Hope at Sea Teresa Shewry, 2015-09-16 As far back as Thomas More's *Utopia* and Francis Bacon's *New Atlantis* the Pacific Ocean has inspired literary creations of promising worlds *Hope at Sea* asks how literary writers have more recently conceived the future of ocean living In doing so it provides a new perspective on art and imagination in the face of enormous environmental change Drawing together ecocriticism theories of hope and literary analysis this book explores how literary writers evoke hope in engaging with environmental upheavals that are reshaping life in the Pacific Ocean Teresa Shewry considers contemporary poetry short stories novels art and journalistic pieces from Australia New Zealand Hawai'i and other ocean sites examining their imaginative accounts of present life and future living in places where humans coexist with environmental loss rivers that no longer reach the sea dwindling populations of ocean life the effects of nuclear weapons testing and more These works are connected by their views of a future that includes hope Until now hope has never been theorized in a direct sustained way in ecocriticism *Hope at Sea* makes an argument for hope as a lens for creative and critical confrontation with environmental disruptions and the resulting sense of loss It also reflects on the critical approaches that hope as an analytic category opens up for the study of environmental literature With hope as a critical perspective Shewry develops a method for reading environmental literature literary writers create new ways to apprehend existing environmental realities and craft stories about seas forests cities and rivers that could be not as literal plans but as ways of imagining promising lives in the present world and in the world to come

The SAGE Encyclopedia of World Poverty Mehmet Odekon, 2015-06-15 The SAGE Encyclopedia of World Poverty Second Edition addresses the persistence of poverty across the globe while updating and expanding the landmark work *Encyclopedia of World Poverty* originally published in 2006 prior to the economic calamities of 2008 For instance while continued high rates of income inequality might be unsurprising in developing countries such as Mexico the Organization of Economic Co operation and Development OECD reported in May 2013 even countries with historically low

levels of income inequality have experienced significant increases over the past decade including Denmark Sweden and Germany The U N and the World Bank also emphasize the persistent nature of the problem It is not all bad news In March 2013 the Guardian newspaper reported Some of the poorest people in the world are becoming significantly less poor according to a groundbreaking academic study which has taken a new approach to measuring deprivation The report by Oxford University s poverty and human development initiative predicts that countries among the most impoverished in the world could see acute poverty eradicated within 20 years if they continue at present rates On the other hand the U N says environmental threats from climate change could push billions more into extreme poverty in coming decades All of these points lead to the need for a revised updated and expanded edition of the Encyclopedia of World Poverty Key Features 775 evaluated and updated and 175 entirely new entries New Reader s Guide categories Signed articles with cross references Further Readings will be accompanied by pedagogical elements Updated Chronology Resource Guide Glossary and thorough new Index The SAGE Encyclopedia of World Poverty Second Edition is a dependable source for students and researchers who are researching world poverty making it a must have reference for all academic libraries **The New Melville Studies**

Cody Marrs,2019-03-21 This collection reimagines Melville as both a theorist and a writer approaching his works as philosophical forms in their own right *The Purposes of Paradise* Christine Skwiot,2011-06-06 For half a century the United States has treated Cuba and Hawai i as polar opposites despised nation and beloved state But for more than a century before the Cuban revolution and Hawaiian statehood of 1959 Cuba and Hawai i figured as twin objects of U S imperial desire and as possessions whose tropical island locales might support all manner of fantasy fulfillment cultural financial and geopolitical Using travel and tourism as sites where the pleasures of imperialism met the politics of empire Christine Skwiot untangles the histories of Cuba and Hawai i as integral parts of the Union and keys to U S global power as occupied territories with violent pasts and as fantasy islands ripe with seduction and reward Grounded in a wide array of primary materials that range from government sources and tourist industry records to promotional items and travel narratives The Purposes of Paradise explores the ways travel and tourism shaped U S imperialism in Cuba and Hawai i More broadly Skwiot s comparative approach underscores continuity as well as change in U S imperial thought and practice across the nineteenth and twentieth centuries and across the Atlantic and Pacific oceans Comparing the relationships of Cuba and Hawai i with the United States Skwiot argues offers a way to revisit assumptions about formal versus informal empire territorial versus commercial imperialism and direct versus indirect rule *Culture, Identity, Commodity* Kam Louie,Tseen Khoo,2005 From David Henry Hwang s M Butterfly to Evelyn Lau s Diary of a Runaway to Fred Wah s poetry diasporic Chinese literature in English is reaching wider audiences The interdisciplinary essays in Culture Identity Commodity provide close textual readings and general theoretical frameworks from American Australian and Canadian perspectives for a range of textual productions novels autobiographies plays and Chinese cooking shows that address this dynamic field Established and

emerging scholars offer timely discussions of diasporic Chinese studies drawing on transnational postcolonial globalisation and racialisation theories The collection examines what is at stake in the consideration of diasporic literatures and the connections and fissures emerging in these new critical terrains Book jacket **If Babel Had a Form** Tze-Yin Teo, 2022-04-05 The likeness of form between Chinese and English sentences writes the American Sinologist Ernest Fenollosa around 1906 renders translation from one to the other exceptionally easy If Babel Had a Form asks not if his claim may be true but what its phantasmic surprise may yet do In twentieth century intersections of China and Asia with the United States translations did more than communicate meaning across politicized and racializing differences of language and nation Transpacific translation breached the regulative protocols that created those very differences of human value and cultural meaning The result Tze Yin Teo argues saw translators cleaving to the sounds and shapes of poetry to imagine a translingual likeness of form but not of meaning or kind At stake in this form without meaning is a startling new task of equivalence As a concept equivalence has been rejected for its colonizing epistemology of value naming a broken promise of translation and false premise of comparison Yet the writers studied in this book veered from those ways of knowing to theorize a poetic equivalence negating the colonial foundations of the concept they ignited aporias of meaning into flashpoints for a radical literary translation The book's transpacific readings glean those forms of equivalence from the writing of Fenollosa the vernacular experiments of Boxer Scholar Hu Shi the trilingual musings of Shanghai born Los Angeles novelist Eileen Chang the minor work of the Bay Area Korean American transmedial artist Theresa Cha and a post Tiananmen elegy by the exiled dissident Yang Lian The conclusion returns to the deconstructive genealogy of recent debates on translation and untranslatability displacing the axiom of radical alterity for a no less radical equivalence that remains pace Fenollosa far from easy or exceptional Ultimately If Babel Had a Form illuminates the demanding force of even the slightest sameness entangled in the translator's work of remaking our differences *The Oxford History of Popular Print Culture* Gary Kelly, Joad Raymond, Christine Bold, 2011 Planned nine volume series devoted to the exploration of popular print culture in English from the beginning of the sixteenth century to the present
