St. Jacob's Antwerp Art and Counter Reformation in Rubens's Parish Church Jeffrey Muller, 2016-05-23 Of more than forty churches that fortified Antwerp as the bulwark of the Counter Reformation in the Netherlands only St Jacob s stands now with its art and archives intact Parish church of the city s elite it is filled with masterpieces including the altarpiece that Rubens painted for his own burial chapel Works of architecture painting sculpture and hundreds of sacred objects documented by the archives enable a reconstruction of the integral role that art played in the transformation of a whole society over the span of two centuries from 1585 to the 1790s It is a history of real people and organizations who used art for religion politics and social purpose joined together in a church that embodied a diverse community *From Criminal to Courtier* David Kunzle, 2021-10-11 The art of the Netherlands Dutch and Flemish is unique in Early Modern Europe in its concern for military cruelty against civilians principally the peasantry Decimated by time and changes in taste this popular iconography proves varied and extensive stretching from Bruegel to and past Rubens Massacres of the Innocents continue to be a favourite subject through the Eighty Years War in contrast to ruling class glorifications of war Dutch patriotic siege prints lay claim to scientific precision in landscapes free of military terror while the idea of military conquest is presented as generous rather than cruel in the ever popular figure of Scipio Africanus Most of the pictorial material is unfamiliar some of it even to specialists and never before published new light is shed on the more familiar phenomena of the civic guard groups and Ter Borch courtier officers good soldiers overcoming a bad image *The English flower garden* William Robinson, 1913

Register of Baptisms in the Dutch Church at Colchester from 1645 to 1728 Colchester (England). Neder duytsche gemeente, 1905 **California and the Politics of Disability, 1850-1970** Eileen V. Wallis, 2023-03-31 This book explores the political legal medical and social battles that led to the widespread institutionalization of Californians with disabilities from the gold rush to the 1970s By the early twentieth century most American states had specialized facilities dedicated to both the care and the control of individuals with disabilities Institutions reflect the lived historical experience of many Americans with disabilities in this era Yet we know relatively little about how such state institutions fit into specific regional state or local contexts west of the Mississippi River how those contexts shaped how institutions evolved over time or how regional institutions fit into the USA s contentious history of care and control of Americans with mental and developmental disabilities This book examines how medical social and political arguments that individuals with disabilities needed to be institutionalized became enshrined in state law in California through the creation of a bureaucracy of disability Using Los Angeles County as a case study the book also considers how the friction between state and county policy in turn influenced the treatment of individuals within such facilities Furthermore the book tracks how the mission and methods of such

institutions evolved over time culminating in the 1960s with the birth of the disability rights movement and the complete rewriting of California's laws on the treatment and rights of Californians with disabilities This book is a must read for those interested in the history of California and the American West and for anyone interested in how the intersections of disability politics and activism shaped our historical understanding of life for Americans with disabilities

A Liturgical Play for the Medieval Feast of Fools Robert C. Lagueux, 2023 A newly identified medieval play for the Feast of Fools with a new English translation and musical edition ready for performance Scholars and non scholars alike have long been fascinated by the medieval Feast of Fools the annual celebration on or around the New Year that came to be known for its inversion of established hierarchies its boisterousness and its scurrilous even sacrilegious clerical behaviour However we now know that many of the most obscene and subversive practices associated with the feast were in fact the misunderstandings exaggerations or even fabrications of overzealous ecclesiastical reformers Our most reliable information about the Feast comes from the scant extant liturgical items that clerical communities actually used during their celebrations This book shows that the twelfth century Ordo Joseph from Laon in France a play long known to scholars telling the story of Joseph the patriarch and his brothers is in fact a drama for the Feast of Fools long hidden in plain sight intended for performance at Epiphany It situates the play within the context of the cathedral community's history of biblical exegesis under its school master Anselm of Laon proposing performative gloss as an important new tool for understanding how medieval liturgical dramas generated meaning It Includes a new Latin edition of the text accompanied by an English translation as well as a musical reconstruction that harnesses the music of Laon's liturgy and finally makes possible a performance of this spectacular newly identified Feast of Fools drama

Pieters,2019-08-06 This book deals with the special power of literary texts to put us in contact with the past A large number of authors coming from different ages have described this power in terms of the conversation with the dead when we read these texts we somehow find ourselves conducting a special kind of dialogue with dead authors The book covers a number of texts and authors that make use of this metaphor Petrarch Machiavelli Sidney Flaubert Michelet Barthes In connecting these texts and authors in novel ways Jurgen Pieters tackles the all important question of why we remain fascinated with literature in general and with the specific texts that to us are still its backbone Situated in the aftermath of New Historicism the book challenges the idea that literary history as a reading practice stems from a desire to speak with the dead Key Features Offers a broad survey a combination of classical literature Renaissance literature and modern theory and history Issues a plea for the importance of reading literary texts and the power of literature Discusses key figures from the Western canon Homer Virgil Dante Machiavelli in light of the idea that we can learn from the past by talking to the dead Combines theoretical discussions of the relationship between literature and history with close reading of works by major literary authors and historians Now You Suffer Gareth Crocker,2024-09-01 Detective Ruben Ellis wants to die The only reason he hasn't killed himself is because he first needs to hunt down the man who kidnapped and murdered his daughter Meanwhile another victim is being held captive in a twisted underground dystopia But does Ruben have enough will left to find her in time Can his partner Zander and his brilliant therapist Melissa help him unravel a mystery as dark and unseen as the gold mines that run deep beneath the streets of Johannesburg And will they discover the mind bending truth about Thing the deeply troubled figure in the basement Now You Suffer is a chilling and wholly unforgettable thriller the first in bestselling author Gareth Crocker's riveting new Ruben Ellis series **Poet Lore** ,1929 **Origins, Time and Complexity** George V.
