PETER D. SMITH and JAMES L. SHAFER

Routledge Companion To Fascism

A. Kallis

Routledge Companion To Fascism:

The Routledge Companion to Fascism and the Far Right Peter Davies, Derek Lynch, 2002 An engaging and accessible guide to the origins of fascism the main facets of the ideology and the reality of fascist government around the world *The Routledge Companion to Italian Fascist Architecture* Kay Bea Jones, Stephanie Pilat, 2020-04-30 Today nearly a century after the National Fascist Party came to power in Italy questions about the built legacy of the regime provoke polemics among architects and scholars Mussolini's government constructed thousands of new buildings across the Italian Peninsula and islands and in colonial territories From hospitals post offices and stadia to housing summer camps Fascist Party Headquarters ceremonial spaces roads railways and bridges the physical traces of the regime have a presence in nearly every Italian town The Routledge Companion to Italian Fascist Architecture investigates what has become of the architectural and urban projects of Italian fascism how sites have been transformed or adapted and what constitutes the meaning of these buildings and cities today The essays include a rich array of new arguments by both senior and early career scholars from Italy and beyond They examine the reception of fascist architecture through studies of destruction and adaptation debates over reuse artistic interventions and even routine daily practices which may slowly alter collective understandings of such places Paolo Portoghesi sheds light on the subject from his internal perspective while Harald Bodenschatz situates Italy among period totalitarian authorities and their symbols across Europe Section editors frame synthesize and moderate essays that explore fascism's afterlife how the physical legacy of the regime has been altered and preserved and what it means now This critical history of interpretations of fascist era architecture and urban projects broadens our understanding of the relationships among politics identity memory and place This companion will be of interest to students and scholars in a range of fields including Italian history architectural history cultural studies visual sociology political science and art history **The Routledge Companion to Early Modern Europe, 1453-1763** Chris Cook, Philip Broadhead, 2006 Covers the events as Europe transformed during the period from the Renaissance to the Enlightenment

Rethinking Fascism and Dictatorship in Europe A. Kallis, 2014-09-25 Fascism exerted a crucial ideological and political influence across Europe and beyond Its appeal reached much further than the expanding transnational circle of fascists crossing into the territory of the mainstream authoritarian and traditional right Meanwhile fascism's seemingly inexorable rise unfolded against the backdrop of a dramatic shift towards dictatorship in large parts of Europe during the 1920s and especially 1930s These dictatorships shared a growing conviction that fascism was the driving force of a new post liberal fiercely nationalist and anti communist order The ten contributions to this volume seek to capture theoretically and empirically the complex transnational dynamic between interwar dictatorships This dynamic involving diffusion of ideas and practices cross fertilisation and reflexive adaptation muddled the boundaries between fascist and authoritarian constituencies of the interwar European right The SAGE Handbook of Political Sociology, 2v William Outhwaite, Stephen

Turner,2017-10-30 The SAGE Handbook of Political Sociology offers a comprehensive and contemporary look at this evolving field of study The focus is on political life itself and the chapters written by a highly respected and international team of authors cover the core themes which need to be understood in order to study political life from a sociological perspective or simply to understand the political world The two volumes are structured around five key areas PART 1 TRADITIONS AND PERSPECTIVES PART 2 CORE CONCEPTS PART 03 POLITICAL IDEOLOGIES AND MOVEMENTS PART 04 TOPICS PART 05 WORLD REGIONS This future oriented and cross disciplinary handbook is a landmark text for students and scholars interested in the social investigation of politics **The Life and Work of Ernesto De Martino** Flavio A.

