

MANAGING RETAIL PRODUCTIVITY AND PROFITABILITY

DAVID WALTERS AND DOMINIC LAFFY

Managing Retail Productivity

Kathleen Armour

Managing Retail Productivity:

Managing Retail Productivity and Profitability Dominic Laffy, David Walters, 2016-07-27 Managing productivity and profitability in retailing has taken on a particular role since the onset of the recession of the late 1980s Productivity can be improved simply by rationalising low performing stores merchandise ranges and by reducing the number of suppliers and employees However this is not necessarily a long term solution The purpose of this text is to propose a means by which a more proactive approach may be taken to improving both productivity and profitability The book develops a model based upon management ratios typically used in retailing businesses for planning and control purposes The model encourages the use of existing performance data to evaluate overall company productivity and profitability together with performance characteristics of individual functions An additional feature of the approach is the facility to explore the impact of changes to the retail offer suggested by customer research responses To facilitate the use of the concepts and the model used a disk is also available containing the application of the model to a number of the case studies and a facility for the user to input their own data

A HANDBOOK OF RETAIL MANAGEMENT: PRINCIPLES & PRACTICES Dr. Dipa Mitra, **Retail Product Management** Rosemary Varley, 2006 This text represents a specialist text resource for students of retail management or marketing courses and modules providing the reader with the opportunity to acquire a deeper knowledge of a key area of retailing management

Strategic Retail Management Joachim Zentes, Dirk Morschett, Hanna Schramm-Klein, 2016-10-07 This book is devoted to the dynamic development of retailing The focus is on various strategy concepts adopted by retailing companies and their implementation in practice This is not a traditional textbook or collection of case studies it aims to demonstrate the complex and manifold questions of retail management in the form of twenty lessons where each lesson provides a thematic overview of key issues and illustrates them via a comprehensive case study The examples are all internationally known retail companies to facilitate an understanding of what is involved in strategic retail management and illustrate best practices In the third edition all chapters were revised and updated Two new chapters were added to treat topics like corporate social responsibility as well as marketing communication All case studies were replaced by new ones to reflect the most recent developments Well known retail companies from different countries like Tesco Zalando Hugo Boss Carrefour Amazon Otto Group are now used to illustrate particular aspects of retail management

TEXT ON RETAIL MANAGEMENT Venkata Suryanarayana Malisetty, RETAIL MANAGEMENT IN INDIA For Undergraduate Vocational and Business Management Students Prof. Dr. Dileep Kumar M., Dr. Vijyata, **Retail Supply Chain Management**

Narendra Agrawal, Stephen A. Smith, 2015-04-20 This new edition focuses on three crucial areas of retail supply chain management 1 empirical studies of retail supply chain practices 2 assortment and inventory planning and 3 integrating price optimization into retail supply chain decisions The book has been fully updated expanding on the distinguishing features of the original while offering three new chapters on recent topics which reflect areas of great interest and relevance to the

academic and professional communities alike inventory management in the presence of data inaccuracies retail workforce management and fast fashion retail strategies The innovations lessons for practice and new technological solutions for managing retail supply chains are important not just in retailing but offer crucial insights and strategies for the ultimate effective management of supply chains in other industries as well The retail industry has emerged as a fascinating choice for researchers in the field of supply chain management It presents a vast array of stimulating challenges that have long provided the context of much of the research in the area of operations research and inventory management However in recent years advances in computing capabilities and information technologies hyper competition in the retail industry emergence of multiple retail formats and distribution channels an ever increasing trend towards a globally dispersed retail network and a better understanding of the importance of collaboration in the extended supply chain have led to a surge in academic research on topics in retail supply chain management Many supply chain innovations e g vendor managed inventory were first conceived and successfully validated in this industry and have since been adopted in others Conversely many retailers have been quick to adopt cutting edge practices that first originated in other industries Retail Supply Chain Management Quantitative Models and Empirical Studies 2nd Ed is an attempt to summarize the state of the art in this research as well as offer a perspective on what new applications may lie ahead *Retail Management* U. C. Mathur, 2010 Retail ventures become successful due to a variety of reasons but major dilemma for retail entrepreneurs is the secret formula for continued success The book provides the entire gamut of carefully crafted success themes which covers the retail business in its entirety Competition gives the benefit of large product range brands and competitive prices to the buyers Retail management is similar to the comprehensive management of a luxury liner that calls for round the clock operations Retail operations starting from vendor and retailer selections through which the business gets its full impact when the customer gets the product brand he wants where he wants and when he wants Virtual determinants of retail success have been thoroughly covered in the book besides the regular retail business areas The book describe retail entrepreneurs selection of dealers their motivation for selling their products in preference to competitive brands Sales calls made on retailers by the principles including call objective call planning call closure and feedback are highlighted for the benefit of the readers **Managing Retail Salespeople** ,1980 Performance Management in Retail and the Consumer Goods Industry Michael Buttkus, Ralf Eberenz, 2019-06-21 This book offers essential insights into various management concepts for retail and consumer packaged goods companies Addressing a range of topics in the field of performance management it presents concepts for management control management reporting planning forecasting as well as digitization related aspects The contributing authors share valuable lessons learned from real world consulting projects and present innovative approaches to successful and effective management control at retail and consumer packaged goods companies
