Religion And Enlightenment In Eighteenth Century England:

Religion and Enlightenment in Eighteenth-century England B. W. Young, 1998 B W Young describes and analyses the intellectual culture of the eighteenth century Church of England in particular relation to those developments traditionally described as constituting the Enlightenment It challenges conventional perceptions of an intellectually moribund institution by contextualising the polemical and scholarly debates in which churchmen engaged In particular it delineates the vigorous clerical culture in which much eighteenth century thought evolved The book traces the creation of a self consciously enlightened tradition within Anglicanism which drew on Erasmianism seventeenth century eirenicism and the legacy of Locke By emphasizing the variety of its intellectual life the book challenges those notions of Enlightenment which advance predominantly political interpretations of this period Thus eighteenth century critics of the Enlightenment notably those who contributed to a burgeoning interest in mysticism are equally integral to this study

Enlightenment and Religion Knud Haakonssen, 2006-11-02 This book makes a comprehensive reassessment of the relationship between Enlightenment and religion in England The debate about an English Enlightenment has centred on the role of religion especially the relationship between the established Anglican Church and the dissenting confessions It has long been accepted that liberal rational dissenters developed an Enlightenment agenda but most literature on this topic is quite out of date These interdisciplinary essays provide a fresh analysis of rational dissent within English Enlightenment culture Equally they contribute to the debate over eighteenth century religion and its social political and intellectual meaning focusing on the Irish and Scottish contributions to English dissent Its wide perspective and research make Enlightenment and Religion an important and original contribution to eighteenth century studies

Religion, Reform and Modernity in the Eighteenth Century Robert G. Ingram, 2007 A new interpretation of English history and religion in the eighteenth century The eighteenth century has long divided critical opinion Some contend that it witnessed the birth of the modern world while others counter that England remained an ancien regime confessional state This book takes issue with both positions arguing that the former overstate the newness of the age and largely misdiagnose the causes of change while the latter rightly point to the persistence of more traditional modes of thought and behaviour but downplay the era s fundamental uncertainty and misplace the reasons for and the timeline of its passage The overwhelming catalyst for change is here seen to be war rather than long term social and economic changes Archbishop Thomas Secker 1693 1768 the Cranmer or Laud of his age and the hitherto neglected church reforms he spearheaded form the particular focus of the book this is the first full archivally based study of a crucial but frequently ignored figure ROBERT G INGRAM is Assistant Professor at the Department of History Ohio University

Religious Identities in Britain, 1660-1832 Robert G. Ingram, 2017-03-02 Through a series of studies focusing on individuals this volume highlights the continued importance of religion and religious identity on British life throughout the long eighteenth century From the Puritan divine and scholar Roger Morrice active at the beginning of the period to Dean

Shipley who died in the reign of George IV the individuals chosen chart a shifting world of enlightenment and revolution whilst simultaneously reaffirming the tremendous influence that religion continued to bring to bear For whilst religion has long enjoyed a central role in the study of sixteenth and seventeenth century British history scholars of religion in the eighteenth century have often felt compelled to prove their subject s worth Sitting uneasily at the juncture between the early modern and modern worlds the eighteenth century has perhaps provided historians with an all too convenient peg on which to hang the origins of a secular society in which religion takes a back seat to politics science and economics Yet as this study makes clear in spite of the undoubted innovations and developments of this period religion continued to be a prime factor in shaping society and culture By exploring important connections between religion politics and identity and asking broad questions about the character of religion in Britain the contributions put into context many of the big issues of the day From the beliefs of the Jacobite rebels to the notions of liberty and toleration to the attitudes to the French Wars the book makes an unambiguous and forceful statement about the centrality of religion to any proper understanding of British public life between the Restoration and the Reform Bill Enlightening enthusiasm Lionel Laborie,2015-10-01 In the early modern period the term enthusiasm was a smear word used to discredit the dissenters of the radical Reformation as dangerous religious fanatics In England the term gained prominence from the Civil War period and throughout the eighteenth century Anglican ministers and the proponents of the Enlightenment used it more widely against Paracelsian chemists experimental philosophers religious dissenters and divines astrologers or anyone claiming superior knowledge But who exactly were these enthusiasts What did they believe in and what impact did they have on their contemporaries This book concentrates on the notorious case of the French Prophets as the epitome of religious enthusiasm in early Enlightenment England Based on new archival research it retraces the formation development and evolution of their movement and sheds new light on key contemporary issues such as millenarianism censorship and the press blasphemy dissent and toleration and madness

British Freemasonry, 1717-1813 Volume 1 Robert Peter,2016-10-26 Freemasonry was a major cultural and social phenomenon and a key element of the Enlightenment It was to have an international influence across the globe This primary resource collection charts a key period in the development of organized Freemasonry culminating in the formation of a single United Grand Lodge of England The secrecy that has surrounded Freemasonry has made it difficult to access information and documents about the organization and its adherents in the past This collection is the result of extensive archival research and transcription and highlights the most significant themes associated with Freemasonry The documents are drawn from masonic collections private archives and libraries worldwide The majority of these texts have never before been republished Documents include rituals some written in code funeral services sermons songs certificates an engraved list of lodges letters pamphlets theatrical prologues and epilogues and articles from newspapers and periodicals This collection will enable researchers to identify many key masons for the first time It will be of interest to students of Freemasonry the Enlightenment

