**Collected Writings of R.P. Dore** R.P. Dore,2014-05-01 This volume of the Collected Writings of Modern Western Scholars on Japan published under the Japan Library imprint brings together landmark writings by R P Dore on Japanese society politics and economics *Collected Writings of R.P. Dore* R.P. Dore,2014-05-01 This volume of the Collected Writings of Modern Western Scholars on Japan published under the Japan Library imprint brings together landmark writings by R P Dore on Japanese society politics and economics □□□□□□□□□□ Ronald Philip Dore,2002-01 , **Collected Writings of Richard Storry** Richard Storry,2002 This three volume mini set includes the Collected Writings of Ian Nish part 2 R P Dore and Richard Storry *Collected Writings of Ian Nish* Ian Nish,2014-04-23 This volume of the Collected Writings of Modern Western Scholars on Japan brings together the work of Ian Nish on international relations affecting Japan Russia China and Korea in the nineteenth and twentieth centuries **Richard Storry - Collected Writings** Richard Storry,2013-12-16 This volume of the Collected Writings of Modern Western Scholars on Japan series published under the Japan Library imprint collects the work of Richard Storry on contemporary issues and the history of Japan **Collected Writings of W. G. Beasley** W. G. Beasley,2014-05-12 Developed in close collaboration with W G Beasley this book contains a wide and substantial cross section of writings thematically structured around essays in the special areas of Bakufu and Meiji Studies **Collected Writings of P.G. O'Neill** P. G. O'Neill,2014-04-23 Special areas Japanese language festivals Noh theatre Collected Writings of Gordon Daniels Gordon Daniels,2004-03-01 Originally a student of Meiji Japan Gordon Daniels is widely known for his work on the Pacific War and the Occupation of Japan with particular regard to the world of communications in film and propaganda as well as Japanese sport He has also been closely involved with the post war era of international relations and Japan as well as studies in Japanese history and historiography In the 1980s he made significant contributions in reporting on the scope and development of Japanese Studies in Britain His most recent work has been as joint editor and contributor with Chushichi Tsuzuki of Social and Cultural Perspectives the fifth of the five volume series on the history of Anglo Japanese Relations Palgrave 2002 Handbook of Knowledge and Economics Richard Arena,Agnès Festré,Nathalie Lazaric,2012-01-01 While there is growing recognition that understanding knowledge is at the very heart of economics little work has thus far been forthcoming representing in a comprehensive and coherent way its fundamental nature and wide ranging consequences for economic analysis The editors are to be commended for having filled this critical gap by providing a well organized collection of outstanding contributions This rich and greatly needed Handbook is comprised of contributions about the role knowledge plays in the history of the discipline as well as the most significant current developments as we witness them particularly in the branches of evolutionary institutional and complexity economics Kurt Dopfer University of St Gallen Switzerland Why do societies benefit differently from knowledge How exactly does social interaction interfere with knowledge acquisition and diffusion This original Handbook brings together a wide range of

differing approaches to shed light on these questions and others relating to the role and relevance of knowledge in economic analysis By illuminating the philosophical roots of the various notions of knowledge employed by economists this Handbook helps to disentangle conceptual and typological issues surrounding the debate on knowledge among economists Wide ranging in scope it explores fundamental aspects of the relationship between knowledge and economics such as the nature of knowledge knowledge acquisition and knowledge diffusion This important compendium embraces various fields and traditions of economic analysis and discusses the role of knowledge in 21 papers from outstanding international scholars Advanced scholars and postgraduate students interested in cross fertilization between different fields of economic analysis will find this Handbook of considerable importance

*History of Humanity* UNESCO,2005-12-31 Volume V of the History of Humanity is concerned with the early modern period the sixteenth seventeenth and eighteenth centuries It gives an extensive overview of this crucial stage in the rise of the West as well as examining the development of cultures and societies elsewhere Structure The volume is divided into two main parts The first is thematic discussing the geography chronology and sociology of cultural change in this period The second is regional less theoretical and more empirical it stresses cultural diversity the links between different activities in a given region and the importance of social contexts and local circumstances Each chapter has a bibliography which directs the reader to sources of further information The volume is extensively illustrated with line drawings and plates and is comprehensively indexed

