Mandela Mobutu And Me:

Mandela, Mobutu, and Me Lynne Duke, 2007-12-18 In this stunning memoir veteran Washington Post correspondent Lynne Duke takes readers on a wrenching but riveting journey through Africa during the pivotal 1990s and brilliantly illuminates a continent where hope and humanity thrive amid unimaginable depredation and horrors For four years as her newspaper's Johannesburg bureau chief Lynne Duke cut a rare figure as a black American woman foreign correspondent as she raced from story to story in numerous countries of central and southern Africa From the battle zones of Congo Zaire to the quest for truth and reconciliation in South Africa from the teeming displaced person's camps of Angola and the killing field of the Rwanda genocide to the calming Indian Ocean shores of Mozambique She interviewed heads of state captains of industry activists tribal leaders medicine men and women mercenaries rebels refugees and ordinary hardworking people And it is they the ordinary people of Africa who fueled the hope and affection that drove Duke's reporting The nobility of the ordinary African struggles so often absent from accounts of the continent is at the heart of Duke's searing story MANDELA MOBUTU AND ME is a richly detailed clear-eyed account of the hard realities Duke discovered including the devastation wrought by ruthless rapacious dictators like Mobutu Sese Seko and his successor Laurent Kabila in the Congo and appalling indifference of Europeans and Americans to the legacy of their own exploitation of the continent and its people But Duke also records with admiration the visionary leadership and personal style of Nelson Mandela in south Africa as he led his country's inspiring transition from apartheid in the twilight of his incredible life Whether it was touring underground gold and copper mines learning to carry water on her head filing stories by flashlight or dodging gunmen Duke's tour of Africa reveals not only the spirit and travails of an amazing but troubled continent it also explores the heart and fearlessness of a dedicated journalist

Middle Passages James T. Campbell, 2007-04-24 Penguin announces a prestigious new series under presiding editor Arthur Schlesinger Jr Many works of history deal with the journeys of blacks in bondage from Africa to the United States along the middle passage but there is also a rich and little examined history of African Americans traveling in the opposite direction In *Middle Passages* award-winning historian James T Campbell vividly recounts more than two centuries of African American journeys to Africa including the experiences of such extraordinary figures as Langston Hughes W E B DuBois Richard Wright Malcolm X and Maya Angelou A truly groundbreaking work *Middle Passages* offers a unique perspective on African Americans ever evolving relationship with their ancestral homeland as well as their complex often painful relationship with the United States

Human Rights and Conflict Transformation in Africa Lawrence Juma, Lawrence Juma, 2013 This study maps the interactions between human rights norms and values on the one hand and conflict resolution post conflict peace building and reconstruction on the other It advances the view both from a theoretical and practical standpoint that human rights have a role to play throughout the life of any conflict from the pre conflict to the post conflict and reconstruction stages Identifying entry points for human rights in the pre conflict stage leading up to the

establishment of the rule of law and societal reconstruction after the conflict this book uses Sierra Leone and Democratic Republic of Congo experiences to illustrate the obstacles the successes and the significance of human rights norms to the overall peace agenda in societies afflicted by conflict

Justice on the Grass Dina Temple-Raston, 2005-03-09 The 1994 Rwandan genocide in which more than 800 000 Tutsi and moderate Hutu were massacred in just 100 days was an unparalleled modern day slaughter How does a nation pick up the pieces after the killing has stopped In a gripping narrative that examines the power of the press and sheds light on how the media turned tens of thousands of ordinary Rwandans into murderers award winning author and journalist Dina Temple Raston traces the rise and fall of three media executives Ferdinand Nahimana Jean Bosco Barayagwiza and Hassan Ngeze From crime to trial to verdict Temple Raston explores the many avenues of justice Rwanda pursued in the decade after the killing Focusing on the media trial at the United Nations International Criminal Tribunal for Rwanda she then drops down to the level of the hills where ordinary Rwandans seek justice and retribution and examines whether politics in the East African nation has set the stage for renewed violence In the months leading up to the killing two local media outlets Radio T l vision Libre des Mille Collines RTLM and the tabloid newspaper Kangura warned that a bloody confrontation was brewing No one would be spared they said Observers said later that fearmongering from RTLM and Kangura played a key role in igniting the genocide so much so that the three men behind the media outlets became the first journalists since Nuremberg to be tried in an international court for crimes against humanity Drawing on extensive interviews with key players Dina Temple Raston brings to life a cast of remarkable characters the egotistical newspaper editor Hassan Ngeze hate radio cofounders the intellectual Ferdinand Nahimana and the defiant legal scholar Jean Bosco Barayagwiza an American led prosecution team wary of a guilty verdict that might bring a broadly written judgment muzzling the press the world over the bombastic American defense attorney John Floyd heroic Damien Nzabakira who risked his life to drive forty orphans to safety only to spend eight years in prison accused of their murder and Bonaventure Ubalijoro a Rwandan diplomat and politician who believed in miracles An extraordinary feat of reporting and narrative Justice on the Grass reveals a Rwanda few have seen A searing and compassionate book Justice on the Grass illustrates how more than a decade later a country and its people are still struggling to heal to forgive and to make sense of something that defies credibility and humanity

BOOK JACKET Congo Thomas Turner, 2013-04-18 The Democratic Republic of Congo has become one of the world's bloodiest hot spots 2003 saw the end of a five year war in which millions lost their lives one of the deadliest conflicts since World War II Despite recent peace agreements and democratic elections the country is still plagued by army and militia violence Congo remains deeply troubled since the deep rooted causes of conflict have not been adequately addressed The conflict in the DRC has divided opinion some call it a civil war or a war of aggression by the country's neighbours others a continuation of Rwanda's Hutu Tutsi conflict on Congolese soil and a war of partition and pillage The prevalence of rape and sexual violence has led some analysts to mark it out as a hidden war against women Tom Turner's insightful book reveals how each of these descriptions accurately captures the separate elements of this complex and multidimensional political conflict In exploring each of these contributory factors he shows how current attempts to rebuild the shattered state and society of DRC are doomed to fail So long as the full complexity of the Congo crisis is not taken into account and a clear consensus as to its precise dimensions reached the future looks bleak The DRC he argues will likely remain a global hot spot for some time to come