and researchers in eighteenth century studies *Eighteenth-Century Dissent and Cambridge Platonism* Louise Hickman, 2017-05-12 *Eighteenth Century Dissent and Cambridge Platonism* identifies an ethically and politically engaged philosophy of religion in eighteenth century Rational Dissent particularly in the work of Richard Price 1723-1791 and in the radical thought of Mary Wollstonecraft. It traces their ethico-political account of reason, natural theology and human freedom back to seventeenth century Cambridge Platonism and thereby shows how popular histories of the philosophy of religion in modernity have been over-determined both by analytic philosophy of religion and by its critics. The eighteenth century has typically been portrayed as an age of reason defined as a project of rationalism, liberalism and increasing secularisation leading inevitably to nihilism and the collapse of modernity. Within this narrative the Rational Dissenters have been accused of being the culmination of eighteenth century rationalism in Britain, epitomising the philosophy of modernity. This book challenges this reading of history by highlighting the importance of teleology, deformity, the immutability of goodness and the divinity of reason within the tradition of Rational Dissent and it demonstrates that the philosophy and ethics of both Price and Wollstonecraft are profoundly theological. Price's philosophy of political liberty and Wollstonecraft's feminism both grounded in a Platonic conception of freedom are perfectionist and radical rather than liberal. This has important implications for understanding the political nature of eighteenth century philosophical theology: these thinkers represent not so much a shaking off of religion by secular rationality but a challenge to religious and political hegemony. By distinguishing Price and Wollstonecraft from other forms of rationalism including deism and Socinianism, this book takes issue with the popular division of eighteenth century philosophy into rationalistic and empirical strands and through considering the legacy of Cambridge Platonism draws attention to an alternative philosophy of religion that lies between both empiricism and discursive inference.

A Century of Theological and Religious Studies in Britain Ernest Nicholson, 2004-01-15 The essays in this volume give an account of how the agenda for theology and religious studies was set and reset throughout the twentieth century by rapid and at times cataclysmic changes: wars followed by social and academic upheavals in the 1960s by new movements of thought by a bounty of archaeological discoveries and by unprecedented archival research. Further, new trends of study and fresh approaches: existentialist, Marxian, postmodern have in more recent years generated new quests and horizons for reflection and research. The centenary of the British Academy in 2002 has provided a most welcome opportunity for reconsidering the contribution of British scholarship to theological and religious studies in the last hundred years.

[The Wodrow-Kenrick Correspondence 1750-1810](#), 2024-12-12 This is the second volume of the *Wodrow-Kenrick Correspondence 1750-1810*. Reverend James Wodrow 1730-1810, minister of the Church of Scotland at Stevenston in Ayrshire and Samuel Kenrick 1728-1811, tutor to a Renfrewshire family until 1763 and subsequently a merchant and banker in Bewdley, Worcestershire began corresponding around 1750, soon after leaving the University of Glasgow. They continued to do so until James Wodrow's death in 1810. Their correspondence is an exceptionally rich resource for the study of British culture and

society in the era of Enlightenment and revolutions here made easily available to scholars for the first time Samuel Kenrick lived in England from 1765 and the men only met again in 1789 so their friendship was carried out almost entirely on paper for forty five years The correspondence constitutes a remarkable record of a friendship In Volume 2 1784 1790 Wodrow and Kenrick were long established in successful careers and their daughters were now adults A major theme in this book is Mary Kenrick s visit to Scotland to stay with the Wodrow family in summer 1784 and Helen Nell Wodrow s return with her to Bewdley to become part of the Kenrick household until September 1785 Wodrow himself visited Bewdley on the only occasions he ever did this in early September and late October 1788 on his way to and from London to arrange for the publication of two volumes of the sermons of his mentor Principal William Leechman of Glasgow University As well as discussing family friendship and the practicalities of publishing the letters in this volume contain lively and highly readable exchanges on theology and church politics in Scotland and England university politics in Glasgow a wide range of contemporary literature and an enormous spectrum of famous and less well known politicians authors clergymen and local figures in Ayrshire and Worcestershire

British Freemasonry, 1717-1813 Robert Peter, 2016-12-08 Freemasonry was a major cultural and social phenomenon and a key element of the Enlightenment It was to have an international influence across the globe This primary resource collection charts a key period in the development of organized Freemasonry culminating in the formation of a single United Grand Lodge of England The secrecy that has surrounded Freemasonry has made it difficult to access information and documents about the organization and its adherents in the past This collection is the result of extensive archival research and transcription and highlights the most significant themes associated with Freemasonry The documents are drawn from masonic collections private archives and libraries worldwide The majority of these texts have never before been republished Documents include rituals some written in code funeral services sermons songs certificates an engraved list of lodges letters pamphlets theatrical prologues and epilogues and articles from newspapers and periodicals This collection will enable researchers to identify many key masons for the first time It will be of interest to students of Freemasonry the Enlightenment and researchers in eighteenth century studies Includes more than 550 texts Many texts are published here by special arrangement with the Library and Museum of Freemasonry London Contains over 260 pages of newly transcribed manuscript material Documents are organized thematically Full editorial apparatus including general introduction volume introductions headnotes and explanatory endnotes A consolidated index appears in the final volume

The Top Books of the Year Religion And Enlightenment In Eighteenth Century England The year 2023 has witnessed a noteworthy surge in literary brilliance, with numerous compelling novels captivating the hearts of readers worldwide. Lets delve into the realm of top-selling books, exploring the engaging narratives that have enthralled audiences this year. Religion And Enlightenment In Eighteenth Century England : Colleen Hoover's "It Ends with Us" This heartfelt tale of love, loss, and resilience has gripped readers with its raw and emotional exploration of domestic abuse. Hoover masterfully weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can prevail. Uncover the Best : Taylor Jenkins Reid's "The Seven Husbands of Evelyn Hugo" This intriguing historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reid's captivating storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Discover the Magic : Delia Owens' "Where the Crawdads Sing" This captivating coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens crafts a tale of resilience, survival, and the transformative power of nature, captivating readers with its evocative prose and mesmerizing setting. These bestselling novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of captivating stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a masterful and suspenseful novel that will keep you guessing until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
