Anonymous in Their Own Names Susan Henry,2021-04-30 Anonymous in Their Own Names recounts the lives of three women who while working as their husbands uncredited professional partners had a profound and enduring impact on the media in the first half of the twentieth century With her husband Edward L Bernays Doris E Fleischman helped found and form the field of public relations Ruth Hale helped her husband Heywood Broun become one of the most popular and influential newspaper columnists of the 1920s and 1930s In 1925 Jane Grant and her husband Harold Ross started the New Yorker magazine Yet these women s achievements have been invisible to countless authors who have written about their husbands This invisibility is especially ironic given that all three were feminists who kept their birth names when they married as a sign of their equality with their husbands then battled the government and societal norms to retain their names Hale and Grant so believed in this cause that in 1921 they founded the Lucy Stone League to help other women keep their names and Grant and Fleischman revived the league in 1950 This was the same year Grant and her second husband William Harris founded White Flower Farm pioneering at that time and today one of the country s most celebrated commercial nurseries Despite strikingly different personalities the three women were friends and lived in overlapping immensely stimulating New York City circles Susan Henry explores their pivotal roles in their husbands extraordinary success and much more including their problematic marriages and their strategies for overcoming barriers that thwarted many of their contemporaries

Mumford on Modern Art in the 1930s Lewis Mumford,2007-02-05 Superbly crafted little essays Lewis Mumford s New Yorker pieces called The Art Galleries well deserve this handsome republication They offer supremely tasteful guided tours of the galleries and museums of Manhattan at the time when the canon of Western art including modernism was being secured against a background of tension between

abstraction and realism and between aestheticism and social commitment The essays are a gift for our own troubled times from one of the great humane and versatile critics of the twentieth century they offer the reassurance of urbanity poise and commitment to art as a primary social necessity Alan Trachtenberg Neil Grey Emeritus Professor of English Yale University