Japanese Capitalism Since 1945 Tessa Morris-Suzuki,Seiyama Takuro,2016-07-22 This book introduces students of the Japanese economy to a broad range of critical contemporary Marxian analyses by Japanese economists Each of the five essays on economic policy agriculture big business labour relations and foreign trade and investment is written by a specialist in the field The introduction places the essays in the wider context of contrasting theories of Japanese economic development While such writings constitute an important part of the economic literature in Japan virtually none of the great body of Marxian writing on Japanese capitalism has heretofore been available in English

The Battle for Asia Mark T. Berger,2004-03 This book is a history of the Asian region from 1945 to the present day which delineates the various ideological battles over Asia s development

*Haikai Poet Yosa Buson and the Bashō Revival* Cheryl Crowley,2007-03-31 This book uses the haikai verse and paintings of the brilliant innovative artist Yosa Buson 1716 1783 as a focal point from which to explore how Japanese writers competed for artistic authority in a time when popular responses to economic technological and social changes were creating the beginnings of a modern literature The first part of the book discusses Buson s role in the Bash Revival movement situating his haikai in the context of the social networks that writers of his time both relied on and resisted The second part explores Buson s hokku linked verse and haiga haikai painting The book concludes with a discussion of Buson s reception in the modern period and includes translations of his principal works

Japan Edwin O. Reischauer,2020-01-29 In this major revision of his classic history of Japan from the tribally divided state under the leadership of Yamato in the fifth century through centuries of

dynastic rule to the death of Emperor Hirohito in 1989 the eminent Harvard historian and former U S Ambassador to Japan Edwin O Reischauer incorporates nearly a decade s worth of new scholarship His book is divided into three parts the first part examines traditional Japan from the early Chinese influences to the flowering of a native culture and the establishment of a feudal system and society the second looks at Japan in transition from the beginnings of the modern state to the rise of militarism and the advent of World War II the third section extensively rewritten to reflect Japan s drastically changed role in world affairs since 1984 deals with postwar Japan from the American Occupation and years of political division and instability to Japan s gradual metamorphosis into an economic giant The Nakosone and Takeshita years are discussed at length and the transformation of Japan s economy hinged upon surging exports to the West is analyzed Clear concise and enormously informative Reischauer s Japan The Story of a Nation encompasses political social economic and cultural history in a superbly readable narrative

**Ruffians, Yakuza, Nationalists** Eiko Maruko Siniawer, 2015-03-19 Violence and democracy may seem fundamentally incompatible but the two have often been intimately and inextricably linked In Ruffians Yakuza Nationalists Eiko Maruko Siniawer argues that violence has been embedded in the practice of modern Japanese politics from the very inception of the country s experiment with democracy As soon as the parliament opened its doors in 1890 brawls fistfights vandalism threats and intimidation quickly became a fixture in Japanese politics from campaigns and elections to legislative debates Most of this physical force was wielded by what Siniawer calls violence specialists ruffians and yakuza Their systemic and enduring political violence in the streets in the halls of parliament during popular protests and amid labor strife ultimately compromised party politics in Japan and contributed to the rise of militarism in the 1930s For the post World War II years Siniawer illustrates how the Japanese developed a preference for money over violence as a political tool of choice This change in tactics signaled a political shift but not necessarily an evolution as corruption and bribery were in some ways more insidious exclusionary and undemocratic than violence Siniawer demonstrates that the practice of politics in Japan has been dangerous chaotic and far more violent than previously thought Additionally crime has been more political Throughout the book Siniawer makes clear that certain yakuza groups were ideological in nature contrary to the common understanding of organized crime as nonideological Ruffians Yakuza Nationalists is essential reading for anyone wanting to comprehend the role of violence in the formation of modern nation states and its place in both democratic and fascist movements