Geissshuesler,2021-08-09 In The Life and Work of Ernesto de Martino Italian Perspectives on Apocalypse and Rebirth in the Modern Study of Religion Flavio A Geissshuesler offers a comprehensive study of one of Italy s most colorful historians of religions The book inserts de Martino s dramatic life trajectory within the intellectual climate and the socio political context of his age in order to offer a fresh perspective on the evolution of the discipline of religious studies during the 20th century Demonstrating that scholarship on religion was animated by moments of fear of the apocalypse it brings de Martino s perspective into conversation with Mircea Eliade Claude L vi Strauss and Clifford Geertz in order to recover an Italian approach that promises to redeem religious studies as a relevant and revitalizing field of research in the contemporary climate of crisis Entangled Histories of the Balkans - Volume Two Roumen Daskalov,Diana Mishkova,2013-11-14 Modern Balkan history has traditionally been studied by national historians in terms of separate national histories taking place within bounded state territories The authors in this volume take a different approach They all seek to treat the modern history of the region from a transnational and relational perspective in terms of shared and connected as well as entangled histories transfers and crossings This goes along with an interest in the way ideas institutions and techniques were selected transferred and adapted to Balkan conditions and how they interacted with those conditions resulting in m langes and hybridization The volume also invites reflection on the interacting entities in the very process of their creation and consecutive transformations rather than taking them as givens Contributors include Diana Mishkova Alexander Vezekov Constantin Iordachi Roumen Daskalov Tchavdar Marinov Blagovest Njagulov *Fighting the Last War* Jeffrey M. Bale,Tamir Bar-On,2024-01-24 The authors argue that the potential threat of a resurgence of fascism has been consistently exaggerated from 1945 until present day that the ongoing lack of conceptual and definitional clarity with respect to terms like fascism the radical right the alt right white supremacism populism racism etc has enabled ill informed or dishonest commentators to distort their meaning and abusively misapply those labels so as to delegitimize their political opponents and that the political and economic elites in charge of contemporary Western societies are now deliberately exaggerating and exploiting the threat posed by the domestic radical right in order to facilitate vilifying harassing de platforming censoring canceling and repressing disgruntled citizens no matter where they may lie along the political spectrum who openly criticize and vigorously

oppose their agendas The authors also advocate the use of well established scholarly methods for carrying out research on the right and provide precise definitions of various terms in order to facilitate the development of more accurate categorizations New Perspectives on the Transnational Right M. Durham,2016-06-08 The links the conservative Right has sought to forge beyond the national over the last century have been too often neglected and this volume sheds new light on transnationalism the Right and the ways the two interact **International Bibliography of Political Science** British Library of Political and Economic Science,2003-10-23 IBSS is the essential tool for librarians university departments research institutions and any public or private institution whose work requires access to up to date and comprehensive knowledge of the social sciences Ideology and Hegemony of English Foreign Language Textbooks Ömer Gökhan Ulum,Dinçay Köksal,2020-01-27 This volume investigates ideological and hegemonic practices in globally and locally written English as a Foreign Language EFL textbooks and explores whether these textbooks reflect the values beliefs and norms of the native speaker society by examining their ideological components and the hegemonic practices by means of which the source society or state seeks to influence learners of the language It also attempts to clarify EFL teachers and students views on the underlying ideology and hegemonic practices in globally and locally written EFL textbooks Studies on the relationship between ideology hegemony and textbooks in applied linguistics have become more prevalent in recent decades as the emergence of critical theory critical pedagogy and critical thinking skills from the 1920s onwards has led scholars to adopt a more critical perspective towards EFL textbooks especially with regard to elements of ideology and hegemony These two terms encompass a plethora of components ranging from nationalism to religion At the same time the importance of metanarratives originating from the tenets of modernism has declined from the 1960s onwards the assumption being that the world has entered a new age called postmodernism and post structuralism that emphasizes the role of individuals and rejects efforts to reinforce post colonialism the effects of which can be seen in EFL textbooks Accordingly taking the elements of ideology and hegemony into account remains a vital aspect in the analysis of EFL textbooks The Populist Radical Right Cas Mudde,2016-10-04 The populist radical right is one of the most studied political phenomena in the social sciences counting hundreds of books and thousands of articles This is the first reader to bring together the most seminal articles and book chapters on the contemporary populist radical right in western democracies It has a broad regional and topical focus and includes work that has made an original theoretical contribution to the field which make them less time specific The reader is organized in six thematic sections 1 ideology and issues 2 parties organizations and subcultures 3 leaders members and voters 4 causes 5 consequences and 6 responses Each section features a short introduction by the editor which introduces and ties together the selected pieces and provides discussion questions and suggestions for further readings The reader is ended with a conclusion in which the editor reflects on the future of the populist radical right in light of more recent political developments most notably the Greek economic crisis and the refugee crisis and suggest avenues for future

research Fighting Fascist Spain Montse Feu,2020-05-25 In the 1930s anarchists and socialists among Spanish immigrants living in the United States created *Espa a Libre* Free Spain as a response to the Nationalist takeover in their homeland Worker oriented and avowedly antifascist the grassroots periodical raised money for refugees and political prisoners while advancing left wing culture and politics *Espa a Libre* proved both visionary and durable charting an alternate path toward a modern Spain and enduring until democracy's return to the country in 1977 Montse Feu merges *Espa a Libre*'s story with the drama of the Spanish immigrant community's fight against fascism The periodical emerged as part of a transnational effort to link migrants and new exiles living in the United States to antifascist networks abroad In addition to showing how workers culture and politics shaped their antifascism Feu brings to light creative works that ranged from literature to satire to cartoons to theater As *Espa a Libre* opened up radical practices it encouraged allies to reject violence in favor of social revolution's potential for joy and inclusion **Hermes in the Academy** Wouter J. Hanegraaff,Joyce

