Roughing It in the Bush Susanna Moodie, Moodie Dunbar, J. W., 2017-10-07 Roughing It in the Bush Full title Roughing It in The Bush or Forest Life in Canada is an account of life as a Canadian settler by Susanna Moodie Moodie immigrated to Upper Canada soon to become Canada West near modern day Peterborough Ontario during the 1830s At the suggestion of her editor she wrote a guide to settler life for British subjects considering coming to Canada Roughing It in the Bush was first published in London in 1852 then Toronto in 1871 It was Moodie s most successful literary work The work is part memoir part novelization of her experiences and is structured as a chronological series of sketches Roughing It in the Bush Roughing It in the Bush was part of a trilogy Moodie wrote to chronicle the immigrant experience in Canada The other works that complete the trilogy are Flora Lyndsay 1854 a prequel that describes the initial preparations for immigration and an exploration of Canadian towns and institutions in Life in the Clearings 1853 Moodie s publishing background in Canada consisted of short contributions to periodicals She contributed to The Literary Garland of Montreal beginning in late 1838 She was one of the principal contributors over the next 12 years publishing serialized novels based on English life several of them expansions of

earlier short work poems on Old World and Canadian subjects and most important a series of six Canadian Sketches that formed the nucleus of *Roughing It in the Bush* 3 Moodie's account of the hardships of settler life contrasted sharply against the image conjured by the British advertisers Moodie's tone is frank and her style is vividly descriptive The conduct of many of the settlers who considered themselves gentlemen and would have been very much affronted to have been called otherwise was often more reprehensible than that of the poor Irish emigrants to whom they should have set an example of order and sobriety The behaviour of these young men drew upon them the severe but just censures of the poorer class whom they regarded in every way as their inferiors That blackguard calls himself a gentleman In what respect is he better than us was an observation too frequently made use of at these gatherings To see a bad man in the very worst point of view follow him to a bee be he profane licentious quarrelsome or a rogue all his native wickedness will be fully developed there Chapter 7 Our Logging Bee Disorientation in a new environment the dirty and exhausting physical demands of land clearing and house raising and the gossip and friction amongst the new settlers are explored in detail Moodie added touches of humour but there is an underlying irony to such passages emphasizing the disconnect between immigrant illusions and Canadian realities Moodie's treatment of the settler experience differed from the works published by her sister Catharine Parr Traill The *Backwoods of Canada* 1836 by Traill presents a more pragmatic and optimistic account stressing the scientific and the factual examination of settlement realities Susanna Moodie born Strickland 6 December 1803 8 April 1885 was an English born Canadian author who wrote about her experiences as a settler in Canada which was a British colony at the time Moodie J W Dunbar John Wedderburn Dunbar 1797 1869 ***Roughing it in the Bush; Or Life in Canada.
