Regionalism in American Politics Ira Sharkansky, 1969 *Regionalism in American Politics* Ira Sharkansky, 1970 **The New Politics of Regionalism** Ulf Engel, Heidrun Zinecker, Frank Mattheis, Antje Dietze, Thomas Plötze, 2016-10-04 This edited volume approaches regionalism as one potential pattern in a changing global order Since the end of the Cold War different forms of territorialization have emerged and we are confronted with an increasing number and variety of actors that are establishing regional projects This volume offers an innovative contribution to the study of this new complexity by exploring constellations of regional actors spatial scales and imaginations beyond state centred perspectives as well as on multiple often overlapping levels The chapters analyse the emergence trajectories and outcomes of regionalisms from the perspective of the Global South specifically concentrating on regional projects in Latin America and Africa but also in the Asia Pacific They attempt to identify the specific conditions and junctures of different forms of region making in their external global and internal local national dimensions The volume also places special emphasis on interactions spatial entanglements and comparisons between regionalisms in different parts of the world By expanding beyond the perspective of North South transfers this book seeks to better understand the dynamics and diversity of interregional interactions This volume will appeal to scholars of global studies international political economy international relations human geography and development studies as well as area studies specialists who focus on Latin America and Africa **South American Policy Regionalism** Leslie Elliott Armijo, Markus Fraundorfer, Sybil D. Rhodes, 2024-09-30 Regional cooperation exists but looks different in the global South than in the European Union claim the contributors to South American Policy Regionalism which offers novel theory methods and Latin American case studies of joint governance efforts in nine international policy arenas ranging from illegal drugs to artificial intelligence Contrasting three major schools of thought in international relations highlighting power institutions and ideas this book introduces the idea of international policy regionalism as a framework for informed debate about international policy sector interactions in a regional space Beginning with a conceptual approach applicable to any world region it includes a brief history of Western Hemisphere regionalism to aid in future cross regional comparisons An international group of contributors constructs rich narratives of the politics of Latin American policy sector evolution since the Cold War Besides the aforementioned included sectors span regional development banking infrastructure planning electricity distribution migration governance climate action neglected tropical diseases and food policies This volume equips readers from various academic disciplines and the policy world to understand the relevance of core international relations theory for the analysis of policy sectors that cross national borders both within Latin America and elsewhere and especially throughout the global South Political Encyclopedia of U.S. States and Regions Donald P. Haider-Markel, Michael A. Card, 2009 Providing expert analysis of government and politics in all 50 states and the U S territories this innovative two volume reference fills the critical need for information and analysis of the roles and functions

of state government through accessible state by state and regional overviews of government and politics The Oxford Handbook of Comparative Regionalism Tanja A. Börzel, Thomas Risse, 2016 The Oxford Handbook of Comparative Regionalism the first of its kind offers a systematic and wide ranging survey of the scholarship on regionalism regionalization and regional governance Unpacking the major debates leading authors of the field synthesize the state of the art provide a guide to the comparative study of regionalism and identify future avenues of research Twenty seven chapters review the theoretical and empirical scholarship with regard to the emergence of regionalism the institutional design of regional organizations and issue specific governance as well as the effects of regionalism and its relationship with processes of regionalization The authors explore theories of cooperation integration and diffusion explaining the rise and the different forms of regionalism The handbook also discusses the state of the art on the world regions North America Latin America Europe Eurasia Asia North Africa and the Middle East and Sub Saharan Africa Various chapters survey the literature on regional governance in major issue areas such as security and peace trade and finance environment migration social and gender policies as well as democracy and human rights Finally the handbook engages in cross regional comparisons with regard to institutional design dispute settlement identities and communities legitimacy and democracy as well as inter and transregionalism *Regionalism Under Stress* Detlef Nolte, Brigitte Weiffen, 2020-06-08 Regionalism is under stress The European Union has been challenged by the Eurozone crisis refugee flows terrorist attacks Euroscepticism and Brexit In Latin America regional cooperation has been stagnating Studying Europe and Latin America within a broader comparative perspective this volume provides an analytical framework to assess stress factors facing regionalism The contributors explore how economic and financial crises security challenges identity questions raised by immigration and refugee flows the rise of populism and shifting regional and global power dynamics have had an impact on regionalism whether the EU crisis has had repercussions for regionalisms in other parts of the world and to what extent the impact of stress factors is mediated by characteristics of the region that may provide elements of resilience Written by specialists from Europe and Latin America with a shared interest in the new field of comparative regionalism this book will be an invaluable resource for students scholars and policy specialists in regional integration European politics EU studies Latin American studies and international relations and international law more generally *Post-Hegemonic Regionalism in the Americas* Jose Briceno-Ruiz, Isidro Morales, 2017-01-20 Regionalism in Latin America and the Caribbean has experienced transformations over the last few years After more than a decade of a hegemonic model based solely on free market principles the regional and global transformation that occurred in the first decade of the new millennium modified the way of understanding economic development and the insertion of regional blocs in global affairs Old initiatives have been reconsidered new schemes have emerged and new principles going beyond trade issues have modified the norms and processes of regional economic integration This book reviews these recent transformations to depict and explain the new trends shaping regional blocs and

cooperation in the Americas **The Rise of Post-Hegemonic Regionalism** Pía Riggirozzi, Diana Tussie, 2012-01-07 This book offers a timely analysis and a novel and nuanced argument about post neoliberal models of regional governance in non European contexts It provides the first in depth empirically driven analysis of current models of regional governance in Latin America that emerged out of the crisis of liberalism in the region It contributes to comparative studies of the contemporary global political economy as it advances current literature on the topic by analysing distinctive overlapping and conflicting trajectories of regionalism in Latin America The book critically explores models of transformative regionalism and specific dimensions articulating those models beyond neoliberal consensus building As such it contests the overstated case of integration as converging towards global capitalism It provides an analytical framework that not only examines the what how who and why in the emergence of a specific form of regionalism but sets the ground for addressing two relevant questions that will push the study of regionalism further What factors enable or constrain how transformative a given regionalism is or can be with respect to the powers and policies of states encompassed by it and What factors govern how resilient a given regionalism is likely to be under changing political and economic conditions **Regionalism, Multilateralism, and the Politics of Global Trade** Donald Barry, Ronald C. Keith, 1999 The essays in this volume reflect the current debate about whether the new regionalism and interregional politics of the last decade support or undermine the global trading system Political scientists and international relations scholars from North America examine the changing relationship between regionalism and multilateralism and discuss the implications for national policy in the globalized economy The essays are arranged into four categories covering regionalism globalism and the state the dynamics of regional integration interregional relations and the policy implications particularly for Canada Annotation copyrighted by Book News Inc Portland OR
