Religion and Politics Jan-Erik Lane, Hamadi Redissi, 2020-07-24 Offering a timely new appraisal of the political and social impact of Islam *Religion and Politics* will be welcomed by political scientists and historians alike In this work Jan Erik Lane and Hamadi Redissi employ a Weberian approach underlining the social consequences of religious beliefs to account for the political differences between the major civilizations of the world against the background of the rise of modern capitalism in the Occidental sphere Compared with Weber and his emphasis upon economic modernization the perspective on religion is broadened to encompass post modernity particular attention is paid to human rights and the rule of law This thought provoking work raises the question of whether the tenets of Islam might be reconciled with the requirements of post modernity

Religion and Politics Professor Hamadi Redissi, Professor Jan-Erik Lane, 2013-03-28 Muslim societies are struggling under the need for modernization and the drift towards Islamic fundamentalism The balance between these two forces is struck differently in the various Muslim societies depending upon the constellation of groups as historical legacies However the tension is real In this work Jan Erik Lane and Hamadi Redissi look at the underlying social consequences of religious beliefs to account for the political differences between major civilizations of the world against a background of the rise of modern capitalism Offering a timely new appraisal of the political and social impact of Islam this expanded second edition of *Religion and Politics* has been fully updated in line with new events and will be welcomed by political scientists and historians alike In a readable and accessible style this thought provoking work raises the question of whether the tenets of Islam might be reconciled with the requirements of post modernity

Saudi Clerics and Shi'a Islam Raihan Ismail, 2016-03-07 The Saudi ulama are known for their strong opposition to Shi'a theology Shi'a communities in Saudi Arabia and external Shi'a influences such as Iran and Hezbollah Their potent hostility combined with the influence of the ulama within the Saudi state and the Muslim world has led some commentators to blame the Saudi ulama for what they see as growing sectarian conflict in the Middle East However there is very little understanding of what reasoning lies behind the positions of the ulama and there is a significant gap in the literature dealing with the polemics directed at the Shi'a by the Saudi religious establishment In *Saudi Clerics and Shi'a Islam* Raihan Ismail looks at the discourse of the Saudi ulama

regarding Shiism and Shi'a communities analysing their sermons lectures publications and religious rulings The book finds that the attitudes of the ulama are not only governed by their theological convictions regarding Shiism but are motivated by political events involving the Shi'a within the Saudi state and abroad It also discovers that political events affect the intensity and frequency of the rhetoric of the ulama at any given time
