Derry,2003-11-11 How did animal breeding emerge as a movement Who took part and for what reasons How do the pedigree and market systems work What light might the movement shed on the assumptions behind human eugenics In **Bred for Perfection** Margaret Derry provides the most comprehensive and accessible book yet published on the human quest to improve and develop livestock Derry herself a breeder and trained historian of science explores the triangle of genetics eugenics and practical breeding focusing on Shorthorn cattle show dogs and working dogs and one type of purebred horse the Arabian By examining specific breeders and the animals they produced she illuminates the role of technology genetics culture and economics in the system of purebred breeding **Bred for Perfection** also provides the historical context in which this system arose adding to our understanding of how domestication works and how our welfare since the dawn of time has been intertwined with the lives of animals American Agriculturist ,1900 **The Kennel Club** Edward William Jaquet,1905 Dogdom ,1912 American Sheep Breeder and Wool Grower ,1907 Cyclopedia of American Agriculture: Animals Liberty Hyde Bailey,1908 The Dog Fancier ,1922 Stuck Moving Peter Benson,2023-04-11 This one of a kind literary and conceptual experiment does anthropology differently in all the wrong ways No field trips No other cultures This is a personal journey within anthropology itself and a kind of love story A critical candid hilarious take on the culture of academia and ultimately contemporary society Stuck Moving follows a professor affected by bipolar disorder drug addiction

and a stalled career who searches for meaning and purpose within a sanctimonious discipline and a society in shambles It takes aim at the ableist conceit that anthropologists are outside observers studying a messy world The lens of analysis is reversed to expose the backstage of academic work and life and the unbecoming self behind scholarship Blending cultural studies psychoanalysis comedy screenwriting music lyrics and poetry Stuck Moving abandons anthropology's rigid genre conventions suffocating solemnity and enduring colonial model of extractive knowledge production By satirizing the discipline's function as a culture resource for global health and the neoliberal university this book unsettles anthropology's hopeful claims about its own role in social change