Pijnenburg,2009 *Hermes in the Academy* commemorates the tenth anniversary of the Center for History of Hermetic Philosophy and related Currents GHF at the University of Amsterdam The center devotes itself to the study of Western esotericism which includes topics such as Hermetic philosophy Christian kabbalah and occultism This volume shows how over the past ten years the GHF has developed into the leading international center for research and teaching in this domain

Politics, Social Theory, Utopia and the World-System C. el-Ojeili,2012-01-25 It is common to hear that we live in unique turbulent and crisis ridden times and this turbulence transformation and crisis are said to be deeply significant perhaps threatening for the human sciences Responding to such claims this book provides an accessible engagement with pressing contemporary topics such as violence social movements equality identity and democracy Foregrounding the imagination of possibilities utopia the mapping of the present theory and the transformation of the world system historical and global questions the book surveys central issues and paradigms in contemporary political sociology urging a recommitment to certain concepts and traditions for guidance in thinking and acting in the world The Book of Primal Signs Nigel

Pennick,2014-06-16 An in depth study of the sacred meanings behind ancient and enduring symbols Explains the multiple forms and uses of symbols from ancient times to the present day reflecting their roots in folk magic and the Western Mystery tradition Examines more than 40 glyphs such as the cross fleur de lis and pentagram as well as several families of symbols such as craftsmen's marks and runes Includes more than 300 unique woodcuts drawings calligraphy and photographs many never before reproduced From ancient rock and cave art to the contemporary brand logos of politics and business human beings have always created symbols to denote specific ideas groups or important objects as well as to convey deeper information than can be communicated in words Many glyphs have retained their meanings over millennia whereas some have modern meanings vastly different from the original connotation In this study of symbols Nigel Pennick explores glyphs as agents of higher consciousness and ports of access to the collective unconscious acknowledging the continuity of tradition

both deliberate and not as well as how interpretations of some symbols such as the swastika have changed dramatically With more than 300 unique woodcuts drawings calligraphy and photographs many never before reproduced Pennick examines ancient and enduring glyphs in detail such as the circle cross eye pentagram fleur de lis tree of life and horseshoe as well as several families of symbols such as craftsmen s marks runes symbolic beasts human heads and skulls and the sigils of Mammon The author explains the multiple forms and uses of each from ancient times to the present day reflecting their roots in the Western Mystery tradition He explores the symbols of high magic such as the glyph of John Dee s monad those of folk magic such as the traditional cock on the weather vane and the creation of modern glyphs such as the peace sign and the anarchy symbol Contrasting the hijacked use of power symbols in modern advertising with the vital role of symbols in traditional arts and crafts Pennick reveals how symbols link the cosmic with the terrestrial and allow us to infuse the mundane with the numinous

Populism and Globalization Barrie Axford, Manfred Steger, 2021-04-11 The narrative of populism as a rising tide has enjoyed currency at least since the election of Donald Trump in 2016 and the success of the Leave campaign in the UK referendum on membership of the EU earlier in that year And yet on the eve of what proved to be President Trump s election defeat some four years later the British journalist Nick Cohen felt able to muse we re endlessly told why populism works Now see how it might fail October 10 2020 So one might be forgiven for thinking that what goes around must eventually come around However things are not that simple and the runes are harder to read

Critical Theories of Globalization C. el-Ojeili, P. Hayden, 2006-07-28 This accessible text provides a comprehensive overview of globalization and its consequences from the perspective of social and political critical theory Thematic chapters provoke student inquiry and the book shows how the views of critical theorists are crucial to understanding the global processes shaping the world today

Finnish Yearbook of International Law, Volume 25, 2015 Tuomas Tiittala, 2019-10-03 The Finnish Yearbook of International Law aspires to honour and strengthen the Finnish tradition in international legal scholarship Open to contributions from all over the world and from all persuasions the Finnish Yearbook stands out as a forum for theoretically informed high quality publications on all aspects of public international law including the international relations law of the European Union The Finnish Yearbook publishes in depth articles and shorter notes commentaries on current developments book reviews and relevant overviews of Finland s state practice While firmly grounded in traditional legal scholarship it is open for new approaches to international law and for work of an interdisciplinary nature The Finnish Yearbook is published for the Finnish Society of International Law by Hart Publishing Earlier volumes may be obtained from Martinus Nijhoff an imprint of Brill Publishers

