Mandarin Squares Mandarins And Their Insignia:

Mandarin Squares Valery M. Garrett, 1990 Mandarin squares the embroidered insignia found on the robes of the ruling mandarin class in China's Qing Dynasty 1644-1911 are prized collectors' pieces. This volume provides a lucid account of the mandarin system of government and methods of selecting mandarins. Richly illustrated, the volume traces the origin and development of mandarin squares and describes the symbolism and embroidery techniques of the insignia. Manchus and Han Edward J. M. Rhoads, 2015-08-03 Open access edition DOI 10.6069/9780295997483 China's 1911-12 Revolution which overthrew a 2000-year succession of dynasties is thought of primarily as a change in governmental style from imperial to republican, traditional to modern. But given that the dynasty that was overthrown, the Qing, was that of a minority ethnic group that had ruled China's Han majority for nearly three centuries and that the revolutionaries were overwhelmingly Han, to what extent was the revolution not only anti-monarchical but also anti-Manchu? Edward Rhoads explores this provocative and complicated question in *Manchus and Han*, analyzing the evolution of the Manchus from a hereditary military caste, the banner people, to a distinct ethnic group and then detailing the interplay and dialogue between the Manchu court and Han reformers that culminated in the dramatic changes of the early 20th century. Until now, many scholars have assumed that the Manchus had been assimilated into Han culture long before the 1911 Revolution and were no longer separate and distinguishable. But Rhoads demonstrates that in many ways Manchus remained an alien, privileged and distinct group. *Manchus and Han* is a pathbreaking study that will forever change the way historians of China view the events leading to the fall of the Qing dynasty. Likewise, it will clarify for ethnologists the unique origin of the Manchus as an occupational caste and their shifting relationship with the Han from border people to rulers to ruled.