**Origins of the Second World War Reconsidered** Gordon Martel, 2002-02-07 When A J P Taylor s The Origins of the Second World War appeared in 1961 it made a profound impact The book became a classic and a central point of reference in all discussion on the Second World War The second edition of this distinguished collection written by leading experts in the field is designed to bring the state of the argument up to date The issues discussed include the legacy of the Treaty of Versailles Hitlers foreign policy Appeasement AJP Taylor and the Russians the treatment of the crises leading up to war including the Anschluss Danzig Abyssinian crises and the Spanish Civil War This second edition will ensure that The

Origins of the Second World War will remain a high priority student and scholarly reading lists      *A Cultural History of Postwar Japan* Oliviero Frattolillo, 2023-07-14 This book is a political and cultural history of the early postwar Japan aiming at exploring how the perception and cultural values of everyday life in the country changed along with the rise of the kasutori culture Such a process was closely tied with both a refusal of the samurai culture and the interwar debate on modernity and it resulted in a decadent way of life exemplified by intellectuals such as Sakaguchi Ango It depicts a short lived radical cultural and social alternative one that forced people to rethink their relationship to the kokutai modernity social roles daily practices and the production of knowledge The subjectivity and daily practices in those years were more important in shaping the cultural identities of the Japanese than the new public ideology of the nation This challenges some Euro American historical notions that the new private sphere has emerged in Japan as an effect of the country's Americanization rather than from within it This work not only looks at the immediate aftermath of WWII from the perspective of Japan but also tries to rethink Westernization in the light of its global appropriation This volume is addressed to specialists of Japanese or Asian history but it will also attract historians of the United States and readers from political and intellectual history cultural studies and historiography in general      **Japan** Ardath W. Burks, 2019-03-04 Japan has been among the first of the handful of countries to move beyond modern and in this third edition of a much praised book Ardath Burks brings the blur of the nation's rapid change into focus In his newly revised and updated Japan Professor Burks also traces the history of the Japanese exploring their traditions their continuity and their cultural heritage He devotes a chapter to the remarkable introspection boom Nihonron the Japanese asking Who are we Japanese In discussing the country's swift modernization the author looks not only at the initial transition from primary agriculture to an industrial economy but also at the current evolution into a service centered society On both domestic and international levels the book evaluates the maturing of Japanese industry and its growing investment abroad as well as the global tensions fueled by Japan's enormous trade surpluses In response to the intense trade pressure it feels the country is beginning to shift from export driven growth to a consumer oriented economy a shift that will demand the building of a heretofore neglected yet essential infrastructure of housing and transportation The author analyzes domestic political developments including the regime of Nakasone Yasuhiro and the fall of Takeshita Noboru and Uno Sousuke precipitated by financial scandal within the majority Liberal Democratic Party LDP Burks assesses the formidable tasks facing the revamped ruling LDP as its new generation of younger leaders grapples with an evolving economy an expanding regional role and the dissatisfaction of women and young people who have begun to rebel against the growth ethic and their marginalized role in society In his well drawn lucid portrait of this complex country Professor Burks reflects on Japan as a nation in historical transition envisioning a postindustrial future filled with friction and promise As he writes in his introduction Americans and Japanese too often look

## **Rp Dore Collected Writings** Book Review: Unveiling the Magic of Language

In an electronic era where connections and knowledge reign supreme, the enchanting power of language has become more apparent than ever. Its power to stir emotions, provoke thought, and instigate transformation is truly remarkable. This extraordinary book, aptly titled "**Rp Dore Collected Writings**," written by a highly acclaimed author, immerses readers in a captivating exploration of the significance of language and its profound impact on our existence. Throughout this critique, we will delve into the book's central themes, evaluate its unique writing style, and assess its overall influence on its readership.
