**Spitfire Girl** Diana Mackintosh and Douglas Thompson,2020-07-30 An extraordinary life in the shadows of war and a Century in the making Diana Mackintosh came of age to the drone of sirens alerting the people of Malta to the arrival of relentless flights of belligerent German and Italian menace the bombers she first imagined as a swarm of black flies pests that stung and cursed her Mediterranean homeland The three year onslaught never took a day off it was endless but supplies were not The hope of a shipment of high protein became an ongoing dream The only time Diana wasn t hungry was when she slept Her story of that time and in 2020 she is one of the very few remaining who experienced it first hand makes it clear why Malta was collectively awarded the George Cross the highest British civilian honour for heroism Of course as she argues no one was trying to be heroic but somehow they helped reverse the fortunes of the Second World War in the Mediterranean and North Africa Now at the age of 101 Diana is also celebrated for her children s achievements she helped her eldest son Sir Cameron Mackintosh and worked as his unpaid secretary and for a life in the wings of British cinema Hollywood and theatreland Spitfire Girl recounts Diana s extraordinary life more than a century in the making

**Heritage and Memory of War** Gilly Carr,Keir Reeves,2015-04-17 Every large nation in the world was directly or indirectly affected by the impact of war during the course of the twentieth century and while the historical narratives of war of these nations are well

known far less is understood about how small islands coped. These islands often not nations in their own right but small outposts of other kingdoms, countries and nations have been relegated to mere footnotes in history and heritage studies as interesting case studies or unimportant curiosities. Yet for many of these small islands war had an enduring impact on their history, memory, intangible heritage and future cultural practices, leaving a legacy that demanded some form of local response. This is the first comprehensive volume dedicated to what the memories, legacies and heritage of war in small islands can teach those who live outside them through closely related historical and contemporary case studies covering 20th and 21st century conflict across the globe. The volume investigates a number of important questions: Why and how is war memory so enduring in small islands? Do factors such as population size, island size, isolation or geography have any impact? Do close ties of kinship and group identity enable collective memories to shape identity and its resulting war-related heritage? This book contributes to heritage and memory studies and to conflict and historical archaeology by providing a globally wide-ranging comparative assessment of small islands and their experiences of war. *Heritage of War in Small Island Territories* is of relevance to students, researchers, heritage and tourism professionals, local governments and NGOs.

**The Mask We Wear**  
 Anil Bhise, 2024-02-29  
 Revolution came in different stages in the gradual development of the brain in humans. The entire focus instead of betterment of life got diverted to living a self-absorbed and narcissistic life at the cost of others. Ambitions turned into hatred, revenge and self-sustenance by killing. Revolutions gave more and more weapons in the hands of humans to wipe out everything that they did not want. It became a race of massacres which became only a number without any value. Industrial Revolution meant for comfort, peace and harmony turned into a competition to see who had more. Right from the Mahabharat War around 3500 B.C. and then World Wars I & II, the top leaders of the world took pride in devastation and killing. A man never looked at a woman as a human being and used her as an object to satisfy his lust. Torturing other humans was enjoyed over a toast of wine. Dharma, the righteous path explained in the Vedas, the Bhagavad Gita and then the Ten Commandments is grossly misunderstood, misinterpreted and distorted. They taught sacrifice and virtues and order that will make life and the universe possible. Even nature was not spared. Selfishness has become the order of the day. What is the view of the young?

*Studies in Maltese Popular Music* Philip Ciantar, 2021-04-21  
 This book examines the diverse facets of popular music in Malta, paying special attention to għana, Malta's folk song, the wind band tradition and modern popular music. Ciantar provides intriguing discussions and examples of how

popular music on this small Mediterranean island country interacts with other aspects of the island's life and culture such as language religion history customs and politics Through a series of ethnographic vignettes the book explores the music as it takes place in bars at festivals and during village celebrations and considers how it is talked about in the local press at group gatherings and on social media The ethnography adopted here is that of a native musician and ethnomusicologist and therefore marries the author's memories with ongoing observations and their evaluation Maltese Picture Postcards: The early years, 1898-1906 Anthony J.
