Traditional Music and Irish Society: Historical Perspectives Martin Dowling, 2016-02-24 Written from the perspective of a scholar and performer Traditional Music and Irish Society investigates the relation of traditional music to Irish modernity The opening chapter integrates a thorough survey of the early sources of Irish music with recent work on Irish social history in the eighteenth century to explore the question of the antiquity of the tradition and the class locations of its origins Dowling argues in the second chapter that the formation of what is today called Irish traditional music occurred alongside the economic and political modernization of European society in the late eighteenth and early nineteenth centuries Dowling goes on to illustrate the public discourse on music during the Irish revival in newspapers and journals from the 1880s to the First World War also drawing on the works of Pierre Bourdieu and Jacques Lacan to place the field of music within the public sphere of nationalist politics and cultural revival in these decades The situation of music and song in the Irish literary revival is then reflected and interpreted in the life and work of James Joyce and Dowling includes treatment of Joyce s short stories A Mother and The Dead and the Sirens chapter of Ulysses Dowling conducted field work with Northern Irish musicians during 2004 and 2005 and also reflects directly on his own experience performing and working with musicians and arts organizations in order to conclude with an assessment of the current state of traditional music and cultural negotiation in Northern Ireland in the second decade of the twenty first century

Life After Death Peter Holman, 2010 It is often thought that the viola da gamba dropped out of British musical life in the 1690s The author demonstrates that the instrument continued to be used through the 18th and 19th centuries up to the beginning of the early music revival in the 1890s

English This book charts the confluence of Enlightenment antiquarian and romantic energies within Irish literary culture and shows how different writers and genres absorbed dispersed and remade those interests during five decades of political change During those same years literature made its own history By the 1840s Irish writing formed a recognizable body of work which later generations would draw on quote anthologize and dispute Questions raised by novels poems and plays of the late eighteenth and early nineteenth centuries the politics of language and voice the relationship between literature and locality the possibility of literature as a profession resonated for many Irish writers over the centuries that followed and continue to matter today This comprehensive volume will be a key reference for scholars and students of Irish literature and romantic literary studies **Thelonious Monk Quartet with John Coltrane at Carnegie Hall** Gabriel Solis,2014

Thelonious Monk Quartet with John Coltrane at Carnegie Hall is an historical cultural and analytical study of the album by the same name Recorded in 1957 but lost until 2005 it is a particularly interesting lens through which to view jazz both as a historical tradition and as a contemporary cultural form *Ireland and the Reception of the Bible* Bradford A.

Anderson,Jonathan Kearney,2018-04-19 Drawing on the work of leading figures in biblical religious historical and cultural studies in Ireland and beyond this volume explores the reception of the Bible in Ireland focusing on the social and cultural dimensions of such use of the Bible This includes the transmission of the Bible the Bible and identity formation engagement beyond Ireland and cultural and artistic appropriation of the Bible The chapters collected here are particularly useful and insightful for those researching the use and reception of the Bible as well as those with broader interests in social and cultural dimensions of Irish history and Irish studies The chapters challenge the perception in the minds of many that the Bible is a static book with a fixed place in the world that can be relegated to ecclesial contexts and perhaps academic study Rather as this book shows the role of the Bible in the world is much more complex Nowhere is this clearer than in Ireland with its rich and complex religious cultural and social history This volume examines these very issues highlighting the varied ways in which the Bible has impacted Irish life and society as well as the ways in which the cultural specificity of Ireland has impacted the use and development of the Bible both in Ireland and further afield *Fieldwork: Essays on the Cultural History of Music in Ireland* Harry White,2025-06-03 An absorbing study of the development and reception of musical culture in Ireland by a pioneering and deservedly renowned author This volume is a collection of fourteen essays on the history and reception of Irish music and music in Ireland It addresses three prevailing themes the historiography of Irish music the influence of music on Irish writing and vice versa and the cultural identity and reception of Irish music both domestically and in the world at large Its principal protagonists include Thomas Moore W H Grattan Flood George Moore Edward Martyn Charles Villiers Stanford James Joyce Dora Peja evi Ina Boyle Aloys Fleischmann and Jennifer Walshe These essays also identify and interrogate key questions underpinning a general crisis of reception in relation to Irish music and particularly art music within the domain of Irish studies Fieldwork examines this crisis in the aftermath of The Encyclopaedia of Music in

Ireland published in 2013 and a major retrospective of Irish art music *Composing the Island* curated and presented in 2016 It thereby engages closely with contemporary Irish art music and the challenges which this music has faced in the early decades of the twenty first century This well conceived and beautifully written work testifies to Harry White s central place in the shaping of the discourse surrounding the cultural history of Irish music over the last 40 years White s gift for expression and memorably poetic turns of phrase allows the complexity of ideas and range of historical and literary knowledge examined in these essays to be deftly excavated and evaluated Curiosity provocativeness imagination and literature are threaded through his exploration of how Irish history and experience have been imagined musically *Salomon and the Burneys* Ian Woodfield,2017-07-05 Johann Peter Salomon the celebrated violinist and impresario made his debut in England in March 1781 History has credited Salomon with bringing Haydn to London yet as Ian Woodfield reveals in this monograph Salomon s introduction of the composer to the London musical scene owed as much to luck as to skilful planning Haydn s engagement in London proved to be a much needed uplift to Salomon s career which as Woodfield illustrates had been on the wane for a number of years In addition to its reassessment of Salomon s uneven career in London during the 1780s this book throws light on the general relationship between public and private spheres of professional music making at the time and on the relationship between the social and professional attributes required of musicians if they were to be successful Nowhere are these tensions better illustrated than in the letters and journals of the Burney family especially those of Susan Burney which are drawn on in the book to provide a vivid picture of the fiercely competitive musical world of eighteenth century London

Bunting's Messiah Roy Johnston,2003 Famous for his *Ancient music of Ireland* Bunting was trained in classical music In 1813 he organized a festival in Belfast with *Messiah* as a highlight for which unusually complete records survive Johnston also charts the relationships between the various versions of Handel s work in Britain and Ireland *The Journals and Letters of Susan Burney* Philip Olleson,2016-03-09 Susan Burney 1755 1800 was the third daughter of the music historian Charles Burney and the younger sister of the novelist Frances Fanny Burney She grew up in London where she was able to observe at close quarters the musical life of the capital and to meet the many musicians men of letters and artists who visited the family home After her marriage in 1782 to Molesworth Phillips a Royal Marines officer who served with Captain Cook on his last voyage she lived in Surrey and later in rural Ireland Burney was a knowledgeable enthusiast for music and particularly for opera with discriminating tastes and the ability to capture vividly musical life and the personalities involved in it Her extensive journals and letters a selection from which is presented here provide a striking portrait of social domestic and cultural life in London the Home Counties and in Ireland in the late eighteenth century They are of the greatest importance and interest to music and theatre historians and also contain much that will be of significance and interest for Burney scholars social historians of England and Ireland women s historians and historians of the family **Votaries of Apollo** Nicholas Michael Butler,2007 A comprehensive account of the musical culture of Charlestone s golden age *Music*
