**Library of Congress Subject Headings** Library of Congress, 1998 **Periodization in the Art Historiographies of Central and Eastern Europe** Shona Kallestrup, Magdalena Kunińska, Mihnea Alexandru Mihail, Anna Adashinskaya, Cosmin Minea, 2022-06-07 This volume critically investigates how art historians writing about Central and Eastern Europe in the late nineteenth and early twentieth centuries engaged with periodization At the heart of much of their writing lay the ideological project of nation building Hence discourses around periodization such as the mythicizing of certain periods the invention of historical continuity and the assertion of national specificity contributed strongly to identity construction Central to the book's approach is a transnational exploration of how the art histories of the region not only interacted with established Western periodizations but also resonated and entangled with each other In their efforts to develop more sympathetic frameworks that refined ignored or hybridized Western models they sought to overcome the centre periphery paradigm which equated distance from the centre with temporal belatedness and artistic backwardness The book thus demonstrates that the concept of periodization is far from neutral or strictly descriptive and that its use in art history needs to be reconsidered Bringing together a broad range of scholars from different European institutions the volume offers a unique new perspective on Central and Eastern European art historiography It will be of interest to scholars working in art history historiography and European studies The Open Access version of this book available at <http://www.taylorfrancis.com> has been made available under a Creative Commons Attribution Non Commercial No Derivatives 4.0 license **Library of Congress Subject Headings** Library of Congress. Boguslaw Schaeffer, 2012-08-21. I place Boguslaw Schaeffer's genius firmly at the centre of the European cultural heritage which expressed avant-gardism during my lifetime. Richard Demarco. This anthology of plays by Boguslaw Schaeffer, a Polish playwright, composer, musicologist and graphic designer, includes his most frequently performed works: *Scenario for a Non Existing but Possible Instrumental Actor* (1976), *Quartet for Four Actors* (1979) and *Scenario for Three Actors* (1987). The plays are examples of Instrumental Theatre. Like Schaeffer's microtonal compositions, they are carefully structured and employ cyclical repetitions and codes. Schaeffer's most famous instrumental play, the *Quartet for Four Actors*, has been so successful that it has been staged by practically every Polish theatre. *Scenario for a Non Existing but Possible Instrumental Actor* opened in 1976 and has since been staged over 1,500 times around the world. During its 40-year run, it has been critically acclaimed and has won many awards, including the 1995 Grand Prix at New York's Theatre Festival. Winner of many prestigious international awards, *Scenario for Three Actors* has been a permanent fixture in many Polish theatres since its premiere. Schaeffer is a universal artist, unafraid to explore a range of fields, forms and subject matter, and his theatre, like his music, defies previous established conventions and techniques, surprising its audiences with innovative and invigorating form and style.
