then escape them in an embarrassing way I have been asked frequently to assist students in memorizing a talk just about the time they were to deliver it The time was too short for them to learn the HAT HEN HAM series of mental pigeonholes as taught in Lesson Two Hence the A B C Method which any one can learn and apply in from five to thirty minutes This method is so simple that it is grasped easily and requires almost no preparation The A B C Memory Code Every one knows his A B C5 The alphabet presents a Ready Made Outline It is necessary merely to take advantage of this outline I have used the alphabet and selected words that sound like the letters These words suggest familiar objects and ideas which are pictured easily These words have been selected with a great deal of care You can learn them in ten minutes because the sound of every letter of the alphabet suggests the word to represent that letter _And every word in turn **The Roth Complete Course of Memory Training** David M.
