Rosie Finds A Home:

Rosie Finds A Home J. R. Abbott, 2004-08 Rosie Finds a Home tells the story of how a little lost and scared puppy running the streets in Alabama finds love adventure and a home in the South Carolina Lowcountry After an unsuccessful search for the puppy's home in Birmingham loving rescuers take the puppy to their home in the Charleston Lowcountry The little puppy learns what it means to be a member of a real family Rosie experiences the firsts of growing up like a first car ride a trip to the vet a bath and meeting new people Rosie also learns the importance of a family and longs for adoption by people who will be her parents and love her Rosie endures the pains of rejection while waiting for adoption but in the end learns the real meaning of love *Lives Worth Missing* Declan Burch, 2025-01-03 Rosie is hardly special in any way she doesn't stand out amongst the masses and fades into the background alongside her close knit flock of friends Yet she has always wanted for things to be different for her life to matter even the slightest bit not only to herself but to the enveloping world around her Finally with voices in her head a ring on her finger and death's hand clawing at her she and her friends might just be able to find their worth

Stories from a Sideways Glance Dennis Brown, 2021-06-10 Do you always believe what you see or do you sometimes think

it's all part of your imagination. If something is standing right in front of you, how do you know it is real? What if no one else sees it? Can you prove it? Stories from a Sideways Glance is a series of wonderful and engaging short stories about characters that might prove real to some readers and imaginary to others. You will likely recognize some of these characters from your own life. These gripping stories that will challenge your challenging our assumptions and push pushing us you to think beyond the normal. Does a ghost leave a footprint? How would you explain wild animals gathering to protect a child from a deranged person or a crowd sighting a being that left no footprints in the snow? What if someone you cannot prove is real had a profound effect on changes in your life? This life is filled with contradictions. Most of the time we rationalize these away but some never go away. We believe what we need to to get through the next day. One thing for sure anything that we think is carved in stone often gets proved wrong. Better to keep an open mind less distance to fall. **Rosie's Daughters** Matilda Butler, Kendra Bonnett, 2007 Meet Rosie's Daughters in this collective memoir of American women born during World War II precursors of the Baby Boom generation. Their stories will inform, entertain and surprise you. In these in-depth interviews they are declaring their place in history. **Rosie's Mom** Carrie Brown, 2002 This book restores to history the lives of American women involved in war work during World War I. **Imagining Slaves and Robots in Literature, Film, and Popular Culture** Gregory Jerome Hampton, 2015-10-22 Imagining Slaves and Robots in Literature Film and Popular Culture Reinventing Yesterday's Slave with Tomorrow's Robot is an interdisciplinary study that seeks to investigate and speculate about the relationship between technology and human nature. It is a timely and creative analysis of the ways in which we domesticate technology and the manner in which the history of slavery continues to be utilized in contemporary society. This text interrogates how the domestic slaves of the past are being reimagined as domestic robots of the future. Hampton asserts that the rhetoric used to persuade an entire nation to become dependent on the institution of chattel slavery will be employed to promote the enslavement of technology in the form of humanoid robots with Artificial Intelligence. Imagining Slaves and Robots in Literature Film and Popular Culture makes the claim that science fiction film and popular culture have all been used to normalize the notion of robots in domestic spaces and relationships. In examining the similarities of human slaves and mechanical or biomechanical robots, this text seeks to gain a better understanding of how slaves are created and justified in the imaginations of a supposedly civilized nation. And in doing so, give pause to those who would disassociate America's past from its imminent future. **Alien Conscious: Sixty Years of Abduction Experiences** Leonard Diamond, 2004-11 In Alien Conscious Dr. Leonard Diamond provides a fascinating and wonderful look at human alien interpersonal contact. He follows four individuals who have given him permission to discuss their life experiences, experiences they shared with Dr. Diamond during hundreds of hours of discussion spanning sixty years. The book offers readers a dramatic longitudinal picture of these four children from the age of four to the age of sixty-five as they establish and maintain regular contact with a benevolent race of aliens. These aliens from the planet Dollockinos, a small green planet in the Milky Way Galaxy, help the children to

achieve and contribute to society The Dollockians promote the childrens uniqueness and very atypical creativity utilizing a special chemical process which was unknown to the children for most years of their contact All four children succeed with the Dollockian Plan and make exceptional changes in society through their education their special intellectual qualities and the manner in which they utilize their skills Once their contributions to society were apparent the Dollockians learned their work had been fruitful and they continued to enrich the society of humans In Alien Conscious the Dollockians also clear up many puzzling questions and issues for humanity including the UFO crash at Roswell Dr Diamond also addresses areas such as junk science prediction skills mediums and various other activities associated with alien contactees He provides us with an excellent literature search as well as explanations and discussions of many of the aspects of human alien contact The four contactees freely offer their information and Dr Diamond gives us an intimate view of their relationships with the Dollockians as well as their rich and varied experiences on Dollockinos *The IRA on Film and Television* Mark Connelly,2014-01-10
