Alfred Döblin

Manas Epische Dichtung:

Manas Alfred Döblin, 1989 **Manas, epische dichtung** Alfred Döblin, 1927 Manas Alfred Döblin, 1927 *Manas* Alfred Döblin, 1927 Manas Alfred Döblin, 1927 The German Verse Epic in the Nineteenth and Twentieth Centuries Heinz Juergen Schueler, 2012-12-06

The almost complete disregard of the verse epic as a genre still worthy of meaningful discussion and earnest investigation is all too apparent in German literary criticism. The only attempt to view the genre in its evolution through the centuries is Heinrich Maiworm's valuable but necessarily somewhat perfunctory historical survey of the German epic which appeared in the second volume of *Deutsche Philologie im Aufiss*. There is as yet however no literary study of the German verse epic in the nineteenth and twentieth centuries, a period which is of particular interest to such a study and indeed crucial to the genre itself since it was during this period that the novel claimed its final and apparently irrevocable victory over its predecessor, a form which had once been hallowed but was now declared a dead genre. It is not the lack of sufficient material that could explain this neglect, for in terms of sheer quantity and we believe not quantity alone there is enough material for more than one study. The prime purpose of this work then is to attempt if not to fill this conspicuous gap at least to begin narrowing it somewhat and in so doing to determine in how far the continuing existence of this vacuum in German literary appreciation is in fact justified. Manas, 1961

The Critical Reception of Alfred Döblin's Major Novels Wulf Köpke, 2003

The first thorough study in English of the reception of Döblin's novels written by one of the foremost Döblin scholars. Alfred Döblin (1878-1957) is one of the major German writers of the twentieth century. His experimental ever-changing avant-garde style kept both readers and critics off guard and although he won the acclaim of critics and had a clear impact on German writers after the Second World War, Günter Grass called him 'my teacher' he is still largely unknown to the reading public and under-researched by literary scholars. He was a prolific writer with thirteen novels alongside a great many other shorter fiction works and non-fiction writings to his credit and yet paradoxically he is known to a larger public as the author of only one book, the 1929 novel *Berlin Alexanderplatz* which sold more copies in the first weeks of publication than all his previous novels combined. *Alexanderplatz* is known for its depiction of the criminal underground of Berlin and a montage and stream-of-consciousness technique comparable to James Joyce's *Ulysses*; it became one of the best-known big-city novels of the century and has remained Döblin's one enduring popular success. Döblin was forced into exile in 1933 and the works he wrote in exile were neglected by critics for decades. Now epic works like *Amazonas* (November 1918) and *Hamlet oder die lange Nacht nimmt ein Ende* are finding a fairer critical evaluation. Wulf Köpke tackles the paradox of Döblin, the leading but neglected avant-gardist, by analysis of contemporary and later criticism, both journalistic and academic, always taking into account the historical context in which it appeared. Wulf Köpke is Professor Emeritus at Texas A M University.

A Companion to the Works of Alfred Döblin Roberta L. Krueger, Roland Dollinger, Wulf Köpke, Heidi Thomann Tewarson, 2010

A volume of carefully focused essays illuminating the

works of one of the leading 20th century German writers Alfred Döblin 1878 1957 was one of the great German Jewish writers of the 20th century a major figure in the German avant garde before the First World War and a leading intellectual during the Weimar Republic Döblin greatly influenced the history of the German novel his best known work the best selling 1929 novel *Berlin Alexanderplatz* has frequently been compared in its use of internal monologue and literary montage to James Joyce's *Ulysses* and John Dos Passos's *Manhattan Transfer* Döblin's oeuvre is by no means limited to novels but in this genre he offered a surprising variety of narrative techniques themes structures and outlooks Döblin's impact on German writers after the Second World War was considerable Günter Grass for example acknowledged him as my teacher And yet while *Alexanderplatz* continues to fascinate the reading public it has overshadowed the rest of Döblin's immense oeuvre This volume of carefully focused essays seeks to do justice to such important texts as Döblin's early stories his numerous other novels his political philosophical medical autobiographical and religious essays his experimental plays and his writings on the new media of cinema and radio Contributors Heidi Thomann Tewarson David Dollenmayer Neil H Donahue Roland Dollinger Veronika Fuechtner Gabriele Sander Erich Kleinschmidt Wulf Koepke Helmut F Pfanner Helmuth Kiesel Klaus Müller Salget Christoph Bartscherer Wolfgang Dising Roland Dollinger is Associate Professor of German at Sarah Lawrence College Wulf Koepke is Professor Emeritus of German at Texas A Heidi Thomann Tewarson is Professor of German at Oberlin College
