Route 66 Ad:

Route 66 A.D. Tony Perrottet, 2002 The ancient Romans were responsible for many remarkable achievements Roman numerals straight roads but one of their lesser known contributions was the creation of the tourist industry The first society in history to enjoy safe and easy travel Romans embarked in droves on the original Grand Tour traveling from the lost city of Troy to the top of the Acropolis in Athens from the fallen Colossus at Rhodes to the Pyramids of Egypt ending with the obligatory Nile cruise to the very edge of the Empire And as travel writer Tony Perrottet discovers the popularity of this route has only increased with time Perrottet first discovered the origins of this ancient itinerary when he came across the world's oldest surviving guidebook in the New York Public Library Intrigued by the possibility of re-creating the tour and wanting to seize the opportunity for one last excursion with his pregnant girlfriend before their lives changed forever Perrottet set off to rediscover life as an ancient Roman He was armed for travel with only the essentials a backpack full of ancient texts and a second century highway map reproduced on a twenty foot long scroll As he retraced the historic route fighting the crowds and reading aloud to his two thousand year old descriptions of bad food inadequate accommodations and pushy tour guides it became clear to him that tourism has actually changed very little since Caesar's day A lively blend of fascinating historical anecdotes and hilarious personal encounters interspersed with irreverent and often eerily prescient quotes from the ancients Route 66 A.D. vividly recaptures the magic of the Roman Empire in all its complexity and wonder

Route 66 Roadside Signs and Advertisements Joe Sonderman, 2016-12-01 Seeing this panoply of signs splashed across the pages in Route 66 Roadside Signs and Advertisements is almost as good as taking a road trip You can get your kicks and pretty much anything else on Route 66 provided you see the sign that's advertising it Route 66 Roadside Signs and Advertisements showcases the colorful history of commercial signage along the Mother Road From kitschy to classy this book includes photos of early vintage signs as well as modern signs The vivid photos are organized according to type of establishment the signs are for such as roadside attractions motels restaurants businesses of ill repute bars strip clubs etc and more While Route 66 Roadside Signs and Advertisements places emphasis on high quality visuals it also includes anecdotes and history about the signs that sprang up along the sides of Route 66 The most famous Route 66 signs get center stage treatment in the book with two page spreads accompanied by detailed text Such signs include icons like the Blue Swallow in Tucumcari New Mexico the Munger Moss in Lebanon Missouri the U Drop Inn at Shamrock Texas and the El Vado in Albuquerque New Mexico Additional information is included such as background about buzzing neon lights how these signs are actually made and how they get restored Each image from this famous American roadway could be a postcard so allow yourself to be rubbernecked by Route 66 Signs and Advertisements

Sign Wars Robert Goldman, Stephen Papson, 1996-05-21 Television has become so saturated with commercials that it is difficult at times to tell the different images apart much less remember or care about them But on closer look television commercials can tell us a great deal about the interplay of market forces contemporary culture and corporate politics This book views contemporary ad culture as an ever accelerating war of meaning The authors show how corporate symbols or signs vie for attention span and market share by appropriating and quickly abandoning diverse elements of culture to differentiate products that may be in themselves virtually indistinguishable The resulting sign wars are both a cause and a consequence of a media culture that is cynical and jaded but striving for authenticity Including more than 100 illustrations and numerous examples from recent campaigns this book provides a critical review of the culture of advertising It exposes the contradictions that stem from turning culture into a commodity and illuminates the impact of television commercials on the way we see and understand the world around us

Europe on 5 Wrong Turns a Day Douglas S. Mack, 2012-04-03 Prepare to Get Lost on the Beaten Path When Doug Mack picked up a

1963 edition of Europe on Five Dollars a Day he stumbled on an inspired idea to boldly go where millions have gone before relying only on the advice of a travel guide that's nearly a half century out of date. Add to the mix his mother's much documented grand tour through Europe in the late 1960s and the result is a funny and fascinating journey into a new old world and a disarming look at the ways the classic tourist experience has changed and has not in the last generation. After a whirlwind adventure spanning eight countries and costing way more than five dollars a day Mack's endearing account is part time travel part paean to Arthur Frommer's much loved guide and a celebration of the modern traveler's grand and not so grand tour. **Abridgements of Specifications, Class 1-146 ...