Holocaust Public Memory in Postcommunist Romania Alexandru Florian, 2018-01-24 How is the Holocaust remembered in Romania since the fall of communism Alexandru Florian and an international group of contributors unveil how and why Romania a place where large segments of the Jewish and Roma populations perished still fails to address its recent past These essays focus on the roles of government and public actors that choose to promote construct defend or

contest the memory of the Holocaust as well as the tools the press the media monuments and commemorations that create public memory Coming from a variety of perspectives these essays provide a compelling view of what memories exist how they are sustained how they can be distorted and how public remembrance of the Holocaust can be encouraged in Romanian society today

As recognized, adventure as skillfully as experience not quite lesson, amusement, as well as accord can be gotten by just checking out a books **Routledge Companion To Fascism** after that it is not directly done, you could bow to even more with reference to this life, in this area the world.

We find the money for you this proper as well as easy exaggeration to get those all. We give Routledge Companion To Fascism and numerous book collections from fictions to scientific research in any way. in the middle of them is this Routledge Companion To Fascism that can be your partner.

evolution mcqs with answers mdcat evidence of evolution - Nov 18 2021

molecular evolution latest research and news nature - Jul 27 2022

web a evolutionary b ecological c biological d phylogenetic 9 for which of the following characters convergent evolution is most unlikely following a locomotor organs b

molecular evolution flashcards quizlet - Oct 10 2023

web fragments of genes or synthetic dna what direction is dna made in 5 3 study with quizlet and memorize flashcards containing terms like what was the technique originally

answering evolutionary questions a guide for mechanistic - Mar 23 2022

web molecular evolution is the process by which dna changes that occur in one lineage of an organism such as a species and is passed on to subsequent generations these

what is molecular evolution study com - Oct 30 2022

web nov 3 2023 molecular evolution is the area of evolutionary biology that studies evolutionary change at the level of the dna sequence it includes the study of rates of

molecular evolution an overview sciencedirect topics - Mar 03 2023

web nov 24 2021 molecular evolution occurs in the genome in the form of substitutions insertion deletion recombination and gene conversion the principles of molecular

evolution molecular genetics species britannica - Jun 06 2023

web questions tagged molecular evolution ask question the study of evolutionary mechanisms in operation at the molecular

scale primarily dna rna and proteins

lecture notes biol2007 molecular evolution ucl - Jul 07 2023

web introduction by now we all are familiar and understand or think we understand how evolution works on traits and characters survival of the fittest and stuff like that

evidence for evolution article khan academy - Sep 28 2022

web 2 days ago volume 91 issue 5 october 2023 view all volumes and issues latest articles post subfunctionalization functions of hif 1 α and hif 1 α b in cyprinid fish fine

molecular evolution mcq free pdf objective question - Jan 21 2022

molecular evolution research gatech edu - Jan 01 2023

web key points evidence for evolution comes from many different areas of biology anatomy species may share similar physical features because the feature was present in a

journal of molecular evolution home springer - Jun 25 2022

web the questions and methods of molecular biology and evolutionary biology are clearly distinct yet a unified approach can lead to deep insights unfortunately attempts to unify

molecular evolution mcqs with answers - Feb 19 2022

web jul 30 2023 evolution mcqs with answers for mdcat evidence of evolution 1 which of the following is not considered a form of evidence for evolution a homologous

molecular evolution springerlink - Nov 30 2022

web abstract chapter 4 neutral theories of molecular evolution outlines the logic and predictions of the neutral theory of molecular evolution and its derivatives as a simple

csir molecular evolution by unacademy - Dec 20 2021

molecular evolution wikipedia - Sep 09 2023

molecular evolution is the process of change in the sequence composition of cellular molecules such as dna rna and proteins across generations the field of molecular evolution uses principles of evolutionary biology and population genetics to explain patterns in these changes major topics in molecular evolution concern the rates and impacts of single nucleotide changes neutral evolution

molecular evolution bioinformatics iv coursera - Apr 04 2023

web jan 19 2021 molecular evolution is an expansive and highly interdisciplinary field of research that investigates the

evolution of biological molecules and molecular

newest molecular evolution questions biology stack exchange - May 05 2023

web david p clark michelle r mcgehee in molecular biology third edition 2019 abstract molecular evolution deals with the mechanisms underlying evolution at the molecular

158 questions with answers in molecular evolution - Aug 08 2023

web mar 5 2022 the process of cumulative change at the level of dna rna and proteins over successive generations review and cite molecular evolution protocol

neutral theories of molecular evolution a primer of molecular - Aug 28 2022

web 1 which of the following most accurately describes the molecular clock every gene changes at the same rate which is determined by the molecular clock a specific gene
