*Royal Saints & Saintly Royals* Pamela Hill, 2005-03-01 Royal saints were surprisingly thick on the ground in early times Some of them again became or had already been thoroughgoing sinners Whichever they were both men and women they influenced the development of Britain and Europe in a way that is described in order as far as possible After official canonization began in 1625 the ranks thinned though there remained informal factual history with a few legends thrown recognisably in and who want to know about other kings than Henry VIII He is mentioned in proper course but sparsely Henry II the devil s descendant is a favourite of the author who published CURTMANTLE in 1996 with Robert Hale and has written a large number of accurately researched historical novels and two books of non fiction This is the third *French Royal Women during the Restoration and July Monarchy* Heta Aali, 2021-06-10 This book examines public discussions around France s four most prominent royal women during the first and second Restoration and July Monarchy the duchesse d Angoulme the duchesse de Berry Queen of the French Marie Am lie and Ad la de d Orl ans These were the most powerful women of the last decades of the French monarchy but the new roles women were assigned in post revolutionary France did not permit them to openly exercise political influence This book explores continuities and variations in narratives of royal legitimacy and how historians authors and politicians used national history particularly medieval and early modern history to either legitimize or undermine the French monarchy and to define women s social and political roles Royal Women and Dynastic Loyalty Caroline Dunn, Elizabeth Carney, 2018-05-21 Royal women did much more to wield power besides marrying the king and producing the heir Subverting the dichotomies of public private and formal informal that gender public authority as male and informal authority as female this book examines royal women as agents of influence With an expansive chronological and geographic scope from ancient to early modern and covering Egypt Great Britain the Ottoman Empire and Asia Minor these essays trace patterns of influence often disguised by narrower studies of government studies and officials Contributors highlight the theme of dynastic loyalty by focusing on the roles and actions of individual royal women examining patterns within dynasties and considering what factors generated loyalty and disloyalty to a dynasty or individual ruler Contributors show that whether serving as the font of dynastic authority or playing informal roles of child bearer patron or religious promoter royal women have been central to the issue of dynastic loyalty throughout the ancient medieval and modern eras

**Saint Margaret, Queen of the Scots** C. Keene, 2013-11-19 Margaret saint and 11th century Queen of the Scots remains an often cited yet little understood historical figure Keene s analysis of sources in terms of both time and place including her Life of Saint Margaret translated for the first time allows for an informed understanding of the forces that shaped this captivating woman *History of the Catholic Church* James Hitchcock, 2012-01-01 A comprehensive history of the Catholic Church from its beginnings in Jesus ministry to its current status in an increasingly secular world The Royal Affair (Royals of Countavia 1) Angelique Armae, 2018-01-06 In the Kingdom of Countavia fairytales come true thanks to widower

and matchmaker King Marcus the Fifth But for every happy ending this king plays a hand in a centuries old international mystery grows deeper leaving love and danger forever intertwined on this enchanted isle The Royal Affair is book one in the Royals of Countavia series All princes are toads Anti monarchist Willow Forbes is determined to depose the king responsible for her father s death But when a royal invitation lands her at the seaside cottage of the dashing Jaxon Baine Duke of Summerton the sexy billionaire royal disrupts Willow s world Until you kiss the right one Jaxon Baine Duke of Summerton has spent a grueling political term fighting to preserve the monarchy Now he s looking forward to a peaceful season at Summerton Castle the one place his painful past can be forgotten But when his uncle the king pairs him up on a covert assignment with Willow Forbes Royal Enemy Number One Jaxon s summer heats up Can two hearts from opposite sides of life find love Or will the dangers and secrets of the past destroy them both *The King's Body* Nicole Marafioti,2014-03-21

The King s Body investigates the role of royal bodies funerals and graves in English succession debates from the death of Alfred the Great in 899 through the Norman Conquest in 1066 Using contemporary texts and archaeological evidence Nicole Marafioti reconstructs the political activity that accompanied kings burials to demonstrate that royal bodies were potent political objects which could be used to provide legitimacy to the next generation In most cases new rulers celebrated their predecessor s memory and honored his corpse to emphasize continuity and strengthen their claims to the throne Those who rose by conquest or regicide in contrast often desecrated the bodies of deposed royalty or relegated them to anonymous graves in attempts to brand their predecessors as tyrants unworthy of ruling a Christian nation By delegitimizing the previous ruler they justified their own accession At a time when hereditary succession was not guaranteed and few accessions went unchallenged the king s body was a commodity that royal candidates fought to control Saintly Support Philip Lief Group,2003-05-02
