Wolak,2016-11-21 Although few might think of Moses as a leader in the contemporary business and political sense Moses is not only among the most significant leaders in Western civilization but is also arguably the quintessential example of a powerful leader from whom much can be learned by anyone entering and occupying leadership positions Various types of leadership approaches are considered that have been advocated by scholars over the past century Moses example as described in the Bible is analyzed to assert why Moses approach makes for an appropriate and compelling form of leadership today While present leadership and management vocabulary might differ from the Hebrew Bible many of the notions advocated by modern leadership theorists appear to parallel major behaviors traits functions experiences and actions ascribed to Moses especially in the first five books of the Hebrew Bible Anyone can view Moses through the lens of a particular religion whether shared or not and still learn considerably from the experience One will find Moses depicted as heroic charismatic and certainly empathic Yet Moses also shows transactional transformational and visionary leadership qualities Hence Religion and Contemporary Management discerns why Moses represents such an important model of effective leadership for contemporary times **Sephardi Entrepreneurs in Jerusalem** Joseph B. Glass,Ruth Kark,2007 Here is the fascinating story of one of Jerusalem s founding families **Seeking the Fabled City** Allan Levine,2018-10-30 In this definitive and meticulously researched account of the Jewish experience in Canada award winning and critically acclaimed author Allan Levine documents a story that is rich accessible often surprising and epic in its scope Relying on an abundance of primary sources and first hand documentation and interviews Seeking the Fabled City chronicles the successes and failures the obstacles overcome and those not conquered of a historic journey and the people who travelled it Seeking the Fabled City is a story that unfolds over 250 years from the decade after the conquest of New France in 1759 when small numbers of Sephardic Jews of Spanish and Portuguese descent arrived in British North America through the great wave of Russian and Eastern European Jewish immigration at the turn of the twentieth century to the present in which Canada s large Jewish community no longer hindered by the anti Semitism of the past is free to flourish This is a chronicle of a people that takes place at hundreds of locales across the country mainly in the large urban centres of Montreal Toronto Vancouver

and Winnipeg but also in west coast and maritime villages and tiny prairie towns in a riveting drama with a cast of thousands Relying on an abundance of primary sources and first hand documentation and interviews Seeking the Fabled City chronicles the successes and failures the obstacles overcome and those not conquered of a historic journey and the people who travelled it
