cases These include Akron and Rochester USA Munich Germany Leeds UK Barcelona Spain as well as Helsinki Tampere and Seinäjoki Finland This book will be of interest to

researchers and practitioners concerned with Leadership Urban Studies and Strategic Management **Regional Development and Spatial Planning in an Enlarged European Union** Neil Adams, 2016-04-01 The expansion of the European Union in 2004 has had significant consequences for both existing and new members of the Union New member states are assimilating into a new institutional and policy framework while the changing geography of Europe provides a different context for policy development in pre 2004 member states One of the more important fields in which these changes are impacting is regional development The admission of the new countries changes patterns of economic and social disparities across the territory of the European Union which in turn demands that existing approaches to regional development are reconsidered An approach which has proved to be one of the most innovative is spatial planning This book brings together a team of academics and policy makers from across the new Europe involved in regional development and spatial planning Providing insights into different approaches it offers a valuable opportunity to compare experiences across European borders **Future Challenges in Evaluating and Managing Sustainable Development in the Built Environment** Peter S. Brandon, Patrizia Lombardi, Geoffrey Q. Shen, 2024-09-23 Future Challenges in Sustainable Development within the Built Environment stimulates and reinterprets the demands of Responsible and Sustainable Development in the Built Environment for future action and development It examines the methods of evaluation the use of technology the creation of new models and the role of human factors for examining and developing the subject over the next twenty years *De-coding New Regionalism* Professor James W. Scott, 2012-11-28 Bringing together comparative case studies from Central Europe and South America this book focuses on new regions regions created as political projects of modernization and re scaling Through this approach it de codes New Regionalism in terms of its contributions to institutional change while acknowledging its contested nature and contradictions It questions whether these regions are merely a strategy of neo liberal adjustment to changing political and economic conditions or whether they are indicative of true reform greater citizen participation and empowerment It assesses whether these regions are really representing something new or whether they are a reconfiguration of traditional power relationships It provides a timely critical analysis of region building and the extent to which national processes of decentralization and sub national processes of regionalism can enhance the effectiveness and responsiveness of governance **De-coding New Regionalism** James W.
