## **Ross Perot In His Own Words:**

Ross Perot Tony Chiu, Ross Perot, 1992      *The Big Rio of Ross Perot!* Carole Marsh, 1994 Explains how today's economy has made a special place in national leadership for the self made businessman      *Heartbeat: George Bush in His Own Words* Jim McGrath, 2002-03-02 We are not the sum of our possessions They are not the measures of our lives In our hearts we know what matters We cannot hope only to leave our children a bigger car a bigger bank account We must hope to give them a sense of what it means to be a loyal friend a loving parent a citizen who leaves his home his neighborhood and town better than he found it from President George H W Bush's Inaugural Address January 21 1989 A charming collection of excerpts from the former president's speeches and other writings Heartbeat reveals the basic ideals and beliefs that have served George H W Bush throughout his public and private life He speaks often of what he calls heartbeat It is a simple word a code word referring to personal bedrock values concerning service duty honor friends faith and particularly family As the Bushes prove themselves to be one of the most important political families in U S history this warm and revealing look into the former president's guiding principles could not come at a more important time Culled from Mr Bush's speeches over the course of his presidency and beyond Heartbeat discloses a surprising personal side to the forty first president a warm witty and expressive man In chapters such as 1989 A New Breeze and 1993 2001 Did It with Honor the book features entertaining eloquent and emotional excerpts from the former president's words Sure we must change but some values are timeless I believe in families that stick together and fathers who stick around I happen to believe very deeply in the worth of each individual human being born or unborn I believe in teaching our kids the difference between what's wrong and what's right teaching them respect for hard work and to love their neighbors I believe that America will always have a special place in God's heart as long as He has a special place in ours Being president does have its advantages And this is true I have a TV set there in the White House with five screens one big one in the middle four small ones around it Now I don't have to miss the nightly news when I watch Wheel of Fortune In this single remarkable collection Mr Bush's speeches interviews and other statements paint a poignant portrait not just of the former president but of a man and a family      Ross Perot Carmen Bredeson, 1995 Traces the life of the Texas businessman who ran for president as an independent candidate in 1992

**American Voices** Bernard K. Duffy, Richard Leeman, 2005-08-30 Contemporary public speaking remains an important part of our national life and a substantial force in shaping current events Many of America's most important moments and issues such as wars scandals election campaigns September 11 2001 have been defined by oratory Here over 50 essays cover a substantial and interesting group of major American social political economic and cultural figures from the 1960s to the present Each entry explains the biographical forces that shaped a speaker and his or her rhetorical approach focuses mainly on a discussion of the orator's major speeches within the context of historical events and concludes with an appraisal of the speaker and his or her contribution to American political and social life All entries incorporate chronologies of major

speeches bibliographies including primary sources biographies and critical studies and archival collections or Web sites appropriate for student research Entries include high profile individuals such as John D Ashcroft Elizabeth Dole Jerry Falwell Anita Hill Ralph Nader Ronald Reagan Janet Reno Gloria Steinem Malcolm X and many others Excerpts of major speeches and sidebars complement the text Ideal for researchers and students in public speaking classes American history classes American politics classes contemporary public address classes and rhetorical theory criticism classes *Beyond Glory* Larry Smith, 2003 Twenty three Medal of Honor recipients from World War II the Korean War and the Vietnam War tell their stories

The Politics of Authenticity in Presidential Campaigns, 1976-2008 Erica J. Seifert, 2014-01-10 Authenticity the dominant cultural value of the baby boom generation became central to presidential campaigns in the late 20th century Beginning in 1976 Americans elected six presidents whose campaigns represented evolving standards of authenticity Interacting with the media and their publics these successful presidential candidates structured their campaigns around projecting authentic images and connecting with voters as one of us In the process they rewrote the political playbook redefined presidentiality and changed the terms of the national political discourse This book is predicated on the assumption that it is worth knowing why Golden Rule Thomas Ferguson, 1995-06-15 To discover who rules follow the gold This is the argument of Golden Rule a provocative pungent history of modern American politics Although the role big money plays in defining political outcomes has long been obvious to ordinary Americans most pundits and scholars have virtually dismissed this assumption Even in light of skyrocketing campaign costs the belief that major financial interests primarily determine who parties nominate and where they stand on the issues that in effect Democrats and Republicans are merely the left and right wings of the Property Party has been ignored by most political scientists Offering evidence ranging from the nineteenth century to the 1994 mid term elections Golden Rule shows that voters are right on the money Thomas Ferguson breaks completely with traditional voter centered accounts of party politics In its place he outlines an investment approach in which powerful investors not unorganized voters dominate campaigns and elections Because businesses invest in political parties and their candidates changes in industrial structures between large firms and sectors can alter the agenda of party politics and the shape of public policy Golden Rule presents revised versions of widely read essays in which Ferguson advanced and tested his theory including his seminal study of the role played by capital intensive multinationals and international financiers in the New Deal The chapter Studies in Money Driven Politics brings this aspect of American politics into better focus along with other studies of Federal Reserve policy making and campaign finance in the 1936 election Ferguson analyzes how a changing world economy and other social developments broke up the New Deal system in our own time through careful studies of the 1988 and 1992 elections The essay on 1992 contains an extended analysis of the emergence of the Clinton coalition and Ross Perot s dramatic independent insurgency A postscript on the 1994 elections demonstrates the controlling impact of money on several key campaigns This controversial work by a theorist of money and politics in the U S relates to issues in campaign

finance reform PACs policymaking public financing and how today's elections work      *Understanding the Global Economy* Howard Richards, 2004 *Understanding the Global Economy* names the first step in coping with or transforming the flawed global ethics. To that end, the author explains the economic theory, social science, and thought that formed the basis of the global system. Applied to the sense of our current crisis, this book shows the ethics and forces that make the global market work as it does and how it fails. It presents a balance of the historical basis for global markets with the relevant economic theories, ethics, ideology, inclusive research of all the leading scholars, the current issues of the crisis, and the failed solutions. Through the intellectual background with an expose of the current crisis, the author leads us to a seemingly ironic prescription which he lives: the willing, caring heart of humanity that knows no bounds. The book presents the solution by an analysis of the economic history from antiquity through the present, observations and research of the likely solutions, and decades of proactive work to enact the lasting solution.      *Your Own Words* Barbara Wallraff, 2004-03-10 The author of *The Atlantic Monthly's* Word Court column shows readers how to develop a genuine style that's both correct and personal, a style that expresses the writer at his or her best.      **The Elections of 2016** Michael Nelson, 2017-02-23 Bringing together a host of distinguished scholars, Michael Nelson's *The Elections of 2016* reliably delivers a nuanced analysis of yet another momentous cycle of political contests. No other single volume can expose your students to the depth of analysis and expertise in this title. Whether discussing particular races or taking a broader look at the national trends, these contributors captivate students with engaging stories and political drama while weaving in important scholarship and expert analysis. Available mere months after the election, each chapter, written specifically for this volume, offers readers historical perspective as well as a look forward at the implications for the American political system. New to this Edition: Overview of Donald Trump's campaign and what factors led to him winning the election; Analysis of the role that media and money played in the elections; Provides a look at Congressional elections, their outcomes, and impact.      *Selling to the New Elite* Jim Taylor, Stephen Kraus, Doug Harrison, 2011 Loaded with insight and indispensable techniques, this one-of-a-kind guide shows you how to win over the wealthiest customers and become successful yourself.
