Managing Fdi In A Globalizing Economy Asian Experiences:

Managing FDI in a Globalizing Economy Douglas H. Brooks, Hal Hill, 2005-01-15 The rapid growth of developing Asia has attracted and been facilitated by foreign direct investment FDI Potential benefits of FDI inflows extend far beyond financial resources but costs may entail as well Governments throughout the region have been striving to find an appropriate policy mix for FDI that will maximize the net benefits for their economies There is considerable variation in policies and experiences with FDI across countries This study looks at FDI flows consequences and policies in developing Asia It focuses on a diverse set of six Asian countries and draws lessons from their experiences in managing FDI

The Economic Consequences of Globalization on Thailand Juthathip Jongwanich, 2022-01-31 This book explores the impact of globalization especially in the context of trade and investment policies on the key economic outcomes including innovation productivity employment and wages using Thai manufacturing as a case study The book looks at the impacts of the shift of manufacturing share from industrialized to emerging countries and emergence of global value chains GVCs as well as liberalization through the proliferation of free trade agreements FTAs on key economic outcomes The book highlights that globalization through trade including the parts and components trade and investment continues in Thailand amid the anti globalization sentiment since the onset of the new millennium especially the US China trade war and the COVID 19 pandemic Thailand has gained considerable benefit from trade and investment liberalization in various forms including innovation firm productivity improvements and workers skills enhancement Although the country has prospered in these areas several further enhancements are needed in order to effectively harness the benefits available from globalization including continued trade and investment policy reforms Key policy inferences are provided in the last chapter The book will appeal to those with an interest in international economics especially issues relating to the economic consequences of globalization It will also appeal to policymakers and practitioners responsible for international trade and investment regulations

Foreign Direct Investments in Asia Chalongphob Sussangkarn, Yung Chul Park, Sung Jin Kang, 2011-02-25 This book covers nine countries of ASEAN and the East Asian area including major Asian countries and compares their respective policies to attract Foreign Direct Investments FDI Through comparative study of FDI promotion policies this book will give policy makers in the area of FDI promotion an overview and comparison of the FDI policies of other countries In addition researchers at graduate post graduate or professional level will gain from the econometric methodology and detailed definitions of various spillover effects horizontal and vertical which will be beneficial to their research In addition to FDI policy comparison this book focuses on the various spillover effects of FDI It separates it into categories own productivity effects intra industry spillover effects and inter industry spillover effects forward and backward linkage effects While most other studies have only taken econometric tests on own productivity and intra industry spillovers a key advantage to this book is that it also covers the separate effects of inter industry linkages Through policy comparison and econometric tests on various spillover effects on economic growth

employment and exports this book will give policy makers and researchers an innovative and constructive guide to FDI

Asia's Changing International Investment Regime Julien Chaisse, Tomoko Ishikawa, Sufian Jusoh, 2017-10-24 This book focuses on the Asia Pacific region delineating the evolving dynamics of foreign investment in the region It examines the relationship between efforts to increase foreign direct investment FDI and efforts to improve governance and inclusive growth and development Against a background of rapidly developing international investment law it emphasises the need to strike a balance between these domestic and international legal frameworks seeking to promote both foreign investment and the laws and policies necessary to regulate investments and investor conduct Foreign investments play a pivotal role in most countries political economies and in order to encourage cross border capital flows countries have taken various steps such as revising their domestic legal frameworks liberalising rules on inward and outward investment and creating special regimes that provide incentives and protections for foreign investment Alongside the developments in domestic laws countries have also taken bilateral and multilateral action including entering into trade and or investment agreements Further the book explores regional investment trends highlights specific features of Asia Pacific investment laws and treaties and analyses policy implications It addresses four overarching themes the trends how Asia Pacific s agreements compare with recent global trends in the evolving rules on foreign investment what China is doing current investment arbitration practice in Asia and the importance of regionalising investment law in the Asia Pacific region In addition it identifies and discusses the research and policy gaps that should be filled in order to promote more sustainable and responsible investment The book offers a valuable resource not only for academics and students but also for trade and investment officials policy makers diplomats economists lawyers think tanks and business leaders interested in the governance and regulation of foreign investment economic policy reforms and the development of new types of investment agreements

Infrastructure and Trade in Asia Douglas H. Brooks, Jayant Menon, 2008-01-01 this is a timely and useful collection of regional studies Ben Shepherd Asian Pacific Economic Literature Analysis of infrastructure s role in facilitating international trade and consequently regional economic integration is still rudimentary This original book fills that knowledge gap by exploring relevant concepts measurement issues aspects of the implementation of trade related infrastructure facilities and their impacts on poverty trade investment and macroeconomic balances Continuing the series of books produced in association with the Asian Development Bank Institute this study explores the virtuous cycle of infrastructure investment trade expansion and economic growth in developing Asia Issues relating infrastructure both hard and soft to trade facilitation and trade costs are defined and examined and the role of infrastructure in regional cooperation to enhance intraregional trade is analysed Empirical estimates of trade costs in Asia suggest there is significant room for infrastructure to lower those costs further By approaching the infrastructure trade nexus at the regional level through cooperative activities this study shows it is possible to increase the range of policy options and risk management opportunities Infrastructure and Trade in Asia will be

of interest to trade and infrastructure policymakers academics at graduate and above levels involved in economic development and Asian studies as well as those in the development community interested in regional cooperation and integration **Encyclopedia Of The Global Economy A Guide For Students And Researchers** David E. O'connor,2006

New Dimensions Of Economic Globalization: Surge Of Outward Foreign Direct Investment From Asia Rajiv Kumar,Ramkishan S Rajan,Nicola Virgill,2008-05-27 The phenomenon of South South FDI flows particularly those arising from multinational companies from China and India has generated considerable interest among policymakers academics and the popular press in recent times This phenomenon raises several questions such as What is behind the rise of such intra regional investment flows What is the magnitude of such flows and can they be expected to persist accelerate over time What are the challenges faced by emerging market multinationals and the future prospects of intra Asian FDI flows This book written by top scholars from academia international organizations as well as think tanks consists of a set of papers focusing on these issues The book is unique in its coverage focusing on China India and Southeast Asia rather than limiting itself to a sub regional or country specific focus The chapters in this book highlight important policy issues but are supported with relevant data and empirics with rigorous empirical analysis being applied to important practical policy issues The book also provides pertinent overviews of recent research on the questions explored While the chapters have been crafted to be able to stand up to academic scrutiny they are also written in a manner that makes them easily accessible to all policymakers students and business financial journalists who are interested in Asia and in the emergence of South South FDI flows
